

THE GOLDEN DAWN

CITY-OF-THE-SUN FOUNDATION

Number 6

ETHERIC PATTERN OF THE CITY OF THE SUN

Truly I say unto you that a city of Light substance envelops this present area in which, it is planned, shall be manifested a focus visible unto man. Great is the splendor of angelic ministrations, radiating from the Temple on High which holds the pattern (in its immaculate concept) of the City of the Sun-to-be.

May the vision of its perfection be enshrined within the hearts of those who are to share in its glory, as they respond to their inner direction and, in faith, steadfastly move toward its accomplishment to the outer vision.

The pattern is being lowered and shall form a matrix about which are to be woven the threads of Light Substance to form the impregnable core of the Sun City. The threads reach out to the ones who are a part of the integral whole and shall one day be gathered together for inter-weaving into a garment of Light, which shall clothe the earthly counterpart of the Holy City of this area.

All these are being drawn as if by a spiritual 'magnet' for the fulfilling of the plan which they envisioned before coming into present embodiment. Thus, in their hearts is the desire to bring into earthly manifestation a nucleus for the heavenly abode of Light and Power wherein Love is the keynote to the Father's Kingdom.

MASTER AND DISCIPLE

Discipleship is the learning to walk ever closer with the Master. A disciple is more than one who follows a teaching or doctrine. A disciple merges and aligns himself with the Master that this Life pours through him. Thus it is that the disciple, through receiving the One Life of God from the Master, is brought to a flowering in himself, not a copy of his Master as a replica but as his own true Self comes into being. Along with this and as a result of it, though they are so inextricably bound that there is no discernable sequence of cause and effect, the disciple is a channel for and conduit of that divine Life force to others. In linking others to himself, he inevitably links them to his Master, to form an unbroken link in the chain back to God, a stream of clear living water of Life from the God-head to whomever will align himself with it.

As Jesus the Christ, Messiah of God our Father - Creator, I offer Myself to be as a river of the living water of our Father's pure stream of Being. In me that clear stream takes on differentiation, yet such a differentiation as adds to the rainbow colors of God's manifestation in form. The differentiation of self-willed ego-centric man is no fit color to become a part of God's glorious spectrum.

As man learns to open himself to Me that I may become for him as a pure inflow of God's living water, His matchless Grace, man shows his true color as it is freed from the accumulated sludge of his past self-centered life. You may also think of man at last sounding his true note in the symphony of God's cosmic sound.

Think in any way that brings the picture of regenerate man at last cleansed of self to join God's Company, His Family. I AM come that man might achieve this in ways not possible heretofore. Seek Me, cling to Me, become absorbed in Me for your usefulness to God and to man.

THE ANGEL GAYLO TELLS US TO FOLLOW THROUGH ON THE PLANS GIVEN US IMMEDIATELY

I, the Angel Gaylo, come to you this evening, drawn by your desire for the truth. I come to you bringing gems of knowledge that might help you in these times of crises, for the earth is in a time of planetary crises. The time of transition is upon the Earth.

What I have to say to you tonight, I would say to all mankind if I were given the chance, who will have the courage to put these truths forth. You, as Light students, must claim your mastery. We of the Hierarchy, of the Angelic realm, have spoken words of love, words of brotherhood, words of peace to you for years now. You in turn have spoken these words to the masses. Much of this has fallen upon deaf ears.

The time has come for action. Each of you holds within your heart certain plans on which you are waiting -- you have been waiting to bring forth. Wait no longer. Wait not for this confirmation, for that confirmation. Act now. Be not afraid. We of the Angelic realm are with you at all times. The Masters are with you at all times. There are certain things which you of your own incentive must bring forth first. We can only prompt you. We can guide you here and there. But the time has come when you who have for so long been seekers of the Light, to be the Light. You must no longer say, 'I have found the Truth', or even, 'I have found a truth'. You must be the Truth. You are being prepared at this very moment for your ascension. It is much closer at hand than any of you have suspected.

We have been trying to bring these truths forth through the channels of the Light groups for some time. Many of them have pushed these very words I speak to you now away for fear they were their own human thoughts, their own human inventions, the manifestation of their desire for freedom. God wants you to have every good and perfect thing. The desire for freedom is the desire of God pouring forth through you. The greatest service that can be rendered is rendered in a state of the higher octaves. Many call this the ascended state. Now, each one of you here, is being prepared at this very moment for a greater service on this plane.

We cannot say when this will be. It is for you to act now. Things must be brought forth on this earth before you will transcent this plane. Each of you holds within your heart certain plans. Do not wait to put these into action. The time is now. The work must be done.

