Douglas MacArthur, Candidate for President

My dear Mr. de Aryan:

When I received today your air-mail copy of of THE BROOM dated July 21, I was both surprised and amused, when I read the open letter you directed to me under the heading "Is General MacArthur a Christian?".

I am amused at various misinterpretations which — under some apparently demoniac inspiration — you have placed upon my recent communication to you, in which I gave an eyewitness account of Daniel C. Kurts' "Christian Front" meeting held at Queens Village on Saturday, June 28, and called by him for the promoting of the candidacy of General MacArthur for the Presidency of the United States.

I am amused, because you seem to have completely missed the point of my real interest in that so-called "Christian Front" meeting. As a matter of fact, I am not in the habit of parading before the public my spiritual convictions and my theological associations; and I take no interest whatever in movements which allege a theological loyalty as a proof of possessing personal virtue.

My interest in that meeting was aroused purely and simply by my desire to defend and promote our American principles of Free Speech and Free Assembly. These constitutional principles were grossly violated by the New York Jew-controlled dailies, PM, Daily Worker and New York Post, who for a whole week long dedicated much space and glaring headlines to their demands that the announced "Christian Front" should not be permitted, because of its "un-American" character.

And as these sycophant newspapers sponsored and described at great detail the calling on Mayor O'Dwyer, Police Commissioner Wallander and several pliable New York City councilmen by some hypocrits, allegedly representing some intolerant Jewish, red, pink and colored groups, I felt that in the name of the Citizens' Protective League I should lodge a protest against such waste of time on part of our New York City officials, whose pay comes out of the New York City taxpayers pockets.

My criticism of those three New York newspapers had nothing whatever to do with theological matters. Certainly I never made a single mention of either Christianity or Christ and when you intimate that I took the name of Christ in vain, my reaction is — that you must be having a spell of very hot weather in California.

I repeat that it was merely my wish to inform your readers that this "Christian Front" meeting came off alright!

I continue to be amused over your excoriating me in an open letter and reading from my eyewitness account something that I did not mean to say.

I tried to make it clear that I took no sides regarding Kurts' "Christian Front" meeting or Kurts' advocacy of Gen. MacArthur's nomination for the Presidency of the United States. I neither expressed any views toward war.

But while on this subject, let it be stated here unequivocally that when comparing Gen. MacArthur's efficient administration of Japan during the last two years with Gen. Eisenhower's unbelievable chaos and misery created at the crossroads of Europe during the same period, my preference naturally would be in favor of MacArthur in opposition to the Jews who continuously boost Eisenhower as a candidate for the Presidency of the U. S. during the 1948 elections.

For your information I would like to point out that the veterans' march on Washington had been organized by the Communists and MacArthur simply complied with President Hoover's orders in driving them out, likewise it was on President Truman's orders that MacArthur dropped Atom bombs on Japan.

I can truthfully claim—after having seen and spoken a number of times to Gen. MacArthur during my visits of the Philippine Islands—that I do not believe that MacArthur would act as President of the United States as Franklin Delano Roosevelt did, whom Communists, Fellow Travelers, Pinks and other perverts now try to put on a pedestal beside George Washington and Abraham Lincoln, which place Roosevelt certainly does not deserve.

The great American writer, Walter Pitkin, said in 1940, in attacking the "New Deal" nonsense: "We need a rabble rouser for the right." Therefore it is no disgrace to be called, even by one's friends, a rabble rouser for a just cause.

And I continue to be amused over your statement "that I do not discriminate between what is Christian and what is brutal and foolish". How did you get that way?

And since you lecture me in an open letter, let me say this to you in conclusion. Don't you think you could travel farther and faster, if you learned to discriminate between friends and enemies in your excoriations?

I wanted to get this last thought off my chest for a long time and I trust you will receive this my reply to your open letter in the same friendly spirit in which it is written.

Most sincerely and cordially,
KURT MERTIG.

OUR HOPE LIES IN THE CHRIST

My dear Mr. Mertig:

Naturally, it struck you hard and so you have chosen to find humor in my "unmerited" excoriation of your connection with the "Christian Front" rally to nominate MacArthur for President. There was another time when I warned you against employment of that attorney who was such a good "friend of the powers that be" that he stuck you into Rikers Island in perfect "legal" fashion that precluded any comeback.

You see, the "demon" who inspires me is not a phantom of California's heat. Besides, here in San Diego we do not sizzle like those sinners in Los Angeles. Yes, they even create poison smog over there, they are that bad; so don't be misled. San Diego has ideal weather, cool mornings, evenings and nights with moderate temperatures at noon time. It's paradise compared to Los Angeles. That's why I am living here, the best is none too good . . . .

Had you followed my warning two years ago you would have saved money and many discomforts, but you had an idea I was cock-eyed. You had just suppressed a whole edition of THE BROOM, withholding it from circulation, because I "did not discriminate between friends and enemies". Already then I pictured the New York German-Americans in their true light which now is evident; they deserted you, too, and you carry the burden practically alone. I am always a few years ahead with my outspoken foresight. Had you then been concerned about freedom of expression in public, as an American institution, you would not have ditched that edition of THE BROOM.

We have arrived at a point in American history where reliance can no longer be placed in the men and women at the head of our government. We have to fall back on God, as our last resort. For this reason, the Christ begins to loom very important in our lives and we may as well take this matter seriously.

Your defense of MacArthur in comparison with FDR is ridiculous; as ridiculous as the employment of that attorney who was a friend of the powers that be. MacArthur is a highly trained mass-murderer and no sane person, when faced with the choice between Barabbas and the Nazarene will place his faith in the murderer, rejecting the Christ. **And every American is confronted with exactly this choice now.**

Our government is not run by the people, for the people, nor is it of the people. Theoretically, yes, but in fact it is run by Rockefeller and Baruch, for Rockefeller, Baruch & Cie. All the people do is foot the bill in goods, labor, money and lives. That being the case, the only remedy left now is **individual.** Individually, each has to choose his allegiance: God or Mammon.

We have to start from scratch.

Because it is the only salvation for the survival of this nation as a nation of the brave and the free, we have to be brave enough to face the facts and build on the foundation of our FAITH in God, not in mass-murder and the power of mass-production of war materiél. That is the reason why I "excoriate" all who take the name of the Christ in vain.

You disclaim guilt in that matter. Don't fool yourself. You distributed dodgers **inviting people to attend the "Christian Front" mass meeting to nominate Gen. MacArthur for President.** Perhaps you did not know what you were doing, as you did not know in the first instance two years ago when you attended a similar meeting and hired an attorney of the powers that be, as now you ask me what is wrong with MacArthur.

That MacArthur will be **ruthless with Russian Communists** in our midst, in contrast to FDR, is never doubted. But Communism is a state of mind, it is also a burocratic organization that **destroys the American form of government.** All MacArthur will do is supplant the Russian Communists with his own **military government** . . . . . .

