What the Press Say of Dr. SIMMS, and his Large Book.

AMERICAN PRESS "This is a most valuable science to the world, and Dr. Simms, who has devoted his life to it, being its ablest exponent, has produced a work of inrinsic and we think of lasting merit." *The Examiner and Chronicle* (a religious paper), New York.

"The ablest book we know on Physiognomy is that by Dr. Simms, the greatest living reader of faces. His work is scholarly, logical incisive and profound, and should beread by every one.—*The Evening Telegraph*, Philadelphia, Pa.

"Dr. Simms has been known for more than twenty-five years past as the most profound physiognomist, instructive lecturer on faces, and unequaled in Europe and America as an author on Physiognomy. At present his large work is sellimg rapidly. It is esteemed for its purity of style and its wisdom, presented in logical and original form."—*The Daily Critic*, Washington, D. C.

"Dr. Simms has abandoned the lecture field after thirty years of unvarying success, and is now traveling in Europe, but persons who desire to obtain the advantages of his vast experience as a skillful and world-renowned physiognomist, can procure a copy of this highly instructive work, by sending two dollars in postoffice order to the Murray Hill Publishing Co., 129 East 28th street, New York."—*Hall's Journal of Health*, New York. "There have been but few authors on this subject. Aristotle, Porta, Lavater, and Dr. Simms are about all the original writers worthy of mention, and as Dr. Simms is the only one of this number who has devoted a life-time to this study alone, he therefore offers to the world the first system of physiognomy, elaborated and illustrated in his large book. The book is interesting reading, clear, thoughtful, and evincing great observation and study of all departments of life and forms in which it is domiciled. It is masterly in its treatment and should be in the hands of those who would know their iends and their natural enemies.' —*Chicago Evening Journal.*

"The reasonable and clear manner in which the Doctor has treated his subject is worthy of high commendation. The book is the production of a mind having a taste forthe study of nature, and like Descartes and Newton he takes a vast stride forward and formulates a new science, involving acute observation, wide experience in traveling, and vast research for truth in all departments of life. The book presents hundreds of signs of character, and cannot fail to give undying fame to the writer, and great practical and moral benefits to society."—*The Methodist*, religious paper, N.Y.

"Dr. Simms is a keen observer and an original thinker, and his agreeable and instructive lectures on Physiognomy have done much to awaken a general interest in the subject. As a public speaker, he is clear, humorous, forcible, and at times eloquent, and in private life he is esteemed for his genial and gentlemanly manners, and his high moral character." *Frank Leslie's Illustrated Newspaper*, New York, 14, September 1878. This paper gave Dr. Simms' portrait.

Friend of Woman

The very remarkable and certain relief given womankind by "Moore's Revealed Remedy" has won for it the name of Woman's Friend.--It is uniformly successful in relieving their delicate ailments.

Moore's Revealed Remedy

Stands peerless as the natural remedy peculiarly adapted to the wants of womankind.

WHAT ONE LADY SAYS.

SEATTLE, Jan. 20, 1891.

"I want you to publish my testimonial for MOORE'S REVEALED REMEDY, for it has been a grand thing for me, for it has cured me of headaches, from which I have suffered, whenever I became chilled, for the last fifteen years. I have suffered perfect torture for twenty-four hours at a time, sometimes retching for three hours without any rest, and unable to get help from any of the numberless remedies tried. Now I am free from this suffering, for at the first symptom of one of these attacks I take a good dose of "Moore's Revealed," and that is the end of it. It also has cured me of constipation. My husband says it has saved his life, and he would not be without it. We are both so happy over it we cannot say enough in its favor, and advise all our friends to use it." MRS. JAMES GLEASON,
Cor. 12th and Jackson Streets, Seattle, Wash

Do not trust people who never look you in the face, and who can't for a moment sit still or stand still. Dishonest people are usually restless people—not always, but as a rule. When people tell the truth they generally do it in a quiet way. They do not twist a handkerchief in their hands, nor spoil the fringe on the chair-tidy while talking to you.—*Firmness Oak.*

ONLY ME.

A little figure glided through the hall;
"Is that you, Pet?"—the words came tenderly:
A sob—suppressed to let the answer fall—
"It isn't Pet, mamma; it's only me."

The quivering baby lips—they had not meant
To utter any word could plant a sting;
But to that mother's heart a strange pang went—
She heard, and stood like a convicted thing.

One instant, and a happy little face
Thrilled 'neath unwonted kisses rained above;
And, from that moment, Only Me had place
And part with Pet in tender mother love.