As has been stated before, you are held karmically responsible for any service you volunteer for, until another comes to take your place. Yes, this is true but the fact is that each one of you is more qualified than anyone else for the job and the service you now hold, you now seek to fulfill. Each of you have been given certain plans and certain instructions. If you choose not to follow through on these instructions, another could come and take your place, but there would be delay. There would be delay in the fulfilling of the plans that the Father has given and entrusted to each one of you at this time. You must follow your own intuition. Each of you is a God or a Godess. The time to realize this is now. These are the latter days. Do not look here or there for guidance, for instruction, for inspiration. Look within, look deep within your own heart centers, and everything you need to know, to bring forth the plans that have been given you, will be revealed. Do not seek information from another. Your Master-teachers are ever present. They are always around you. Look within; look into your own heart. There you will find the answers. Follow your feelings. If you have a certain feeling to do a certain thing, go ahead with it. If it is not the right thing, this will be made clear.

You desire to serve at a time so great that you become, shall we say, aroused, and it is hard for you to act clearly. Simply follow these feelings. Trust in the help that is being given at all times. Do not be afraid of making a mistake. The way will be made clear but you must, first, take certain steps in your own initiative. This is the law. Help is always forthcoming. Always, unseen, unfelt, unheard around you are many guides and teachers. They guide you always. You are not aware of your guidance. Many times you have an idea that is given to you from a Master at that very moment. You are not aware of this. The Master, by his own will, does not let you be aware of His presence, but you must act upon these plans that are given unto your keeping. The time is now.

I go now in peace and love, yet I, the Angel Gaylo am with you always.

WAYNE: Are you the same Angel Gaylo who used to come to us in the SOLOGA meetings

when you were always so full of humor and gayety?

GAYLO: This is the same Gaylo. The spirit of humor is still within me. If it was not such a time of planetary crises, we could have much fun, you and I, but these times will come again. Thank you for remembering me.

POST SCRIPT:

The Angel Gaylo often visited us, and her sole objective seemed to be to bring joy and gayety into our meetings, she was so full of wit and humorous remarks. One might think she had nary a serious thought in her head, hence my question if she was the same Gaylo who used to visit our meetings back in Florida. Our channel at the time was clairvoyant as well as clairaudient.

On one occasion, while Gaylo was speaking words of mirth and humor, the channel observed clairvoyantly Gaylo's antics. Gaylo was embelished with a halo over her head. At the psychological moment, her halo would slip way down by her right side. She would very dramatically shove it back on top of her head. Then it would slip down by her left side, and again she would shove it back up in place.. Up and down it went several times, and those present were in stitches with laughter as the channel described these antics to us. How gratifying it is to know that those in the higher realms can be very 'human' as they reach down to our level of existance.

YOGANANDA AND GLORIA LEE

Lesson No.4 Channel: Sari

You have been taught that you have seven bodies. Actually you have nine units of energy, or nine bodies, so-called. In truth, you were not evolved to the point of understanding those two bodies, but since many of you are learning how to align your seven bodies, we can tell you something about the other two, tho' we cannot elaborate until we see how you are evolving.

The two higher bodies are comprised of Light. This means they are comprised of Ether or God Substance, and those bodies function with very high rates of frequency straight from the Godhead. If you use this Energy before you are ready for IT, IT can do more harm than good, only due to its great potency. Your other bodies must be ready to receive IT, you see. These two bodies are the essence of your own Christ Center and have to do with the neuroendocrine system in the pineal gland in your Superconscious mind area, and the other, second body, has to do with the Mercury Arc Valve in your Pituitary gland that may be likened to your Ultraconscious mind area. And may we remind you that what your medical men call synapse in your brain is likened to space stations within, that is that dividing place between planes of consciousness. Just as your planes and trains need stations and your ships need docks, so does your mind need stopping-off places. Now the Leyden gland is a tributary station.

Really, there is very little of you that is physical. As you know, the physical is the shell that furnishes temporary housing for your soul as it learns and grows to expand the spirit, until the entity becomes a pure beam of Light to grace the Father, but this usually involves millions of training years. In the last analysis, when you do 'arrive', you have become the pure child living once again in your original Father-Mother's abode which is the heavenly state of consciousness.

Your dense or physical body requires food grown in Earth soil, but your higher bodies require what you call cosmic food, that is, God-substance. This substance operates with potent Light and therefore with very high rates of frequency, not umlike your electricity. Chelas, there is but one way to evolve: Feed your whole body. Give equal attention to nurturing all seven bodies and the other two will align themselves, when you are ready.

Your pineal eye cannot function without light, so if you will open this eye, focus light to this mind area. Skull and brain houses the mind so long as you reside in the earth body. But before you open up your chakras, learn about them. Learn all about your

seven bodies and how they are correlated to the other two bodies and how these nine units of energy must harmoniously function, for perfect balance. When you reach the point of harmonizing your bodies, it will be a memorable experience because all will be in tune, and not possible to become ill again, for not a single discordant note can your higher bodies 'play'. Being in harmony with Nature, all of those old discordant notes such as envy, jealousy, hatred, hostility, greed, human ego competitiveness, anger, illness, war, and chaos can no longer operate because you will be operating in your higher body where only a high voltage of Light permeates and shines through. You see, by then, your dominant spiritual body will have nullified the low voltage in negativism. But each of you must earn this coming tremendous experience, but how can you earn it without first learning how?