The day has come for prayer, and in your own words, for "theological loyalty" to the Christ as the only opportunity for salvation. The mass of the people are cowards, are mobsters, are ignorant and know not God, nor trust in the Christ. They place their faith in "strong arms" and murder. Look at Europe, look at Russia, look at Indonesia . . . to save ourselves and our republic we have to return to reliance on the Almighty and **obey and worship HIM.**

Sincerely, C. LEON de ARYAN.

N. Y. Judge Dismisses Part of Case vs. "Friends of Democracy"

Main Part of Case Is Yet to Be Heard—Judge Simmons Retires at 70

NEW YORK, (Special).—Because he was to be retired from office at the legal age of 70 within a fortnight, Magistrate Maurice Simmons did not hear the full case of the complaint of Attorney Hallam M. Richardson for the People of the State of New York vs. the notorious smear outfit, "The Friends of Democracy".

For lack of time to hear the full case, Judge Simmons allocated for hearing only that part of the trial which concerned the allegation of libel by the "Friends'" paper, "Propaganda Battlefront", against Lawyer Richardson.

After about a week's hearings, the judge decided that the paper had not libelled Mr. Richardson and refused to send the case to the grand jury.

The major part of the case, that concerning the "Friends'" alleged libel of Gerald Bishop, (now held at Ellis Island although he swears that he was born in the United States), will come before another magistrate at a date to be fixed.

Lawyer Richardson has three courses available for the further prosecution of his grievance. He can ask the District Attorney to take the evidence before the grand jury; he can himself petition the grand jury for a hearing; and/or he can bring a civil action against Birkhead's company and group for damages.

Magistrate Maurice Simmons, a gentleman of Jewish faith, appeared to favor the defence, which, it is charged, was lined up with a host of Jewish and left-wing organizations and groups. The judge refused to hear much of the evidence that Mr. Richardson tried to present. He sustained most of the objections raised by the defense lawyer, Mr. Farmer. But the prosecuting attorney was a good sport and said that the judge was within his right in making his rulings, although he disagreed with them.

MacArthur vs. Eisenhower

What short memory some people have. Before Pearl Harbor they clamored for peace, against war. They say polls proved that 80% of Americans did not want war. They quoted scripture and statistics that war is a crime, never improved a bad situation, nobody ever won a war. But, no sooner did the conspirators succeed in creating Pearl Harbor, then suddenly all the laws and principles of the universe are wrong. War is the salvation of humanity. God is wrong and the Devil is right.

Methinks Americans are tetched in the head.

What do we find after the war? One of the chief conspirators, who, if the same rules were applied to him as were to the leading Nazis at Nuernberg, would be hanging by his neck as a war criminal for not having warned of the Pearl Harbor disaster . . . . he is now secretary of state because he is such an obliging soul who obeys blindly . . . .

And the two next in line, had Nuernberg rules been followed here, are now being groomed as dark horses for the presidency. It's to be a "ya, ya" election with the suckers choosing: **heads I lose, tails you win** — confronted by two military slaves of the Tory-Sanhedrin.

And what do the suckers say?

Why they say, we want MacArthur. Look how he managed Japan while Eisenhower destroyed Germany.

Suckers are always asking for more. What did these slaves of the war department do other than carry out orders? Einsenhower was ordered to follow the Morgenthau Plan and Clay did the same after him. MacArthur was ordered to re-establish the prestige of the Mikado and make Japan a semi-socialistic state. Hence, **Socialist Prime Minister Katayama was welcomed by MacArthur, and is free to nationalize Japan's industries** whenever the cartel-Tories, who run the Truman administration, give the word.

What fools these mortals be! First they are 80% against war. Then they give their children as a sacrifice to the thing they are against. And now they prepare to vote "ya, ya", for one of the two stooges of the cartel.

—oOo—

Protest the Morgenthau Plan

Dear Mr. de Aryan:

Would you please publish our demands sent to every member of the Senate and House of Representatives:

For more than two years and a half — at first alone, but later with some valuable assistance — I have been hammering away at the brutal and vicious Murder Plan that has been inflicted on Europe by and for the glorifying of the Jew Morgenthau.

I do not claim the sole credit for bringing about tribute to virtue which is implied by the present pretended abandonment of that Morgenthau infamy, but I feel that my "Cry in the Wilderness" has had some effect in the way of stimulating interest in this matter in the minds of persons who possess a heartier welcome than I do in the columns of the daily newspapers of the United States.

And I am especially concerned that at least some approach to adequate appreciation shall be given to the many magnificent efforts that have been put forward by your paper in the way of arousing the American public to the shame and disgrace involved in the Morgenthau program. Your fighting newspaper has been acting in the role of a "Good Samaritan" and has contributed heavily toward bringing about this supposed change in the policy of the U. S. toward stricken Germany.

Until peace will have been officially declared by Congress, I shall continue to carry on the good fight, and shall persistently endeavor to promote the publishing by both city and country newspapers of the demands which have now been systematically formulated by the German-American Republican League as follows:

We protest the conspiracy of silence imposed on humanity by the most inhuman of all victors and demand:

1) That a Hoover Plan replace the Morgenthau and Marshall Plans;

2) That a Central Control Board of competent and unbiased civilians, instead of military administrators, be created in Germany;

3) That the German people be allowed to put their own house in order;

4) That shipment to Germany of relief goods be permitted to be made by freight instead of at the prohibitively high parcel post rates;

5) That the German currency be stabilized;

6) That all prisoners of war be freed and an amnesty be declared for conscientious objectors and for civilian internees held for political reasons in Germany and the United States;

7) That the state of war be declared officially ended;

8) **That a separate and fair peace be concluded immediately with Germany and Austria!**

Christ's Church of the Golden Rule

LOS ANGELES,—On July 25 Judge Mathes was scheduled to hear Warren Olney III argue his case against Referee in Bankruptcy Benno M. Brink who had enjoined Olney from throwing a monkey wrench into proceedings. Olney appeared as attorney for five clients who had signed a "slave contract", divesting themselves of their rights as principals and assigning to him power to dictate to them. For once Brink refused to go along with the criminal mischief of Olney, especially since Olney is no longer a high mukamuk in the Attorney General's office of the State of California, . . . **the courts follow the elections,** you know . . . . hear ye, hear ye . . . . with the ears to the ground.

By a trick of memory I had imagined that Thursday was the 25th. So I had Fred stay with me overnight in San Diego to drive me down early on Thursday to catch the bus. It was not till I arrived at the closed door of the unlighted court room that it dawned on me Thursday was the 24th. Being used that nothing happens by chance, especially in connection

with Christ's Church, I started arranging my appointments by phone and also found that Olney had asked for a postponment of his hearing for September, I forgot the exact date.

Having free time on my hands, besides my appointment for a treatment by Dr. Melby, I discovered the residence of Dr. Anna Smock at 401 So. Westlake Ave., where she has established herself, running a rest home for old folks. She is an Osteopathic Physician and had been an important turning point in my life, as some of our old-timers remember who took THE BROOM 10 and 11 years ago when she was having offices in the Orpheum bldg., in San Diego. During the war she was in charge of wards at various hospitals and on relief ships all the way from Cairo, to Beirut, Bombay, South Africa and Australia.

