

THE GOLDEN DAWN

CITY OF THE SUN FOUNDATION.

NUMBER 52
(Jan.-Feb.1980)

THE LAMB OF GOD IS IN THY MIDST!

Behold, The Lamb of God is in thy midst! And surely I come quickly to give you a message, to be received and sent out into the world. The message I bring is that the prophecies, the messages contained in Revelations of the Holy Bible, are surely being fulfilled each day and they are running towards an end of the chapters and the end of the Book. This is why I am here this night to tell all people of the world you do not have much time. You must release everything that will hold you back, past memories, past actions and past observations that are not pleasant. Release yourselves from them, for you have not time to go back. You must go forward, onward and upward if you are to live in the New Age, if you are to withstand the new vibrations and the new circumstances of life which will surround you. Go on and do not look back. Ascend as far as you can into the Highest Light you can for this is the only place where you will be safe.

You can be safe any place you are, dear Children of Light, if you have the Light and the Love contained within your Beings. You need not run to and fro, across the land looking for a place to be safe. Your own safety is deep within the heart of the Heavenly Father, and if you are close to Him, and if you are fulfilling the beautiful pattern of life which He has designed for you, you shall be safe. Therefore, I say to all of you, young and old, do not be too concerned about where you go, because if you are in the Light you will be protected and you will be guided. So therefore you shall have Peace and Comfort and Safety. But this means you must follow the guidelines of Light and Love, in order that you may claim this great promise which was given long ago by the Father in Heaven, when He remarked to you through the various books of Truth that "My people shall be saved". This is all you need to remember Children. If you are in the Kingdom of God and if you are living in the manner in which the Father wishes you to live, you are His and He shall give you the safety and protection and the Love and the Light and the Illumination which you shall need to carry on.

This night the enemy of Light is seething. It is flaring, it is igniting in every place on planet Earth, because the time is come, it is the now time when there has to be action, and there will be action. There will be many great and wonderful things to happen, and also very disastrous events. But you must know how to avoid being caught up into any of this, and surely you will if you come too close to the negative fires of hatred and envy and lust for power.

Your protection lies within the bounds of this Illuminated Pathway which you may choose to follow. This is your only hope of survival into this exciting world of the New Age. It will be exciting, but it will be otherwise also, for many shall not endure but shall fall by the wayside. Many will not be able to raise themselves to

the highest consciousness, to surround themselves with the highest Light, and therefore they cannot survive.

Search the Truth that has been revealed unto the world to this date, but know that it is Truth. Do not accept anything but Truth. And do not be misled or misguided so that you too will fall by the wayside. Test the Spirit as you have been told, in everything that you do. The dark forces are raging but they shall not overcome the Light. However, they must be subdued more and more. Certain areas of the world are getting out of hand because they are being drawn in by the powers of evil, the powers of the satanic forces. This is the darkness. Remember that all the powers of Satan, all the powers of the Satanic forces, the evil forces, the dark forces, are very powerful, but remember also that they too can become Light, if you will hold them in the Light. Visualize them in the Christ Light until they are transmuted into nothing but Light. There is nothing really good or bad in the created world of the Heavenly Father. There is only the attitudes of the people, and every person in the world has free will to choose which way he will go. Choose it now. Do not wait for time is running out. Choose the way and I as 'Jesus The Christ', pray that you shall choose the right way. For only Love and Light can transmute and turn the world into a beautiful place in which to live. It is not too late yet, but it will take a lot of Love, a lot of Light and Understanding. So spread it out dear ones of Light - those who are in the understanding. Again it must be repeated to you this night: you cannot be spared, you cannot be Safe, if you are now living in IGNORANCE of the many beautiful facts of Life. Search them out, place them into your lifestreams and know that there is a hope for tomorrow. "There shall be Light, the darkness will disappear, but there will be a toll, and there shall be suffering before this will be completely accomplished upon planet Earth."

I do not want to cause you to be afraid, for fear is part of the darkness. The fear of tomorrow will make it even more difficult to hear, so lift up your hearts, and GO DEEP WITHIN TO YOUR OWN GOD PRESENCE, within the Temple of your Soul. Go there to find the Truth and learn how to use it to serve in the Light.