Many instructors are reaching many channels upon your planet at this time to show you how to evolve. So develop inner sight that enables you to 'see' the real you. This is a glorious goal to reach. Now, as you evolve, you step up, so-to-speak. And as you step up, you naturally draw forth more Light. With more Light, you operate with higher rates of frequency, do you not? In other words, you are all slowly rising beyond the low vibrations of illness and negativism, but you must work hard at this. Did you know that illness is actually caused from frustrating your higher bodies? When you do not function with cosmic rhythm, you are out of tune with Nature. All illness is caused from your own discordant notes which you composed -- not Nature's composing. Be sure you understand this, chelas. It is a lack of cosmic rhythm that causes malfunction of your mind and body -- 'mal' meaning negative.

When you align, your motor will purr instead of ping. When you align your nine bodies with harmonic vibrations the way Nature intended, you permit God-vitality or Vital Force of life to flow through you. Actually, as knowledge increases, you will be told there are even more bodies. We are ever evolving. Only negative thoughts can dam the Vital flow. God does not stop the full life flow. You do! Too, your physical body is a vessel designed by the Creator and this vessel shall not be plluted, so learn about those purer foods that operate with higher rates of frequency. Be careful of your intake for each body.

By opening your so-called valve in the pituitary, you permit your bloodstream, that is, lifestream to flow like a clean river. Your cells and molecules, and all within your magnificent structure, will receive purification. Then all within will normally function because the composite body will be in harmony with Nature's rhythm. This will also harmonize your planet. There is no way to brcome one with the All without achieving harmonic balance.

So open up and receive the Power. Let God take over all of your nine bodies, for the human ego did not do such a good job, did it? Your two extra bodies were of course im-planted within you at the time of your first birth, just as your third eye was implanted at first birth. But you must evolve to that degree of comprehending what these are for and how they work in correlation with the rest of you. You must understand all bodies' function before you can use them, else you get the cart before the horse, and methinks you are all weary of that route. So I am here to give you readers a little push in the right direction.

Some of you feel that you are not doing your bit in this great Plan. I tell you truly, when you students project Christ Light daily, you are playing one of the most important roles in your history! Because you think you do not have any specific duty does not mean that you are not important. If you project Light, you are every bit as important as the 'star' of this great Show--the greatest show on Earth! You know why you are so important, students? Because you are serving God. By projection of Light, you build bridges to freedom. It is in the learning and the doing, in the giving without expecting returns that free you from bondage. Turn up thy Light on your darkest days; and what is this darkness but ignorance that lies in the dark corners ready to pounce on you. Strike 'him' down with Light. Be Light, so that dark shadows melt away. Do not hide your

shadows; melt them. Dissolve them. Be the lamp unto the night. Oh, do feed each and every thought with the energy of Christ Light. Thoughts of love and kindness is what gives vitality to Light. Therefore it is your positive thoughts that will evolve you.

And now, I have a big surprise for you but I see she is too eager for an introduction: "Everyone listen. I am Gloria Lee! When I heard that a Mother Ship from Jupiter was relaying a lesson to Sari, I asked if I might get in a word or six. So this my chance to tell you that back in 1959, when I was in my physical body there on Earth, I wrote a book dictated by the Director of Jupiter, "J. W." It was called, WHY WE ARE HERE.

Let me tell you that nobody was happier than I the day that book was published because I thought that wonderful message would awaken mankind the world over, but I was wrong because I had to learn that everyone has to awaken at his own rate of speed. Not until I made my unexpected transition did I realize that my premise was too evolved for orthodox religionists and the 'prissies'. If it had been written today, my book would have been accepted and widely read too! And this is why I had to break into this discourse. If any of you can re-activate my book, WHY WE ARE HERE, I will certainly appreciate it. It'll be understood at this time. I see I was too anxious before to get my premise across.

Be that as it may, it turned out that my beloved work in Cosmon and my writings was part of my own awakening and search for the fullness of Truth as I'd know Truth on my home planet, Venus. I thought my job on Earth was off to a good productive start when I suddenly made my transition during a fasting experiment. I wanted to go straight to the President of the United States and inform him that UFOs were for real, but I see now the government wasn't ready either to hear the truth in those days. But anyway, I am now accomplishing much, much more. I tell you though, I travel so much, it's a wonder they don't call me ' Yorty'. Look! When trouble brews, I zing right to the dark area and help to clean it up with Light. And you know what? Some of that Light I use is manufactured by you folks! Oh how I love my work. Without fear I oar into the 'jungles of the mind' and clean it up. What a mess! And me? I always come out smelling like a rose. Please! Won't more of you channels contact me? There is so much I must say, some of a political nature. Honestly!

Well, beloved Yogananda gives me the 'go now' sign. Please help get my book, WHY WE ARE HERE going again. Thanks. Goodbye. Bless you all. I am Gloria." ..... And I am Master Yogananda closing this discourse with love. Until we meet again in the very near future, project more Light. Yogananda bidding you a short farewell.