Also called on Dr. George Starr White and many other friends and people. Then returned to San Diego.

WHAT THE POOR DEVIL FEARS

Saturday,—Made a marvelous discovery today.

Dr. Smock said Americans live too strenuously. And certainly, I am under terrific strain all the time. Taking it easy this afternoon, it is 6 p. m. now, I was inspecting myself to find what my ever present apprehension is. There is always a threat hanging over me.

I was washing my hands in the bathroom, preparatory to having supper, when I discovered . . . . . .

Why, I am afraid I won't be allowed to be myself . . . . .

That's the Damocles sword hanging perpetually over my head . . . .

You know when you die you see all your past life in a swoop, the film just unrolls in a fraction of a second. I know, because I died four times in this incarnation but came back each time to find I still was here, yet . . . the last time I was disgusted with myself, I had really wound up everything, ready to go and it was so sweet and lovely, then, I woke up and its still the same old mill . . . .

And, while washing hands in the little bathroom, what struck me most was that **even Dr. Hanish opposed my being myself. . .**

Dr. Hanish was the highest developed human I had met on this earth in the flesh in this life time. Of course, I met higher entities than he, but they are not incarnate . . . . so you can appreciate my surprise as I discovered that not even Dr. Hanish approved of me as I am . . . .

To thy own self be true and it follows then, as the day follows night, that you cannot be *false to any man* . . . .

Now this has been my guiding star . . . so why did old man Hanish join the army of those who were and are a threat to my individuality? He is gone now, but his teaching, which he called MAZDAZNAN, left an indelible impression . . . . and then I remembered that his successor, Emanuel Bachman, absolutely set his foot down to deny me the platform and the altar steps at the Temple . . . .

Fear . . . fear . . . what do we fear? Impending disaster . . . yes, after a fellow has gone thru hell all his life for daring to be himself . . . . . of course, he is senstive to dangers around him . . . .

But fear does not control me and it does not because I meet it with the Knowledge of God. God IS, is the ONLY reality, while all else is phantom . . . .

Yet, did they not **almost succeed** to stop publication of THE BROOM? They had me in jail, my family had me in an insane asylum when I was 18, and even Hanish opposed me time and again, **after I had refused to take ORDERS from him,** reminding him that I obey only ONE Master, MAZDA and there is no other master over me. Dr. Hanish signed his letters "master".

Now, is not life funny? Stand alone and mind thy own, hence can you be false to any man if you are true to yourself?

And so the battle is on. I am true to myself and how the world is trying to scare us into being its slave . . . . Yet, the joy of my life is to be as I am, what I am, this measures the value of THE BROOM. That's why the Immortals guided me to start this paper, because here in the U. S. A. I could be myself editing it. The whole nation guarantees me immunity and asylum, as editor I can be myself . . . .

Now if you are yourself you exercise your God-given, inalienable right. Inalienable! As long as you exercise it nobody can take it, it slips away when you dare not exercise it. What more can I ask of life than to be myself?

And so the thought came about the poor devil who fears he cannot be himself and schemes and conspires to fight all who oppose him. Poor devil, indeed . . . .

While I sense the fear of the devils who fight me and attempt to terrorize me into not being myself . . . . sure, that fear registers . . . yet, I meet it with the Knowledge of God's Presence and the poor devils have no power.

Yet, they fear, poor things and they scheme and cheat and terrorize all who don't know God and enslave them in fear and finally drive them to murder one another . . . How terrible . .

You see, the devil commits crimes and uses violence because he is afraid he will not be able to be himself . . . . Thus he schemes to get his adversaries before they get him.

My knowledge of God protects me because an **inalienable, God-given RIGHT** to Life, Liberty and the Pursuit of Happiness **CANNOT** be taken away from me as long as I exercise it. That's the secret. While I stand within the circle of my RIGHT, men and devils are powerless to budge me.

Fear . . . . if you yield to fear and give up, then you are lost.

The poor Devil has no recollection of eternal Love, Justice and Order. The Devil is a being who had been hurt so terribly, he is disordered in his mind. Recollection of ORDER of **eternal Order,** the voice of paradise, has been stilled in him. All he remembers is treachery and violence, the pain of it. Thus he has nothing to go by to redeem himself.

And that is the point. We have to redeem the poor Devil. When he meets a soul whom he cannot corrupt, buy, or scare; a soul whose Faith in the inherent goodness of the Devil himself is unshaken because even the poor Devil is a child of God, even though a wayward child; then you become an instrument for the redemption of that lost soul.

Hence Jesus said: Keep my Commandments. Two I give you: to love God with all your being and your neighbor as yourself.

Believe it or not, but many a poor devil, after he discovered that we cannot be bought, corrupted or scared, woke up and realized he was powerless . . . . but more than that . . . . he woke up **he had nothing to fear from us . . .** and this realization that he, even he, poor Devil could trust us to play fair with him, redeemed the poor fellow and a ray of light penetrated his disordered mind, brought a memory of the loving Father, our Father, his Father . . . .

HIGH COURT REFUSES REVIEW

LOS ANGELES,—The U. S. Supreme Court announced June 8 that it would not review its recent decision upholding unlimited police search of a private home and seizure of articles held to be incriminating with only an arrest warrant as authority.

Nine days earlier the American Civil Liberties Union had filed a brief assailing the Court's 5-4 ruling on the ground that unreasonable searches and seizures are forbidden by the Fourth Amendment. In its brief, the Union had declared: "Under the Court's decision a warrant for Arrest affords greater scope for search and seizure than a search warrant itself."

No Defense. Even if the U. S. perfected a defense system capable of knocking out 90% of the aircraft an enemy might send over this country, we could not defend ourselves in an atomic war. Six hundred atomic bombs would be enough to destroy the 200 most important cities of the U. S. and kill 14,000,000 persons and wound 14,000,000 more. These grave warnings are contained in "The Problem of Reducing Vulnerability to Atomic Bombs", a scholarly but terrifying book published recently by Princeton University Press. The author is Ansley J. Coale, research secretary of the Committee on Social and Economic Aspects of Atomic Energy.—The Progressive.

Right WORD — Right DEED

We Never Give Up, Freddy

Fred lives with his mother, but when he works on THE BROOM he rides his bike up to our house in the morning. Quite often he arrives in time for services and exercises. While Gladys was here, the three of us joined in prayers, followed by calisthenics on the breath, accompanied by appropriate songs to keep the rhythm, as well as the mind, on the purpose of the exercise.

After we had been seated, before starting the morning prayer of our service, **"May Mazda be rejoiced and His Associates continue to be victorious . . . . "** Fred spoke up.

"Daddy, suppose after a while THE BROOM fails to pay for itself; would you continue to skimp yourself, as you had been doing at times when income was low, just to keep it going? For your personal development you have proven your character, you stuck it out when the going was awfully hard. Would you subject yourself to hardships again? What for? If the people don't appreciate the value of what you are doing, why should you sweat blood to give them pearls way beyond their capacity?"