Where the Bird Was Going.

In illustration of a curious sort of discriminating roguery which appears to be characteristic of the Maltese dealers, Mr. Hardy tells a story of a naval friend who stopped one Christmas time in the great market in Valetta before the stall of "a Joe" with whom he had had many dealings. The color of one of his turkeys, all trussed and ready for the spit, attracted him. The breast of the victim was of a bluish purple, the legs were scraggy and also discolored, but otherwise the bird seemed to have been well fed.

Pointing to it he asked, "How much?" Joe fell back, and beckoning him to him explained matters thus: "Dat not for you, signor; dat for de hotel." Then in a mysterious but impressive whisper he added, "He die."—London News.

Snails as an Article of Diet.

Upward of 100,000 pounds of snails are eaten every day by the residents of the gay French capital, the snail market being the busiest industrial mart in Paris. One "snailery" in the province of Dijon yields its proprietor 7,000 francs per year. At this place they are carefully reared in snail gardens and fed on an aromatic herb which gives them a fine flavor. Many Swiss cantons also have large snail gardens and depend chiefly on the people of Paris for a market. Snails are also used as an article of food in Austria, Spain and Italy as well as in Egypt and the other countries on the Mediterranean's southern shore. Hygienists claim that they are very nutritive, containing not less than 17 per cent. of nitrogenous matter.—St. Louis Republic.

RELIABLE AGENTS WANTED.

An Open Letter to Physicians and Capitalists.

The writer desires to meet an educated physician, well balanced in mind, of liberal ideas, a Spiritualist of the higher class, one who fully and clearly understands the relation existing between himself and spirit forces relative to the diagnosis and cure of disease. To such a party I will fully explain what I have in view, its objects and aims, its present and future prospects and what relation I desire to hold to same. It is desirable that such party should have some means to invest. I will unite with them in furnishing capital to start the building up, of an Institute on this coast, and near San Francisco, for the cure of diseases of the mind and body, and to perfecting our location so that it can be used as a Health and Pleasure Resort for Spiritualists and Liberalists. It is also desirable to interest one or more capitalists who will unite with us and co-operate in our work. To such I can demonstrate that our income will more than cover expenses and interest upon capital invested.

Parties interested in a work of this kind will please address, when a personal interview will be afforded them.

"The above novel form of illustration was designed by Dr. SIMMS, and is a fair example of the originality that pervades his writings."

JOSEPH SIMMS, the unrivaled physiognomist, who hás devoted his whole life to this subject,and for thirty years lecturing and examining individuals in the large cities of Europe, North America and Australia, with a success uneaqualed by any lecturer on human character. What the Press Say of Dr. SIMMS, and his Large Book.

AMERICAN PRESS "This is a most valuable science to the world, and Dr. Simms, who has devoted his life to it, being its ablest exponent, has produced a work of inrinsic and we think of lasting merit." *The Examiner and Chronicle* (a religious paper), New York.

"The ablest book we know on Physiognomy is that by Dr. Simms, the greatest living reader of faces. His work is scholarly, logical incisive and profound, and should beread by every one.—*The Evening Telegraph*, Philadelphia, Pa.

"Dr. Simms has been known for more than twenty-five years past as the most profound physiognomist, instructive lecturer on faces, and unequaled in Europe and America as an author on Physiognomy. At present his large work is sellimg rapidly. It is esteemed for its purity of style and its wisdom, presented in logical and original form."—*The Daily Critic*, Washington, D. C.

"Dr. Simms has abandoned the lecture field after thirty years of unvarying success, and is now traveling in Europe, but persons who desire to obtain the advantages of his vast experience as a skillful and world-renowned physiognomist, can procure a copy of this highly instructive work, by sending two dollars in postoffice order to the Murray Hill Publishing Co., 129 East 28th street, New York."—*Hall's Journal of Health*, New York. "There have been but few authors on this subject. Aristotle, Porta, Lavater,and Dr. Simms are about all the original writers worthy of mention, and as Dr. Simms is the only one of this number who has devoted a life-time to this study alone, he therefore offers to the world the first system of physiognomy, elaborated and illustrated in his large book. The book is interesting reading, clear, thoughtful and evincing great observation and study of all departments of life and forms in which it is domiciled. It is masterly in its treatment and should be in the hands of those who would know their iends and their natural enemies.' —*Chicago Evening Journal*.