"J. W." OF JUPITER SPEAKS TO US.

I, "J, W." of Jupiter wish to come to you tonight. Many of you students of the Light, those who have been learning the truth about life on other planets, are familiar with my book, WHY WE ARE HERE (now out of print) that I wrote through Gloria Lee who is now in the transition state. She was taken,after extensive fasting, to the etheric realms and is now on Venus.

This is my first attempt at coming through a new channel. As you know, Jupiter is a planet that does not reach the earth planes as often as the others through mental telepathy, through other means of communication,and you do not see our ships in the skies. We are, as you might say, a little aloof planet. We are doing very great things scientifically.

Many of the things that we use, in which you would call every day living, on our planet, would seem fantastic and almost unreal on yours. We uphold the teachings of God, the teachings that Jesus gave to the world. Many of you may not realize and know that Jesus-Bananda came from Jupiter to planet Earth. His last days which will reach the 2.000 year mark since his feet trod upon the planet earth. Our forms are not like yours, but we have to project ourselves adcording to your concepts of us, because, as you know, much on planet E rth, through what you can define in your mind's eye, as it were. Many times,

seven bodies and how they are correlated to the other two bodies and how these nine units of energy must harmoniously function, for perfect balance. "J. W." OF JUPITER SPEAKS TO US.

I, "J, W." of Jupiter wish to come to you tonight. She was taken,after extensive fasting, to the etheric realms and is now on Venus.

This is my first attempt at coming through a new channel. As you know, Jupiter is a planet that does not reach the earth planes as often as the others through mental telepathy, through other means of communication,and you do not see our ships in the skies. We are, as you might say, a little aloof planet. We are doing very great things scientifically.

Many of the things that we use, in which you would call every day living, on our planet, would seem fantastic and almost unreal on yours. We uphold the teachings of God, the teachings that Jesus gave to the world. Many of you may not realize and know that Jesus-Gananda came from Jupiter to planet Earth. His last days which will reach the 2.000 year mark since his feet trod upon the planet earth. Our forms are not like yours, but we have to project ourselves adcording to your concepts of us, because, as you know, much on planet E rth, through what you can define in your mind's eye, as it were. Many times,

that is not the way we look orappear to look. We project ourselves to you as you can picture us to be.

There are many worlds, peopled with many souls and beings that do not resemble you on earth, or even on planet Jupiter. We accept them all for we are all God's children. Your God of Earth is doing what He can through those souls who will permit Him to do so. In these last days, it seems there are so few that those few are 'riding the waves' of the spiritual realm, as it were. The cosmic attunement is with those. The others will go down and will have to be taken when the cleansing comes; there is no other way. No matter where you are, children of Light, be not concerned, for at just an instance call, our ships will take you wherever you will need to be taken.

Some of you will be taken to the Moon, others to Venus and Mars, and Mercury. Some highly evolved souls will be taken to Jupiter. We are not the ones to designate where you will be taken, but in the transmutation of all that has befallen you on earth, you will be transcended at the moment that it is given so that your hearts will not be heavy.

Each day, revel in that glorious being within you, your God, for that is all that you need to sustain you, to carry you on. Remember, we have God with us, too. And the God over our planet, the God over your planet, even the God that is over all the solar systems, is with each one, where nothing is hidden in the etheric realms, in the planets. Only in the earth's finite minds of man thinks, 'I can do this, I can do that; no one will ever find out.'