As Fred started, I had the impulse to cut him short. He showed with his first words the way his mind was running. But I am older now, so I listened to him patiently, let him speak out and formulate in words what bothered him.

"Fred, by starting out from negative premises you will never build anything worthwhile. I expected you to say, **'daddy, if you run short of money, David and I will start tithing so you won't have to go thru all the hardships you went thru to issue THE BROOM; while besides you had to feed us and send us thru school.'** Instead, you are already throwing up your hands and suggest that I do likewise if the going gets hard again."

Fred felt the sting and his eyes showed it.

"Yes, Fred, in spite of the fact that David has many obligations, he should start tithing immediately. We all have to pay our share for holding high the ideal that, as people hunger for it, they can find it clearly expressed in up-to-date language covering the actual situations of life. I am paying my tithe by donating my labor for values way above the capacity of undeveloped minds; yet it has to be done to supply the developing minds as they grow and need it.

"At times it looks awfully dark and bad. It appears as if there be no hope for individual liberty and progress when the government shackles us with burocratic rules, robs us of our income, controls the air waves, thru its postal monopoly boosts the medical poison peddlers and brands as criminals those who advocate natural remedies. Now that the U. S. A. has taken over the burdens of England's imperialism to tyrannize the world at our expense in lives, labor and individual freedom, it surely looks dark. Conceivably, the people may be too scared to support THE BROOM in its lone stand for Christian individualism that disdains the use of force to control the lives of peoples. But Fred, whenever THE BROOM fails to produce its own revenue then the fault is ours, mine."

"But, daddy, you are working faithfully. How could it be your fault?"

"When I was in jail and you took over THE BROOM while all these fake Christians were murdering one another, led on by the prayers of those harlot chaplains, and the screams of the dead and the dying cried to high heaven for mercy, did the sun stop to shine? Did the earth stop to turn? Were the laws of nature suspended? There was no end to universal functions. And finally I came out of jail. Should we have given up THE BROOM?"

"We both demonstrated our mettle, daddy. But why should we go thru it another time?"

"Because the sun has not stopped shining. Because children are being born, grow up and need instruction as their minds develop. Because we have a duty to perform. The Aryan race is in danger. The republic is in danger. You are counting those who cowardly and stupidly run and give up, who surrender to the Tories and the Sanhedrin. I vision the THOUGHT of Providence which inspired the Founders. They gave us the ground work. Are we going to desert our post just because the hardships are equal to the value of the thing we are creating? Did your mother not take a chance at dying to give you life? Should we not take equal chances to insure the life of the republic? Your mother's heroism did not consist in killing somebody, but in risking her own life for you. She won. You and David are building on the foundations we laid and we are building on the foundations of the Founders. Did Jesus not say that greater things we have to do. If he gave his life, can we do less? As Aryans we have to prove our genius. We have to demonstrate that **even one conscious soul is worth more than a whole world of material things.**

"Let the beasts murder one another for possession of the earth. And when they are dead, we and our kind carry on. The sun keeps shining. Each year the earth at spring time renews vegetation. Life never stops. Should we not build on the heritage of Jesus? Should we not add our share?"

Fred looked and his face showed determination. He had nothing more to say, so we started our morning prayer, **"May Mazda be rejoiced and His Associates continue to be victorious . ."**

Health Menus

By VIRGINIA S. LUST

Puree of Peas

Dried peas
Salt to taste
Small onion

Peas are well cleansed and set in cold water to soak overnight. In the morning drain all but one cup of water and add a small well chopped onion and salt to taste. Bring to a boil and cook until peas are tender. More water may be necessary, if so, add boiling water to prevent burning. Peas should soak up most of the water. When tender, mash and serve as a puree with sauerkraut, or as preferred.

Browned Sweet Potatoes

Boiled sweet potatoes (left overs may be used)
Butter

Melt butter and allow to become a golden brown. Cut the sweet potatoes (cooked or left overs) in halves and slice and heat in the butter until brown. Then turn around and brown on the other side. When both sides are browned, serve.

Apples and Peaches Baked

3 apples
Halved peaches
2/3 cup sugar

Core and cut large apples in halves. Using a good brand of peaches, place a half on each apple. Put a dot of butter on each apple. To peach syrup add sugar and water and boil. Pour over fruit, bake in a moderate oven for 45 minutes. Baste occasionally.

Breakfast: Apricots or plums, lightly stewed (no sugar), with cream; waffles or corn muffins and butter; cereal coffee or glass milk.

Lunch: Lentil soup; mashed turnips; stewed celery; buttermilk or coffee substitute.

Dinner: Lettuce, tomato, green peppers, onion salad, with lemon juice; baked sweet potatoes; string beans; carrots (steamed); nut loaf; cup custard; baked apple; coffee substitute.

Apricot Pudding

1 pint whipped cream
3/4 pound dried apricots
Vanilla
Sugar

Clean apricots well. Soak overnight in water. Cook in the same water until tender. Drain. Strain and add sugar to pulp. Whip the cream with some sugar and add a few drops of vanilla. Fold carefully into the apricot pulp. Chill and serve with macaroons.—Nature's Path.

Is There a German "Race"?

My dear Mr. de Aryan:

Page 12 of my new little book "Germania Delenda Est", will show that you were mistaken when you contemplated that I advocate a totalitarian state.

Most respectfully yours,
F. C. F. WEISS.

Pages 11-12: But that which a nation needs quite as badly as a healthy race is the existence of an Elite to lead it. And although Germany did not have an Elite such as that formed by the overseas civil service in England, it had its officer corps which unwaveringly and in total disregard of money or origins upheld its ethics and made good in the darkest days of Germany. And not by a flow of words or by force, as we are told over here, but by the living example and moral self-discipline of this ruling class, was it possible to the German dreamer to control himself and to keep ready for inward sacrifices. And if our Intelligentsia today teaches us to laugh at this German moral imperative (not at the one drummed into his head), at this true loyalty; if we confuse this with the intellectual compulsion of a program, then we can no longer understand the true meaning of Americanism. For the same self-discipline was at the root of our national movement in 1776. Without this "aristocratic" virtue as manifested by our "First Servants of the State" but by no means of our First **Serfs** of the State—our Founding Fathers could never have performed their noble deeds. And our Morgenthau-Catos will not stop with their cry before this German Ego and the very same American Ego is run down or submerged in a Red flood.

* * * *

ARYAN AND CHRISTIAN IS SYNONYMOUS

My dear Mr. Weiss:

Thank for your tenacity in pursuing the subject to clarify the distinction between a servant and a serf of the state. Yet, while you are presenting many points that ring true, you still skirt and evade in practice the full power of the truth. Therein lies our difference.