"The reasonable and clear manner in which the Doctor has treated his subject is worthy of high commendation. The book is the production of a mind having a taste forthe study of nature, and like Descartes and Newton he takes a vast stride forward and formulates a new science, involving acute observation, wide experience in traveling, and vast research for truth in all departments of life. The book presents hundreds of signs of character, and cannot fail to give undying fame to the writer,and great practical and moral benefits to society."—*The Methodist*, religious paper, N.Y.

"Dr.Simms is a keen observer and an original thinker, and his agreeable and instructive lectures on Physiognomy have done much to awaken a general interest in the subject. As a public speaker, he is clear, humorous, forcible, and at times eloquent, and in private life he is esteemed for his genial and gentlemanly manners, and his high moral character." *Frank Leslie's Illustrated Newspaper*, New York, 14, September1878. This paper gave Dr. Simms' portrait.

Friend of Woman

The very remarkable and certain relief given womankind by "Moore's Revealed Remedy" has won for it the name of Woman's Friend.--It is uniformly successful in relieving their delicate ailments.

Moore's Revealed Remedy

Stands peerless as the natural remedy peculiarly adapted to the wants of womankind.

WHAT ONE LADY SAYS.

SEATTLE, Jan. 20, 1891.

"I want you to publish my testimonial for MOORE'S REVEALED REMEDY, for it has been a grand thing for me, for it has cured me of headaches, from which I have suffered, whenever I became chilled, for the last fifteen years. I have suffered perfect torture for twenty-four hours at a time, sometimes retching for three hours without any rest, and unable to get help from any of the numberless remedies tried. Now I am free from this suffering, for at the first symptom of one of these attacks I take a good dose of "Moore's Revealed," and that is the end of it. It also has cured me of constipation. My husband says it has saved his life, and he would not be without it. We are both so happy over it we cannot say enough in its favor, and advise all our friends to use it." MRS. JAMES GLEASON,

Christian Civilization.

The masses are poor, ignorant and disorganized, not knowing the rights of mankind on the earth, and never knowing that the world belongs to its living populations, because a small class in every country has taken possession of of property and government, and makes laws for its own safety and the security of its plunder; educating the masses, generation after generation, into the belief that this condition is the natural order and the law of God. By long training and submission the people everywhere have come to regard the assumption of their rulers and owners as the law of right and common sense, and their own blind instincts, which tell them all men ought to have a plenteous living on this rich planet, as the promtings of evil and disorder. The qualities we naturally dislike and fear in a man are those which insure success under our present social order; namely: shrewdness, hardness, adroitness, selfishness, the mind to take advantage of necessity, the will to trample on the weak in the canting name of progress and civilization. The qualities we love in a man insure his poverty; viz: generosity, truth, trustfulness, friendliness, unselfishness, the desire to help, the heart to pity, the mind to refuse profit from a neighbor's loss or weakness, the defense of the weak. Our present civilization is organized injustice and intellectual barbarism. Our progress is a march to a precipice. The Sermon on the Mount and natural justice can rule the world, or they cannot. If they can, our present ruling is the invention of the devil; if they cannot the devil has a right to rule—if they let him—but he ought not to call his rule Christian Civilization.—*John Boyle O'Reilly.*

Friend of Woman

The very remarkable and certain relief given womankind by "Moore's Revealed Remedy" has won for it the name of Woman's Friend.--It is uniformly successful in relieving their delicate ailments.

Moore's Revealed Remedy

Stands peerless as the natural remedy peculiarly adapted to the wants of womankind.

WHAT ONE LADY SAYS.

SEATTLE, Jan. 20, 1891.

"I want you to publish my testimonial for MOORE'S REVEALED REMEDY, for it has been a grand thing for me, for it has cured me of headaches, from which I have suffered, whenever I became chilled, for the last fifteen years. I have suffered perfect torture for twenty-four hours at a time, sometimes retching for three hours without any rest, and unable to get help from any of the numberless remedies tried. Now I am free from this suffering, for at the first symptom of one of these attacks I take a good dose of "Moore's Revealed," and that is the end of it. It also has cured me of constipation. My husband says it has saved his life, and he would not be without it. We are both so happy over it we cannot say enough in its favor, and advise all our friends to use it." MRS. JAMES GLEASON,

Cor. 12th and Jackson Streets, Seattle, Wash

THE

Spiritual Educational Movement.