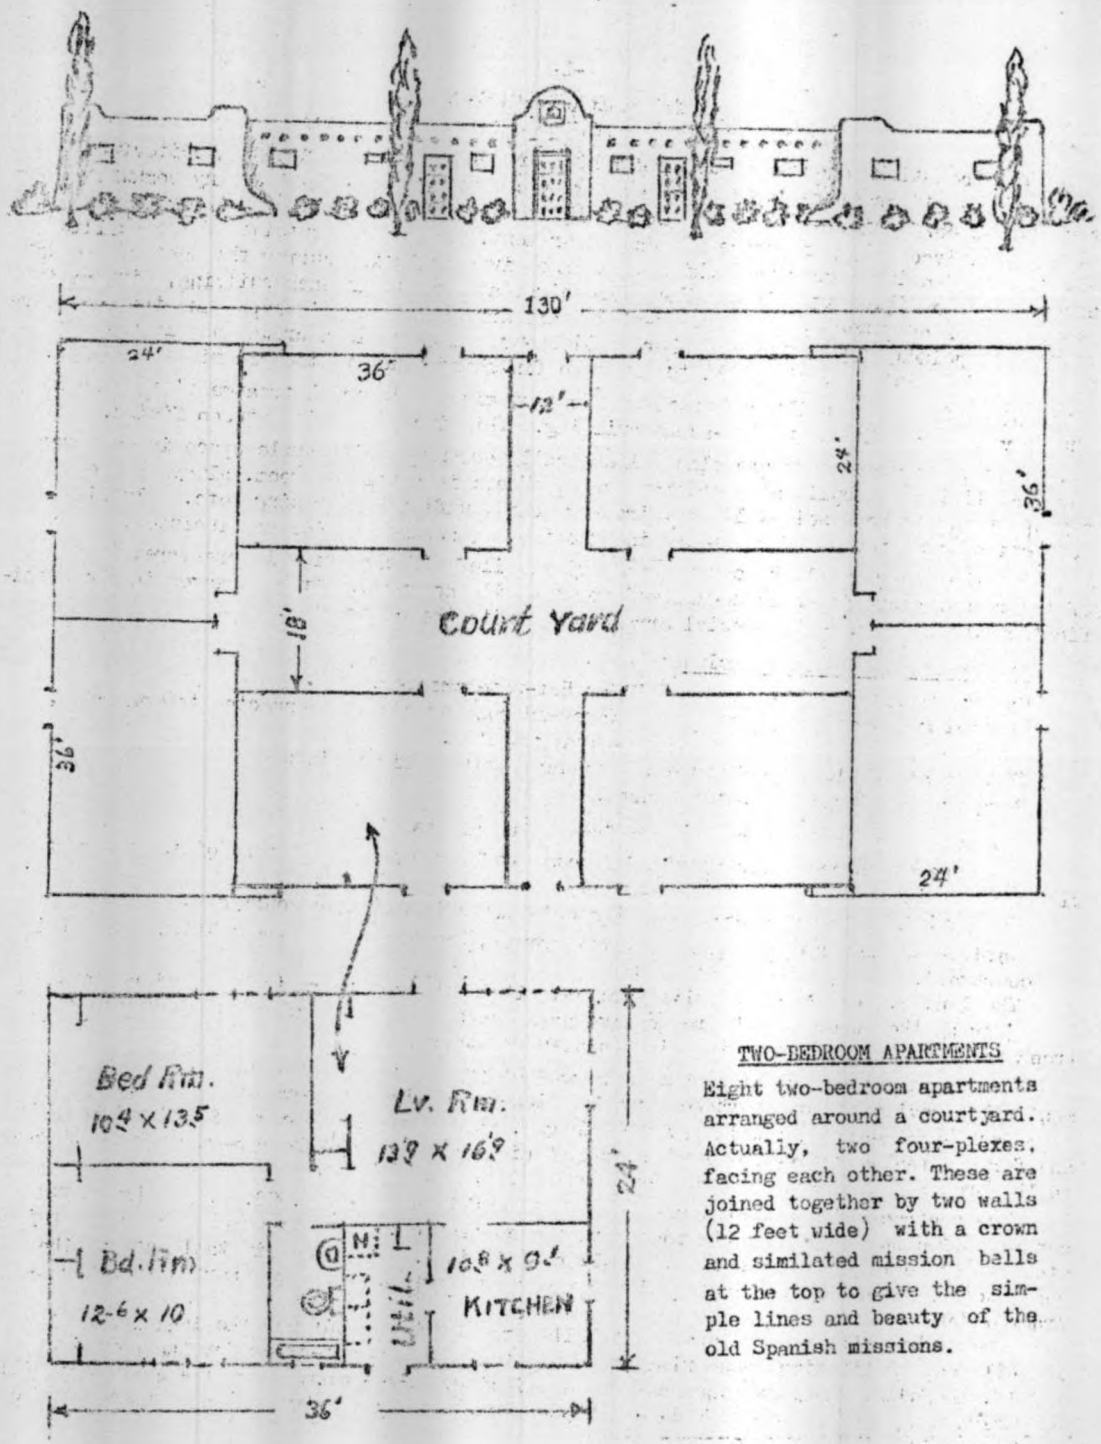

(The channel's throat is irritated and she is coughing.) This child is having trouble because I am coming through the throat. It's the onky way I can come. You see we do not have a voice on Jupiter for it is not necessary to have vocal cords. We use only mental telepathy, and our minds are completely in tune, and there are some who are even greater than we. Oh, the vastness of God's creation, and the stars and the galaxies that are inhabited. There is not one star that you see shining in the heavens that is not occupied, where there are not souls living on them and in many forms. If only man will open his eyes, his heart and his mind for, as this channel has said, (and I have heard her a number of times) God does not make anything for an ornamentation, but everything He makes has a purpose. How true those words are. Many things you children will say come from your planetary brothers, for our minds are in tune where we are evolving higher and higher. When we are evolved high enough and have served our purpose on Jupiter, we will go to higher realms, and you the same.

The Earth must not be a laggard any more. She must sit in this council of the solar dystem, for that place is waiting for her. There will be no more time to say, "Well, I didn't know, I don't understand, I can't see" because many truths are being revealed. All is coming quickly to this planet. So, be in readiness and know that we on Jupiter are with you in spirit as we are all in the same solar system. We have the same Godhead. But all men realize that we are brothers, regardless of form, regardless of our color, our creed. The color of man is going to change to be a higher evolvement where color will not even matter. You will not even notice what shade or sheen you are. You will just consider yourself a child of God.