To help you appreciate that I am not prejudiced, merely a zealot in pursuing the truth to the end, may I call your attention to the fact

that you are comparatively an unimportant stranger to me, while I held my ground against the best friend I ever had in this short life span, in matters of pursuing principle. That will help you to appreciate my stand which has nothing to do with personalities. The man I refer to is **Dr. O. Z. Hanish,** an emmissary of the Zend-Aryan Temple Community "Beth El Kharman", to whom I am much indebted for my knowledge of Aryan lore and practice. Yet, wherever he deviated from principle to compromise with moronic practice and conditions, I took exception which continues even today since his followers, being unable to think and distinguish for themselves, stupidly maintain an attitude that excludes collaboration.

To start with, there is no such thing as a German race, no more than an American race. We are Aryan descendants, in larger or lesser degree mongrelized, yet the Aryan spirit prevailing which is the **aristocracy of self-discipline.** The only reason why in Germany and America the Jews are on the ascendancy and in Europe and Asia the Reds, is that we did not follow the **spiritual aristocracy of self-discipline** to the end. We compromised and placed our faith in brutality and violence. It is impossible to be part "aristocrat" and part serf to violence, and maintain independence of the spirit.

You have well put into words the secret and the gem that constitutes Americanism, namely the "voluntary discipline": **not to do to the other fellow what we don't want done to us.** That is what made America great, to the extent it was practiced. And as the practice was violated the Jews and the Reds took over. The same is true of Germany.

Yes, to the extent that the German nobility of the Junkers exercised Aryan self-discipline, that the nation prospered. But, the Junkers became profligates, mortgaged themselves to the Jews, betrayed the Christ thru reliance on armed might instead of the POWER inherent in the Golden Rule in practice, and Germany and America are tumbling awfully fast, so fast it's dizzy. The state in which Germany is found today is the very state of destruction, suffering and misery the U. S. A. will undergo in this generation. What we did to Europe and to Japan, we did unto ourselves, merely a matter of time for the backwash to strike home.

Thus, the difference between me, you and Dr. Hanish, is that I don't compromise. He extenuated the ancient Persians for going to war to "protect" their nation; he extenuated the military aspects of a "League of Nations"; he extenuated the feudal system which is rooted in military loyalty and service; he even extenuated the German faith in force, though as an apostle of peace, in theory he opposed it. On those grounds I am still holding myself aloof from your activities. You cannot rouse a mass of mules to be anything else but mules. The problem is individual, a problem of quality, not of quantitative organization.

We had had nine Zoroasters, or leaders and teachers of the white or Aryan race. Then came Jesus. Dr. Hanish was the latest. But all failed, except Jesus, to live up to the principle and never compromise against it. He fulfilled the law, never broke it. Hence, there is no hope for the Aryan except in duplicating the example of Jesus.

Neither America nor Germany, nor any other white people can escape the consequences of law violation. We are to lead: **through self-discipline.**

Sincerely, C. LEON de ARYAN.

Puncturing the Propagandists

By ELLIS O. JONES

Hearings before the House Judiciary Committee on the Stratton (R-Ill.) Bill to admit 400,000 "Displaced Persons" to this country over a period of four years, have brought out many interesting facts which the propagandists, mostly from New Deal sources, have wished to conceal.

Father O'Grady, representing a Catholic Relief group, after a long wandering harangue in support of the bill, was forced into the admission that a great many of the "displaced persons" coming into this country are rich and have been making themselves conspicuously obnoxious in the high-priced hotels and night-clubs.

A man named Hannah, connected with the State Department, who looked like a typical bull-necked labor goon, was compelled to admit that he didn't know much about the American camps where these DPs are now lodged in comparative luxury and have been for a long time, that he had not visited the camps or had any opportunity to study the personnel thereof.

While several of the other Committee members did some sporadic questioning, extra fine exhaustive work was done by the middle-aged sturdy Democratic **Ed Gossett of Texas,** who showed that he had made a profound study of the subject. He put his studies to excellent use in incisive and searching cross-examination of the two stellar exhibits, Secretaries Marshall and Patterson, of Kansas City Harry's cabinet no less. Both of these somewhat emphatic individuals appeared with rambling indefinite prepared statements. In addition Marshall had a special consultant who constantly whispered in his ear during Gossett's trip-hammer volley of pertinent questions, showing that Marshall was rather a second-hand mouthpiece than a bona fide witness. One of the admissions extracted from Marshall was that these DPs in American camps were better fed and housed than most of the rest of Europe.

Having seen Marshall's discomfiture, Patterson went far toward dodging a similar fate by entering a special disclaimer at the outset of any special knowledge of the matter. At one point in the questioning there was strong indication that he hadn't even read the bill he was sponsoring. Both these great men showed great relief when the ordeal was over. It was apparently the first time these office boys had been really put on the pan as they trotted around in the interest of Truman-sponsored legislation.

Among the number of facts brought out was that, altho but 20% of the DPs were alleged to be Jews, 75% of the refugees coming to this country are definitely Jewish. Among the points continually popping up during the course of the discussions are:

(1) If these DPs are not mostly Jews, why are the Jews working so hard to get them over here? On one occasion the Jew Celler quoted Matthew on the subject of being merciful. That brought a snicker from the audience. To hear this supporter of the Morgenthau Plan talking of mercy should have brought a guffaw.

(2) If these DPs are valuable as workers, why then should they not be more valuable to the devastated continent of Europe than to our own?

(3) If they are not valuable acquisition to our economy, if they are bums and malcontents and miscreants and ne'er-do-wells, then why should we be burdened with them when we have plenty of that kind here at home? Why should we become the dumping ground of the riff-raff of Europe only to tax the capacity of our jails, asylums, charitable institutions and pension rolls?

Altho most of the members of the Judiciary Committee are either against the bill or lukewarm towards it, the real valiant hero of the fight is Ed Gosseet, representative from Texas, who has been in there pitching fast ones at all times. In addition to his valuable cross-questioning, he wrote and delivered a full-dress speech upon the subject on the floor of the House. This has been printed and is being widely and enthusiastically circulated under the title: "A New Fifth Column or the Refugee Racket". Copies will be sent to all who write to Hon. Ed Gossett, House Office Building, Washington, D. C.

LOIS DEFENDS AGNES WATERS

Dear Mr. de Aryan:

Why did you spoil your perfectly good last week's edition by injecting into it that nasty tirade against Mrs. Agnes Waters?

Man alive! You don't know the tenth of all the good and patriotic service that woman has done here on Capitol Hill during the last quarter of a century while the rest of us slept. Truly, I believe that but for her and all their dirty Jew Bills she has killed in committee hearings by her exposures and by sending out telegrams all over the country, you would not now have a publishing business nor we a country.

I salute Agnes Waters as a fine, brilliant, loyal American patriot; and I think it is a shame for you to give her such a dirty blast. You have no conception of those filthy mobs from the foreign gutters that she has to face in those committee hearings where she goes to stand up for America. Where are the men who should be doing their duty at those hearings to spare the women such humiliation?

THEY'RE NOT THERE! THEY'RE AFRAID! Yet, the cowards that they are, they can run around the bush and squawk about the "hysterical women" who are taking up the cudgels because the men "have been weighed in the balance and found wanting". Of course the men will never acknowledge their indebtedness to the superior sex or to the supreme sacrifices of women — we don't expect them to, they are too egotistical and brutal by nature. But if America has a Joan of Arc, in my opinion her name is Agnes Waters.