Steps have been taken to organize an association to purchase

—The Ortega Rancho,—

ON WHICH

SUMMERLAND

Is situated, and hold it and its vast mineral deposits

For the Good of Spiritualism,

Such as the building of Colleges, Sanitariums, Mediums' Homes and such other projects for the good of the Cause as circumstances may determine.

This property, consisting of 810 acres and 1000 lots in the town of Summerland, Mr. Williams offers at less than ONE HALF HIS LIST PRICES, which are considerably below that for which surrounding land can be purchased.

The Committee of Citizens of Summerland are authorized by Mr. H. L. Williams to make the following offer to aid in securing the Ortega Rancho for the cause of Spiritualism. We feel as he does that no premium or other inducement should be necessary to inspire Spiritualists to work for this grand and practical undertaking for the cause, but as the shares are exchangeable for lots and property, this offer makes it possible for many poor Spiritualists to earn lots for a home.

1st. The subscriptions with the money must be sent to the Commercial Bank at Santa Barbara, California, to be deposited to the credit of the Subscriber in trust in the Summerfield Fund, to be returned by the Bank to the subscriber in case the Association is not formed.

2nd. The committee shall also be notified at Summerland, by the persons securing subscriptions that they may receive due credit for the number of shares secured.

3rd. For every ten shares secured, by any medium or other person, Mr. H. L. Williams agrees to deposit $10 towards this fund in full payment of one share for, and the share to be delivered to, the person obtaining the subscriptions when the Association is organized. This up to the limit of ten shares, all that one person is permitted to own.

Let every medium and believer having the interest of the cause at heart go earnestly to work immediately. Every Spiritualist should send to the Secretary of the Citizen's Committee for circulars detailing this remarkable offer to the SPIRITUALISTS OF THE WORLD, and acquaint themselves with a matter of great importance both to Spiritualism and themselves.

J. Warren Darling,
Z. T. Croop,
W. D. Wheeler.

The Sixteenth Session of six weeks will be held at Los Angeles, 130 South Spring street (Buchanan Therapeutic Institute), beginning on the first Monday of May 1893, giving full instruction in the Psychometric Diagnosis of Disease and Character, the Science of Sarcognomy, which embodies the only complete Physiology of Man, the Treatment of disease by Vital Magnetism, Psychic forces, and the new Electro-Therapeutics, with new apparatus, and Therapeutic Hemospasia (the sudden control of disease by change of atmospheric pressure). These sciences, qualifying for the treatment of diseases, are unknown in medical colleges, and are presented only in the College of Therapeutics. Fee for the course, $25.

Address the President, Dr. J R. BUCHANAN,
130 South Spring st., Los Angeles. Cal.

"The above novel form of illustration was designed by Dr. SIMMS, and is a fair example of the originality that pervades his writings."

1. Renwick Williams, the brutal monster, a woman stabber. 2. Napoleon I, The Great Emperor of France, from an original drawing by Carnes. Alfred, the Great, King of the Saxons in England, "one of the most perfect characters to be found on the pages of history." 4. Pompey, the Great, a distinguished Roman general and triumvir. 5. Constantine I, the great, the first Christian emperor of Rome. 6. Antiochus III, the Great, King of Syria, Media, Babylonia, and part of Asia Minor. 7. Theodosius, the Great, Emperor of thewhole Roman world. 8. Otho, the Great, Emperor of Germany. 9. Charles, II, the Great, Emperor of France, who successfully invaded Italy. 10. The Young Savage found in the forests in France.

Any ordinary observer will notice that no. 1, the brute, and no. 10, the ignorant savage, have heads taller and foreheads larger and higher than any of the worlds great men, from nos. 2 to 9 inclusive. Thestrong noses and powerful faces disclose the real character of the great men, while the heads of 1 and 10 evince tendencies to extreme conceit and idiocy respectively.

"PHYSIOGNOMY ILLUSTRATED,"

Just issued with improvements, the Tenth edition of this remarkable and successful book, containing 624 octavo pages, upwards of 300 illustrative ingravings representing persons of all nations, and embodying the only system of physiognomy that exhibits human character as revealed i nthe whole outward man, strictly in accordance with the anatomical structure o the body, by Dr. Joshua Simms, the unrivaled physiognomist, who has devoted his whole life to this subject, and for thirty years lecturing and examining individuals in the large cities of Europe, North America and Australia, with a success unequaled by any lecturer on human character. Price, (Postage prepaid) in cloth, $2.00. Address, MURRAY HILL PUBLISHING CO., 129 East 28th, Street, New York.