Man must accept these new concepts, especially the scientists, for there are many wonderful things we can give to them if they will only open up their hearts and minds to us. What they have now doesn't come from within them, as much as it comes from us, because we are 2,000 years ahead of you on earth. You have a long way to go. We can help you fill that gap. Instead of a generation gap, you must face a cosmic gap. This you must tell people of earth. They will probably understand this more than the other.

Man's a very funny creature, isn't he? He can't conceive, and he will not accept, and he keeps hitting his head against the wall before his eyes will be opened. Open your hearts and minds to the Christ within, Let God come forth and keep Him ever with you, and me of Jupiter with you, too. We thank you for this privilege of coming tonight. This is all that I can say at this time, for it is too difficultfor this channel. Thank you. Go in peace.

TWO-BEDROOM APARTMENTS

Eight two-bedroom apartments arranged around a courtyard. Actually, two four-plexes, facing each other. These are joined together by two walls (12 feet wide) with a crown and similated mission bells at the top to give the simple lines and beauty of the old Spanish missions.

TWO BEDROOM APARTMENTS

(As illustrated on reverse side of this page)

These beautiful apartment buildings which are to be built along the architectural lines of the old Spanish missions of early America, would be a credit to any community, especially in New Mexico. This is a large building, being 130 feet in length, yet there is plenty of privacy and yard space for each apartment, some on the outside of the building and some on the inner courtyard which will also give protection during the heat of the day and against possible high winds. There are eight apartments in each building, divided into two four-plex apartments. These four-plexes are arranged in a 'U' shape, and the two four-plexes are joined together with a short wall on top of which is a crown, and in which is inserted a simulated mission bell to give the finishing touch to the old mission design.

This building is built of concrete block but given a 'special treatment' to make it appear very much like a Spanish-adobe building. This includes white stucco finish.

All of the apartments are almost identically arranged, with ample space in each room for good living and built at a moderate cost. There is a utility room, always needed in any apartment to hold soiled linens, ironing board, unfinished ironing, etc. Plumbing connections are provided for the washing machine. (Washing machine not included.)

All the floors would be covered with vinyl tile. If carpeting is preferred in some of the rooms, a credit would be allowed for the tile not used. Other changes in the specifications might be made by special arrangements with the contractor.

<u>The price quoted would include</u>:

Gas range with oven.	Gas Hot-water heater.
Central gas heating system.	Water-evaporator cooler, connected to central heating system.
First quality plumbing fixtures.	Standard quality light fixtures.
Ceramic tile inside of bathtub area.	

All partition walls to be of wood frame with plaster board.

The concrete block walls on inside of house to be grooved at mortar joints and painted with vinyl paint.

There will be concrete walks running both directions in the courtyard.

Garden-hose water connections will be provided on outside of apartments, and within the courtyard.

The landscaping on the outside yard and within the courtyard to be furnished and cared for by the owners of the respective apartments. The cost of the tall evergreen trees will be shared between the eight apartment owners.

The apartment owners will share the cost of any needed clothes lines. Each apartment will provide its own garbage cans and pick-up service (cooperative effort.)

Each apartment owner will pay for the gas, water and electric service furnished him, and for any real-estate taxes levied against his apartment and the pro-rata share of taxes on the property on which the apartments are built.

The contractor's estimated cost per apartment is around $12,600.00. A firm figure can be worked out after negotiations with the contractor, involving architectural details, etc. It would be a cash price. It would be paid in three or four installments as the construction progresses. Construction could start when two or more apartments are contracted for.

The member will own the apartment building he lives in but not the land which it is built on. A lifetime lease will be issued to the apartment-owner for the homesite itself, including the yard adjacent to the building. The homesite for the apartment will be assigned when a person or family has been accepted as a member and the membership fee has been paid.

PLANS AND PROGRESS AT HEADQUARTERS

Much has happened and continues to happen since the last issue of the Golden Dawn was sent out. Our headquarters which had been an almost deserted trailer park for a long time, has quite suddenly become filled with mobile homes. Besides Amelia Nederhoed who arrived early in May from Santa Cruz, California, the following people have moved in and are occupying their own mobile homes:

Elvin and Althea Noel arrived from San Diego, California. Elvin Noel has had many years of organizational experience in the Rosecrucian Fellowship (Max Heindel) at Oceanside, California. Mrs. Noel served many years in hospital work as a Registered Nurse.

William and Mary Jan Switzler arrived from Taft, California. William brings with him much experience in the carpentry, plumbing and electrical trades, and spent many years in the Production Department of Standard Oil Company of California. Mrs. Switzler is experienced in secretarial and other office procedures.

Dr. Ann Hartfelder has just arrived. Her home, until recently, has been Amarilla, Texas. For many years she has been a practicing Chiropractor. She is known to many as the daughter of the later Rev. Eugenia B. Lane, for many years the Unity minister at Amarilla, Texas. She will be one of our office workers.