Yours for Liberation from the Cursed Ones,
LOIS de LAFAYETTE WASHBURN

Editor's Note: Mrs. Washburn wants to make us believe that rabble rousing is "courage". The truth of the matter is that Mrs. Waters offers the stooges in Congress a nice out so that they can point:—they listened to "both sides" of the question. In both houses of Congress Mrs. Waters is known as a crackpot publicity seeker who has no political or other influence whatsoever. They indulge her as one indulges the village idiot who has become a familiar fixture. She is not only harmless to the deeply laid Sanhedrin-Tory plans, but exceedingly useful indeed. When certain bills were dropped, these were dropped for policy reasons and that Mrs. Waters also demanded it popularizes the village crackpot and the rabble follows her to the delight of the Planners. And when it becomes "patriotic" to have more war to protect the tory "investments" the patriotic she-goat Waters leads the sheep to slaughter. They are reconciled to the "inevitable" duty to betray the Christ and protect the Sanhedrin. She is no "Pacifist", she believes in armed force.

Economic Equity

By Chas. H. Ingersoll
(THE ORIGINAL $ WATCH MAKER)

Dear Kosti:

Thanks for your special copy of the 30th ult. with another installment of Economic Equity. And especially your p. s. which is a good example of your judicial capacity and disinclination to play any favorites, especially outside the line of truth and principle. I wish I might interpret this as showing a willingness to keep on dosing your heterogeneous crowd with economic principle.

Chas. H. Ingersoll

You will recall that on the occasion of Adams' libel of George and the altercation between us, I told him rather bluntly that he could best serve all concerned by staying in his corner of Washington political reports and not attempting anything relating to economics. His response was surprising effrontery claiming he was an economist plus many other things which I in turn denied. I don't want to make trouble for him as we are very good personal friends, and I think he's doing a good job for you. But I think you have a right to insist that he desist from embarrassing you in your own household, so to speak, meaning the principles to which you are committed.

Closing would say that I believe if you would take **'democracy'** as it comes every month, you could make selections, which like this one would be popular as well as give your readers needed instruction in fundamentals. On the other hand, if you would go back to our old status, I would be glad to mail you a special copy every week.

Kindest regards.

Sincerely yours,
CHARLES H. INGERSOLL.

HENRY GEORGE WAS AN ASS

Dear Charles:

THE BROOM does not blue pencil Washington Adams' column as a matter of policy. Only where he is giving us a black eye that hurts have we used our authority as responsible editor to censor his copy. In over 3 years this happened 3 times. Quite a record compared with how Hearst doctors the columnists.

Henry George did not awaken to the scientific nature of his discovery in economic doctrine. He was not a polisher of diamonds. His stone was peddled in the raw and he imagined he had to ally himself with Socialists to sell it. When he ran for mayor of New York on the Socialist ticket he made a sorry ass of himself. Adams cannot libel a politician who runs as a Socialist. The damned fool is beyond libel, in fact he kicked the legs out from under his own body.

THE BROOM is an American publication. As long as Adams writes interestingly on subjects he masters from the journalistic angle, why should we lay the law down on him? If he is fool enough to call himself an economist, when, as you say, he is not, it gives me a good laugh to see how he pulls your leg. Why don't you shatter him as I do the fools who wear the "Christian" mark? You just get mad and want him suppressed by the Boss when our heterogeneous crowd forms a tight circle, holding their breath to watch how you'll connect, if you are the better man.

Does this incident not illustrate why we carry so little of your stuff at present? Be a journalist, not a pedant, use your opportunities, you'll make good copy then.

Were I free to devote all my time to popularize economic science I'd make it interesting and readable, even romantic.

Sincerely, KOSTI.

A BINATIONAL JEWISH-ARAB STATE IS PROPOSED

JERUSALEUM,—Dr. J. L. Magnes, president of the Hebrew university, proposed to the United Nations Palestine committee the establishment of a binational state where Jews and Arabs would have "equal political powers, **regardless of who is the majority or minority".**

"We have no belief in partition for many reasons — religious, historical and political," said Magnes. "Indeed we regard partition as not only impracticable, but . . . as a great misfortune for both Jews and Arabs."

Magnes asserted that binationalism had never been "given a chance".

"Neither the British government nor Jewish and Arab leaders have ever made a determined and systematic attempt to make Jewish and Arab co-operation the chief objective of a major policy," Magnes contended.

LIFE IMPRISONMENT FOR EXPOSING COMMUNISTS!

(Continued)

On November 22, 1946, Chief Justice Bolitha J. Laws, of the U. S. District Court for the District of Columbia, dismissed the case in one of the most forceful decisions ever rendered from a Federal bench. He ruled—

The case was called on September 20, 1946, for the purpose of setting a date for trial.

On this occasion, Chief Prosecutor Rogge, being asked the third time in eight months the attitude of the prosecution, stated that there still remained in his mind the question whether there was sufficient evidence to meet the test of the Supreme Court cases . If these defendants are guilty, it would seem that any serious doubt as to their guilt would be resolved in more than five years of intensive investigation by able counsel and investigators of the Department of Justice . . . But where it appears, as here, there is serious doubt as to the success of the case, and that the defendants, because of long delays granted over their objections, cannot obtain a fair trial the court should exercise its discretion to deny prosecution. It would be both injust and unAmerican to do otherwise . . . Under the circumstances, to permit another trial, which conceivably would last more than a year, with new prosecutors and newly appointed counsel for defendants, with the eventual outcome in serious doubt, as Mr. Rogge has stated to the Court on three occasions, would be a travesty on justice.

Wm. Dudley Pelley

Thus ended the four and a half year Mass Sedition Trial. But where did it leave America's No. 1 Political Prisoner?

The challenging question immediately arises: If Chief Justice Laws dismissed the Washington case chiefly on the admittance on the part of the Justice Department that a conviction could not be sustained in view of Supreme Court decisions, wouldn't Pelley be entitled to relief from his Indiana conviction on the basis of these very same Supreme Court decisions? ¶ The question is fair and rational. How could a man be further held under a conviction whose illegality was vouched for by the Highest Court in the land?

From the standpoint of the fellow-travelers and Reds in governmental departments who are determined to see that their chief antagonist rots in a prison cell, the answer was simple. **Deny him access to the courts!**

The bitter pill for Pelley and red-blooded Americans to swallow is not that this nation harbors persons who would display such disregard and contempt for the Constitution itself, but that to date they have been able to make it stick! (To Be Continued)

Thoughts on Race . . . Will the White Race Disappear?

By WASHINGTON ADAMS

WASHINGTON, July 25 (Special) — In the N. Y. Times magazine of December 1, 1946, under the heading "In Years to Come", page 33, appeared the following item:

M A N

"By A. D. 4000 the race problems will all be solved. There will be one race in the world, with a pale coffee-colored skin, MONGOLOID eyes, rather shorter than the average Englishman of today."