Also sold by GEO. ROBERTSON & CO., Melbourne and Sydney, Australia.

What the Press Say of Dr. SIMMS, and his Large Book.

AMERICAN PRESS "This is a most valuable science to the world, and Dr. Simms, who has devoted his life to it, being its ablest exponent, has produced a work of intrinsic and we think of lasting merit." *The Examiner and Chronicle* (a religious paper), New York.

"The ablest book we know on Physiognomy is that by Dr. Simms, the greatest living reader of faces. His work is scholarly, logical lucidus and profound, and should benad by every one.—*The Evening Telegraph*, Philadelphia, Pa.

"Dr. Simms has been known for more than twenty-five years past as the most profound physiognomist, instructive lecturer on faces, and unequaled in Europe and America as an author on Physiognomy. At present his large work is selling rapidly. It is esteemed for its purity of style and its wisdom, presented in logical and original form."—*The DailyCritic*, Washington, D. C.

"Dr. Simms has abandoned the lecture field after thirty years of unvarying success, and is now traveling in Europe, but persons who desire to obtain the advantages of his vast experience as a skillful and world-renowned physiognomist, can procure a copy of this highly instructive work, by sending two dollars in postoffice order to the Murray Hill Publishing Co., 129 East 28th street, New York."—*Hall's Journal of Health*, New York. "There have been but few authors on this subject. Aristotle, Porta, Lavater,and Dr. Simms are about all the original writers worthy of mention, and as Dr. Simms is the only one of this number who has devoted a life-time to this study alone, he therefore offers to the world the first system of physiognomy, elaborated and illustrated in his large book. The book is interesting reading, clear, thoughtful, and convincing great observation and study of all departments of life and forms in which it is domiciled. It is masterly in its treatment and should be in the hands of those who would know their souls and their natural enemies."—*Chicago Evening Journal*.

"The reasonable and clear manner in which the Doctor has treated his subject is worthy of high commendation. The book is the production of a mind having a taste forthe study of nature, and like Descartes and Newton he takes a vast stride forward and formulates a new science, involving acute observation, wide experience in traveling, and vast research for truth in all departments of life. The book presents hundreds of signs of character, and cannot fail to give undying fame to the writer,and great practical and moral benefits to society."—*The Methodist*, religious paper, N. Y.

"Dr.Simms is a keen observer and an original thinker, and his agreeable and instructive lectures on Physiognomy have done much to awaken a general interest in the subject. As a public speaker, he is clear, humorous, forcible, and at times eloquent, and in private life he is esteemed for his genial and gentlemanly manners, and his high moral character." *Frank Leslie's Illustrated Newspaper*, New York, 24 September 1876. This paper gave Dr. Simms' portrait.

Friend of Woman

The very remarkable and certain relief given womankind by "Moore's Revealed Remedy" has won for it the name of Woman's Friend.--It is uniformly successful in relieving their delicate ailments.

Moore's Revealed Remedy

Stands peerless as the natural remedy peculiarly adapted to the wants of womankind.

WHAT ONE LADY SAYS.

SEATTLE, Jan. 20, 1891.

"I want you to publish my testimonial for MOORE'S REVEALED REMEDY, for it has been a grand thing for me, for it has cured me of headaches, from which I have suffered, whenever I became chilled, for the last fifteen years. I have suffered perfect torture for twenty-four hours at a time, sometimes retching for three hours without any rest, and unable to get help from any of the numberless remedies tried. Now I am free from this suffering, for at the first symptom of one of these attacks I take a good dose of "Moore's Revealed," and that is the end of it. It also has cured me of constipation. My husband says it has saved his life, and he would not be without it. We are both so happy over it we cannot say enough in its favor, and advise all our friends to use it." MRS. JAMES GLEASON.

THE

Spiritual Educational Movement.

Steps have been taken to organize an association to purchase

—The Ortega Rancho,—

ON WHICH

SUMMERLAND

Is situated, and hold it and its vast mineral deposits

For the Good of Spiritualism,

Such as the building of Colleges, Sanitariums, Mediums' Homes and such other projects for the good of the Cause as circumstances may determine.

This property, consisting of 810 acres and 1000 lots in the town of Summerland, Mr. Williams offers at less than ONE HALF HIS LIST PRICES, which are considerably below that for which surrounding land can be purchased.