Mr. and Mrs. Frank Sugarman are scheduled to arrive from Philadelphia, Pa. about the time this issue of the Golden Dawn goes to the print shop. Together they bring to the City of the Sun varied experiences in teaching, channeling and office skills.

Most of these mobile homes came well supplied with many worldly possessions, including various kinds of tools and equipment, as if this is to be their final destination on the planet Earth. Indeed, this no doubt is true, for these people have come as dedicated workers to help lay the groundwork for building the City of the Sun, the New Age prototype for more Aquarian Age cities to come.

These people will comprise a formidable sized headquarters staff, representing numerous trades and talents who have come her under guidance because of their desire to serve God and mankind, in faith and determination, that the plans for this new spiritual city will become a reality. The etheric pattern for the City of the Sun is fast being lowered and has almost arrived at its ground-level, which means that all the component parts of the city, the utility systems, the homes, apartments, mobile homes, community buildings, not to mention hundreds of New Age people whose sub-conscious minds are already cognizant of their destinies in this part of the world, will all fall into place at the proper time.

We are pleased to announce, also, that the needed money is coming into the coffers of our headquarters at a very encouraging rate. We now have several thousand dollars in the bank with which to start on the construction of our utility systems. In the weeks ahead, perhaps before the next issue of the Golden Dawn is sent out, we will be hard at work on our water distribution system, our electrical distribution system, also our sewage system. We will not have enough money to complete these systems yet (in the area which has been cleared) but enough to make substantial progress by the time other needed funds are received.

There are two very important short-cuts we can make in the expenditures of money at this time. One is that we will probably be able to complete the installation of our water distribution pipe lines in the several acres in the Southeastern corner of our land (as shown on the plat that was included in the pages of our No.5 Golden Dawn). We will be able to obtain water at a reasonable rate from the Village of Columbus which has a well across the road from our land under development. This will supply our needs until we have the necessary funds to drill the large well, install the necessary pump and storage tank, etc. quite some distance away from the present area of development.

Likewise, we will be ble to go ahead with the installation of the power poles, cables and wiring for the distribution of electricity in this area. We can obtain power at primary rates from the public utility system that serves this area until we are able to finance the cost of our electrical generating plant, etc. Thus, for both the water system and the electrical system, the needed finances to complete these can be provided a little later. In the meantime, we can proceed with the construction of our sewage system for

this first area of our land, now under development. No doubt enough money will come in to complete this preliminary system without holding up any construction. Thus we will have our water system, electrical system and sewage system working in just a few months even though some of the major expenses (the well, water tank, electric generating system, etc.) can be postponed until a little later when more finances and time are available to complete these phases of the work). Likewise, as soon as these utilities are in operation, the construction of homes, apartments and the installation of mobile homes can get under way.

We are depending on you, our prospective members and residents, to follow through on the needed money to keep the wheels of progress turning in all these projects, for 'time is of the essence', as you know. We at headquarters have faith, and have burned our bridges behind us in order that all these installations will be completed without any delays, and this requires team-work between all of you who are our partners in this wonderful project. Let us build up steam and get into high gear without any further delays by supporting us at headquarters in our efforts.

We have some interesting news to share with you concerning a Light group located in North Carolina whose leader and channel is Mrs. Marian Starnes. She recently advised us that she had instructions from the Masters to come to the City of the Sun with several of the young adult members of her group by late summer to help with the construction work. Among these will be some strong young men who are dedicated to the fulfillment of the divine plan for the City of the Sun, guidance and help in the fulfilling of these, His plans. And we give thanks for the finances that you, our future residents, will continue to send into headquarters to keep the development of the project in high gear.

POPE JOHN XXIII SPEAKS TO HIS FLOCK

JOHN XXIII. My beloved flock. I, Pope John XXIII, am so very grateful to be with you. It isn't always that I have the permission or opportunity to come through a channel. It isn't that I can't, but so few believe that a pope who was upon the Earth, who was a Roman Catholic, a vicar of Christ, can come as I am to you for, as you know, the Catholics do not accept the Masters coming, Jesus talking to them, appearing to anyone, only those who have been cannonized, the Saints. And how many saints there are who never reached cannonization. No one knows about them -- no one except the Father, those in the etheric. There are thousands and thousands.

As a matter of fact, everyone who dies with the Christ, or goes into the transition state and has been cleansed through the Violet Fire, is a saint. So who are we to say who cannot be cannonized or can be.

These are dark days for those in Rome. We must not ridicule Paul VI, but pray for him for he is so mis-guided. He is in the clutches of the dark forces. This is why there is so much confusion, so much discord, dis-unity, inharmony. I, myself, knew that these reforms must take place, but I was sometimes, it seems, at the mercy of those who were underneath me. I couldn't reach them. They were in the clutch of dogma and doctrine. They would not let the wisdom of God come through.