—JOHN LANGDON-DAVIES.

While scientists are pretty generally agreed that if the white race continues to mix with the Mongols and Negroes, it will disappear into an Afro-Mongoloid group or type, nevertheless I doubt if many bio-ethnolologists will agree with Mr. Langdon-Davies that this mongrelization will apply to all mankind.

With the great race gone, there will still be the practically thoroughbred yellow-skinned, slant-eyed, black-haired Mongolians in Asia, numbering by then not less than 1,000 MILLIONS; and next to them in numbers the Indians of India, with close to 1,000 millions.

There is very little, if any, MIXTURE of Indians and Chinese, except in Indo-China and border territories.

Then there will be the black people of Equatorial Africa, whose extreme pigment was created by mother nature as an umbrella to protect them from the blinding sunlight of a sun-drenched world. They will remain black.

Northern Europe will be the last stand of the white man. If Mongols and Negroes had any brains (and a small minority do), they would insist that some whites remain in the world unmixed, so as to produce leadership for them, make their inventions, write the great books, and sing the inspiring songs.

There was a time, some scientists say, when the white race numbered only a comparatively few thousand persons, and were pressed by Asiatic hordes back up against the shores of the Atlantic ocean.

And yet, by brains, energy and the **preservation of their racial integrity,** they established a sort of "world supremacy" that enormously multiplied the thing we call "western" or "white" civilization,—science, art, learning, invention and philosophy.

White Protestants moved to the new world, TAKING THEIR WHITE WIVES WITH THEM, and the North American continent became European in civilization, and for a time the world's wonder!

White European Catholics moved to the South of us, leaving their women behind, and, obeying the insane commands of their priests, married Indians, and WERE SOON SWALLOWED UP IN MONGRELISM.

To compare North and South America in their peoples is like comparing day and night. Even the black Brazilians admit it.

Not all Catholics believe in mongrelism, yet most of the Roman church's leaders have joined hands with the RED BOLSHEVIKS in urging the breakdown of the color line, thus abandoning their own scripture in its command, "THOU SHALT NOT MINGLE THY SEED WITH A DIVERSE KIND."

Priests have quoted the scripture, "God hath made of one stock (or blood) all the nations of men". But they leave off the remainder of the quotation, namely, that **God "hath determined . . . the bounds of their habitations",** thus giving **scriptural authority FOR SEGREGATION!** (Acts 17:26).

Most scientists believe that it took Mother Nature a MILLION YEARS to EVOLVE the Nordic white race . . . . If the American whites would unite for their preservation AND REVERSE THE PRESENT MOTIONS TOWARD A NEGROID NATION, they could even yet save Americans from becoming a type somewhat like that described by John Langdon-Davies.

The United States could become the REFUGE OF THE WHITE RACE.

At present its perversion of its Constitution, its appeasement of aliens and blacks, and demagoguery, are steps toward early decay and ruin.

Editor's Note: Whenever "scientists" and "popular" writers in yellow magazines, especially, the Hearst press, indulge in stupid vagaries about the destiny of humanity and the disappearance of races, it brings home to us what fools men be who fail to take the Creator into consideration. Even Washington Adams writes: **"With the great (white) race gone . . . . "**

How quick to yield to the diseased mind of a brain-haired pen-pusher.

There are such things as Providence and the Immortals who direct the course of existence, even here on earth.

Could Providence not have foreseen the worst and taken precautions to fulfill the aims of the race in spite of the perverts whose religion is to ruin us, like, for example the criminal racket called the Roman Catholic Church?

In spite of the Pope and his "infallible" arrogance and stupidity, the earth still revolves; the white race will run its course, free itself from all Mongolian and African blood mixtures, **as the Third World War exterminates the mongrels and all its allied scum,** and out of the purified Aryan blood comes forth a new race, **the TRANSPARENT RACE,** with skin like alabaster and a divine devotion that produces peace on earth.

NATIONAL MADHOUSE

By MADISON MONROE

WASHINGTON,—Barney Baruch, advisor to failures, is a great man. He supported Roosevelt four times. He supported that other warmonger, Wilson, twice. It's about time he went away back and sat down on a park bench with the rest of the bums.

* * * *

Congressman Vursell (R) of Illinois says that Truman has converted "the office of the Presidency into a powerful lobby seeking to influence the actions of Congress" and that he "ought to register as a lobbyist". He says further that he has "broken his promises" made after last November's election to cooperate with Congress and that he has exposed himself as an ally of "the CIO and the left-wingers".

* * * *

The international Jewish cabal are terribly wrought up over a film production in Vienna, entitled "The Trial", dealing with Jewish "religious" practice of "Ritual Murder" in order to get Gentile blood for "symbolic sacrifice" in the annual barbarous "Feast of Purim". Although the authenticity of such savagery is established, Jews are at great pains to conceal the facts from the general public. Many mysterious and otherwise unexplained murders in various cities around the time of the "Feast of Purim" have been widely ascribed to this ceremony.

* * * *

BARUCH, ADVISOR TO WAR-MONGERS

Hitler's unpardonable sin, in the eyes of the Jews, was not in kicking a few of the obnoxious of the "chosen" around a bit, but in threatening the supremacy of the international Jew usurers, topped by the Bank of England, a private outfit, thru the Europe-wide establishment of an elaborated barter system. In speaking of the war, Barney Baruch, one of the wickedest of war-mongers of all time, was quoted in the Jewish owned N. Y. Times (9-15-39) . . . "in that event Germany's barter system will be destroyed". This seems to have been an unintentional spilling of the beans, not only by Baruch, but by the Times which excluded the reference from later editions.

St. Louis Post-Dispatch, 11-1-38: "The U. S. A. must speak out against foreign ideological invasion (that is, the barter system) of South America, in the only language the aggressor can understand—that of force." England declared war some ten months later.

In "Propaganda for War", Peterson, p. 267, Baruch's patriotism was indicated in the story that he admitted clearing $476,168 as a result of the slump following Wilson's peace offer. The N. Y. Times stated: "Sales of more than 300,000 shares force most violent slump in fifteen years." Baruch was not only on the inside, but helping to steer Wilson's moves.

Baruch forecast rationing in this land of plenty, when in Congressional Record (10-12-39) he is quoted as saying: "The government can say that if a man be called and found unfit for military service, but fit for other work in the essential lists (of industries) he must so employ himself or be **cut off from rations."**

Townsend Pension Plan 1948

Dear Sir:

Could you, or rather would you publish **Pelley's** procedure in pamphlet form, and include others similarly situated. I am of the opinion that there would be sufficent demand for same by announcing it, stating price, etc.