The Committee of Citizens of Summerland are authorized by Mr. H. L. Williams to make the following offer to aid in securing the Ortega Rancho for the cause of Spiritualism. We feel as he does that no premium or other inducement should be necessary to inspire Spiritualists to work for this grand and practical undertaking for the cause, but as the shares are exchangeable for lots and property, this offer makes it possible for many poor Spiritualists to earn lots for a home.

1st. The subscriptions with the money must be sent to the Commercial Bank at Santa Barbara, California, to be deposited to the credit of the Subscriber in trust in the Summerfield Fund, to be returned by the Bank to the subscriber in case the Association is not formed.

2nd. The committee shall also be notified at Summerland, by the persons securing subscriptions that they may receive due credit for the number of shares secured.

3rd. For every ten shares secured, by any medium or other person, Mr. H. L. Williams agrees to deposit $10 towards this fund in full payment of one share for, and the share to be delivered to, the person obtaining the subscriptions when the Association is organized. This up to the limit of ten shares, all that one person is permitted to own.

Let every medium and believer having the interest of the cause at heart go earnestly to work immediately. Every Spiritualist should send to the Secretary of the Citizen's Committee for circulars detailing this remarkable offer to the SPIRITUALISTS OF THE WORLD, and acquaint themselves with a matter of great importance both to Spiritualism and themselves.

Friend of Woman

The very remarkable and certain relief given womankind by "Moore's Revealed Remedy" has won for it the name of Woman's Friend.--It is uniformly successful in relieving their delicate ailments.

Moore's Revealed Remedy

Stands peerless as the natural remedy peculiarly adapted to the wants of womankind.

WHAT ONE LADY SAYS.

SEATTLE, Jan. 20, 1891.

"I want you to publish my testimonial for MOORE'S REVEALED REMEDY, for it has been a grand thing for me, for it has cured me of headaches, from which I have suffered, whenever I became chilled, for the last fifteen years. I have suffered perfect torture for twenty-four hours at a time, sometimes retching for three hours without any rest, and unable to get help from any of the numberless remedies tried. Now I am free from this suffering, for at the first symptom of one of these attacks I take a good dose of "Moore's Revealed," and that is the end of it. It also has cured me of constipation. My husband says it has saved his life, and he would not be without it. We are both so happy over it we cannot say enough in its favor, and advise all our friends to use it." MRS. JAMES GLEASON,

THE

Spiritual Educational Movement.

Steps have been taken to organize an association to purchase

—The Ortega Rancho,—

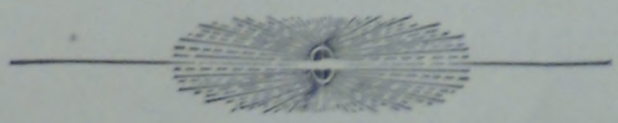

ON WHICH

SUMMERLAND

Is situated, and hold it and its vast mineral deposits

For the Good of Spiritualism,

Such as the building of Colleges, Sanitariums, Mediums' Homes and such other projects for the good of the Cause as circumstances may determine.

This property, consisting of 810 acres and 1000 lots in the town of Summerland, Mr. Williams offers at less than ONE HALF HIS LIST PRICES, which are considerably below that for which surrounding land can be purchased.

The Committee of Citizens of Summerland are authorized by Mr. H. L. Williams to make the following offer to aid in securing the Ortega Rancho for the cause of Spiritualism. We feel as he does that no premium or other inducement should be necessary to inspire Spiritualists to work for this grand and practical undertaking for the cause, but as the shares are exchangeable for lots and property, this offer makes it possible for many poor Spiritualists to earn lots for a home.

1st. The subscriptions with the money must be sent to the Commercial Bank at Santa Barbara, California, to be deposited to the credit of the Subscriber in trust in the Summerfield Fund, to be returned by the Bank to the subscriber in case the Association is not formed.

2nd. The committee shall also be notified at Summerland, by the persons securing subscriptions that they may receive due credit for the number of shares secured.

3rd. For every ten shares secured, by any medium or other person, Mr. H. L. Williams agrees to deposit $10 towards this fund in full payment of one share for, and the share to be delivered to, the person obtaining the subscriptions when the Association is organized. This up to the limit of ten shares, all that one person is permitted to own.

Let every medium and believer having the interest of the cause at heart go earnestly to work immediately. Every Spiritualist should send to the Secretary of the Citizen's Committee for circulars detailing this remarkable offer to the SPIRITUALISTS OF THE WORLD, and acquaint themselves with a matter of great importance both to Spiritualism and themselves.

J. Warren Darling,
Z. T. Croop,
W. D. Wheeler.