This channel tonight has suffered much because she would not accept all that her church taught her, the church of which I was the vicar. She was in one of my flock when I was upon the earth, at that time. But through wisdom and seeking and searching and finding, she is now come where she is, a free soul. And she is soaring into the heights. And we continue to bless her and to guide her and to help her. There are many who will follow and leave the church. The church must be cleansed and renovated from the presideo waves of many centuries, the truths that were not put there and accepted, for man has taken over.

You must put Truth before anything else because Truth is God. Just as God is love, so is Truth. We cannot separate one from the other.

When I left the Earth, those whom I believed in on the planet were with me. I am on the planet Clarion at the present time. The plannet Cello is also a planet I have been on. And then, I have been in the Etheric realm. You see, when I go from place to place, it is

because I am needed, and I can learn and study. And that's what you will do when you leave the Earth. You won't just go to heaven as you were taught, or pergatory, or hell, because they are only states of consciousness. There was a time in the 20th century when the children in the higher grades were taught that heaven and hell and pergatory were states of consciousness, but then the dark forces have infiltrated and played havoc with everything as they always do. You must remember that Truth cannot be altered. It speaks for itself and shines forth, no matter how much they try to down it and keep it from coming, it is ever there. And you, my children, must uphold these truths.

Now, in this community you are now forming, there will be those who are members of the Catholic religion. There will also be members who have left the church, but remember, all churches, all religions are universal. You have the one Spirit within you. You have but one God, one MightyI AM Presence. You don't have a God for each religion. You don't have a spirit for each dogma, each doctrine. The dogmas and the doctrines are all limiting, are all binding and suppressing. You must let yourselves be guided by the Spirit within. That is so very important. Go to the Presence within you. That is where your God dwells,in each soul, whether he be illiterate or whether he be a learned man. And this is why there are so many leaving who are priests, bishops, archbishops. They cannot stand the suppression any longer. It is like a yoke with spikes around their necks that's tearing their very bones to pieces. I know what they go through. I am with them because I was their shepherd at one time. I never leave my flock, even though I am in the Etheric Realm. I am on the Fifth plane at the present time, and then I will go to the Sixth, and the Seventh as I am needed and guided.

No matter how learned and how much we know in the way of God and His wisdom and His almightiness, and his Truths, we're ever expanding and learning, so keep the commandments, the commandments that you know will be guiding and directing you, whatever your task, whatever your station in life,and know that when you call upon me, I am most happy to help you, because I am also the shepherd of the flock. Don't look upon me as having lived upon the earth and died. My spirit is with you. I'm still the shepherd of the flock, and all those who have tried to bring the Truth to mankind, the popes in the past, there's Peter and all the rest, Clementine, have been some wonderful popes, and there's been some that have missed the mark and by-passed that which they should have followed. So come to me all ye who labor and are burdened heavily, for I am still the priest of the Melchizedek order. Although Catholicism will not recognize this, it is never changed. So accept that which is Truth and walk in the Light and in Truth and in love and in peace, and ye shall not falter.

I, John XXIII, have spoken.

We have a mailing list of close to 4,000 names, and we are pleased we are able to bring to so many people information about the City of the Sun and messages from the masters. The printing and postage billseach monthare quite large. We have to depend on our readers to cover these expenses witn their contributions. A large portion of the names on our mailing list were sent us by other people, but a great many have never advised us if they are interested in our Golden Dawns. We can only assume they are not interested. If you have sent us contributions but do not receive future issues, please let us know. There could be an error in our records. We will be happy to hear from those who wish to receive future issues.

FIVE VORTEXES OR SPIRITUAL CENTERS OF LIGHT IN THE UNITED STATES.

There are five places that we know of in the United States alone which have been designated as vortexes or spiritual centers of Light. There is one in the State of New Mexico, very, very close to the domicile of our beloved channel, which is also a very powerful Vortex of Light. If I do not let the cat out of the bag, I will state unequivocally that the magnetic field, regardless of other factors, is pulling our beloved channel and chela of Light there at this particular place at this particular time. I cannot explain to you the type of vortex but it is a spiritual magnetic field which has been established and which will eventually be a jumping off place, perhaps, for some who will be evacuated by space craft; but it will be a place of collection for many of the chelas of Light who will migrate there and who are now migrating there; and it is possible that even yourselves eventually might migrate there also.

Now, all of these vortexes of Light, these spiritual vortexes which have been established, one in Idaho, this one I mentioned in New Mexico, one in Arizona, and there is even one in Georgia, a small one which will be eventually enlarged. These are all established, not by any virtue of the magnetic field of the earth itself, but by manipulation of the magnetic lines of force in conjunction with the Pole Star which is utilized as a source of energy by the Space Command to establish these spiritual centers of Light. Now, this is a very involved and complicated process, if we would go into it from a scientific viewpoint, and even your scientists would throw up their hands and shake their heads if we would even mention or try to delineate the mechanics by which this is done. I could go on with this for some time .....