The article, "Townsend's '48 Sell Out", by Ellis O. Jones, I do not consider the remarks by Jones as appropriate and are not dealing with facts as the plan is now arranged. Furthermore of all the plans advocated and presently carried out the present plan is the only sensible of all of them, for most of them are class legislation, or arranged for certain classes only. Take the Social Security plan; it is a swindle; collecting dues from a number of people who will never receive a penny and need all the pennies they earn. Our pension plan in Wisconsin is rotten to the core, it is a steal. One of our pensioners who recently died and had been bed-ridden for about a year and had been completely disabled for several years received $32 plus a few cents, and in case you have a little property or a home you must sign it over to the county; it is the same as a mortgage. They foreclosed one against my neighbor a few years ago. Under the Townsend Plan at present the amount of pension received would vary some ranging from $75 to $90 per month. I am past 80 and am not receiving any pension, neither have I applied for any, I am still earning my living. Last year during haying I pitched some 30 loads of hay and again this year, I have grubbed about 60 acres of native timber with the grubhoe and ax. I have swung the cradle in harvesting grain; bound my station following the reaper, worked on every end of the threshing machine; cut maple cord wood for 65 cents a cord and paid $2 a week board while doing it; worked in the city grading streets, digging wells and worked at building. Since 24 years of age I have been connected in business and farming, with hard-earned money.

When I was 13 I worked in Neillville, Wis., in a stave factory firing a double boiler from 6 a. m. until 6 p. m. My school is filled with actual experience; I was interested in milking cows when a small lad of 6 and started then; I am still milking cows for a living.

Jones mentions the $200 per month—Doctor's first plan which has been scrapped long ago, and I told people then it would never see accomplishment—but not so with the present plan. I know it has been hard sledding but we do not need any knockers, as it is the most sensible of all pension plans, and is the only system to help solve unemployment to a great extent, at the same time keep money in circulation. We are blessed with too many educated fools today, educated—educators and dictators. They want to teach other nations democracy when we haven't democracy in our own country. What we and the rest of the old folks have built up, the war skunks are tearing down.

Yours respectfully, G. F. FISCHER.

Dear good Mr. de Aryan:

It was indeed most kind of you to print my brother's note of gratitude. Thank you. May I point out that the nomination of Kenneth Royall as Secretary of War, taking Patterson's place, by Truman is an insulting and very dangerous act, in my opinion. Royall, if that is his real name, is closely related to the slimy Red alias Johannes Steel, a Jew, saying he comes from Germany. Steel is **no** German name. That Steel is the brother-in-law of K. Royall, he married R's. sisters. It is clear to me now how Steel got the unusual, and some of them authentic statements, he used over the radio. He had vital help. I remember the abominable English Steel used, attacking America, he boasted this is an American citizen and he was. But—who let the so-called German in during the war? Had his marriage any connection with that? I am convinced of that. Why should Kenneth Royall with that putrid and dangerous connection be the Secretary of War for the U. S. A.?

I protested to Senator Ives yesterday, but—you know Ives. The American people have been sold down the river too long and too often.

Johannes Steel must be deported, Royall's appointment withdrawn.

The very small enclosure ($5) is an expression of gratitude. You will hear from me again.

Thank you again and again and again, L. C.

WHAT IS WAR?

By ELENOR YORKE

Dear Kosti:

I wrote this article quite a few years ago when I was fighting the war effort. However, it seems to apply to what's going on now. The powers that be are slowly but surely grooming the nation to be ready for a war with Russia. I'm still a pacifist . . . and feel certain the Russian people do not want war. Run this if you think it worthy . . . In the meantime,

Best always. ELENOR

Without ever having heard the roar of a cannon . . .

Without ever having seen the bedridden remnants of wounded soldiers . . .

Without ever having trudged thru muddy, slushy battlefields . . .

Without ever having choked from deadly gases . . .

Without ever having dodged falling pieces of shrapnel . . .

I know for certain—

War is Hell! Designed by twisted, fiendish, barbaric minds; social misfits not worthy of the privilege of living in a civilized world. War is a disease that spreads its deadly germ from nation to nation until all become contaminated and no one is left to exterminate it. War is the essence of evil! It involves everything wicked known to man from time immemorial — selfishness, falsehood, deceit, greed, hate and murder.

A nation at war ceases to progress spiritually and morally. It becomes a slave to death and destruction.

War is endless when any one power expects to win. BECAUSE NO WAR IS EVER WON. A military victory is no victory at all! How can one speak of "winning" anything, when countless minds are no longer capable of giving their richness to the world for the benefit of humanity; when thousands of hearts are torn asunder and crushed; when millions sacrifice their lives needlessly?

A world at war is a Godless, heartless, soulless, loveless world! While we still have our lives, let's fight—FIGHT not to win a war, but to win a battle over death and destruction. FIGHT with every ounce of energy at our disposal, for something far more tangible, more real, more sane, more civilized, more human. FIGHT, yes PRAY for **PEACE** TO RULE THE WORLD AND **LOVE** TO RULE MEN'S HEARTS.

MARRANO JEWS COMPLAIN OF PLIGHT IN EUROPE

NEW YORK,—Baptized Jews, of whom there are "tens of thousands in Continental Europe", are suffering starvation in a "no-man's-land" between Christians and Jews, both of whom ostracize them, the Rev. Herman R. Centz, general secretary of the "Hebrew Christian Alliance" of America, said at an interview here.

Christians, regarding these converted Jews as oddities, will not accept them, Mr. Centz said, while Jews shun them as renegades. Their plight has been made almost unbearable because of the scarcity of food. He said the Hebrew Christian Alliance is "not in conflict with the Jewish faith".

The Sedition Case

The United States Court of Appeals, in upholding District Judge Bolitha J. Laws' dismissal of the case last December, reprimanded the department for "lack of diligence" in prosecuting the case.

The lack of diligence on the part of the justice department arose from the fact that **it had no case against the defendants,** but nevertheless endeavored to hold them for years under the stigma of an indictment which it was unprepared and unwilling to try.

Seldom has the official power of government been so perverted and abused in an attempt to punish critics of the party in power as it was in the sedition case.

The defendants are not attractive people. They were not indicted, however, for anti-Semitism or other crackpotteries because those are not statutory crimes. Neither were they indicted because they had conspired to undermine the morale of the army and navy, which was the formal charge brought against them.

They were indicted because they were bitter critics of President Roosevelt, and because **they charged repeatedly in their feeble publications that he conspired successfully to involve this nation in a war which its people did not want.** Had it been possible to get a jury to convict these critics, the Roosevelt administration would have had a precedent by which to punish any one who disputed the official propaganda line of the New Deal war-mongers. That attempt failed because the conspiracy, which was alleged in order to transport the defendants for trial out of their own communities to the hostile burocratic atmosphere of Washington, did not exist. Whatever the defendants did, they did individually and not in concert.

The conduct of the Roosevelt and Truman administrations and of the government lawyers in the case was despicable. The motives behind that conduct have been made clear in recent months, as when O. John Rogge, the most vindictive of the prosecutors and the most unlawyerlike in his appeals to public prejudice when he could not win in court, reappeared on the Washington scene as the fervent counsel for a group of Communists and fellow travelers who were found guilty of contempt of congress for their refusal to give information regarding their treasonable activities. The conduct of Rogge and his tyrannous former superior, Biddle, **should be investigated by the bar associations** to which they belong and the courts before which they practice.