I leave you now this evening, Beloved Ones of Light, Beloved Ones of the Father's Children living upon the complete planet Earth. My Love and Compassion is deep and real for all of you. Call upon Me and turn to Me, for I Am the Teacher of the Wonderful Way of Life, which the Father in Heaven designed for Me to teach all of you. This is the only Hope for the Great Tomorrow which you can have, if you will listen and obey the promptings of your heart.

Good evening. I Am JESUS THE CHRIST.

KING TUT TELLS OF THE VALUE PEOPLE RECEIVE IN VIEWING HIS ARTIFACTS.

The ways of the world should be the ways of the Heavenly Father, but they are not. This is KING TUT impressing the mind of the channel to write this message. I was sent to earth to help teach humanity the ways of the Heavenly Father in those far distant days of Egypt. Many of you reading this were there then. The way was paved for me to do so as I became King at an early age, but as history tells you my efforts were thwarted because the knowledge of Light and Love and Truth which I brought was opposed to the teachings of the then priesthood who kept the people in subjection and darkness, and I was done away with.

God's plans may be delayed but never stopped. I did return in a subsequent lifetime and gave to My people enlightenment which was denied until then. Many of you have wondered at the significance of the showing of many of the artifacts of mine being shown in the United States at this time, and especially in San Francisco at this writing. These artifacts taken from my burial tomb of ancient times. Many of these artifacts were made of gold and were impinged with the purest and highest vibrations of love, energy, light and healing. I was surrounded by these in my daily life and used them to keep in the Light vibrations all of the time. The priesthood could not understand how they could not win me over to their ways, but they did not understand that the Light is always stronger than the darkness (or negative force) though at times appearances seem different.

Gold is solidified Sunlight, Sun Force, the Light vibration from the Father. It kept me in good stead, and in balance against the negative or dark forces during my lifetime. You would do well to have some gold displayed in some way in your own home (not as a medium of exchange), not only as a decoration but as a generator, and receiver and sender of Light vibrations. Gold has an affinity for the Sunlight and stores it and emanates it.

You who live in the Gold Country are doubly blessed because there still remains in the ground much gold. It was not all mined out. This may give you a clue as to why this part of the land is blessed, and why you have been previously been told it is sacred ground. This gold in the earth continually receives the Sun's rays even though buried deep in the ground and gives off Light vibrations of a high velocity which cannot help but be felt by the sensitive one, when this area is entered into.

It was also revealed to you in a previous newsletter that your area is the location of the "Golden Flame" in the etheric realm above the Earth. This flame in the etheric is housed in a temple over Universal Mother Mary's Garden, where only people can go who have already prepared themselves in their lifetimes by achieving higher vibratory rates of their subtler bodies, sufficient to withstand and enjoy the benefits of visiting a sacred place. The vibratory rate is high and is another stepping stone on one's way to higher ascendency in the Father's Kingdom. But even being near this Flame in the physical world, it does rub off a little on you, and helps you, as does the viewing of my golden artifacts in the museum, as they subconsciously impart to the many lookers, a higher golden vibration of Light, and thereby their vibratory rate is increased a little within their own being by the visit.

"Oh, there are so many BEAUTIFUL SECRETS OF LIFE" awaiting you, to help you enjoy life in the New Golden Age of Aquarius, but first must come the cleansing which is going on now. The Light and dark cannot mix forever! Light must prevail for these secrets to come forth! I await the time when I can some again and give you more secrets of life.

I am "KING TUT".

MORE GOLDEN COINS ARE NOW IN DEMAND

In the above article, King Tut tells why he always owned much gold and golden artifacts - not just because of its beauty, but because of the high spiritual radiations he received from that precious metal. To repeat some of his ideas, he said: "Many of these artifacts were made of gold and were impinged with the purest and highest vibrations of love, energy, Light and healing. "I was surrounded by these in my daily life and I used them to keep in the Light vibrations all the time. .....Gold is solidified Sunlight, Sun Force, the Light vibrations from the Father. It kept me /

in good stead, and in balance against the negative or dark forces during my lifetime."

We are now learning from day to day that the value of our paper money is decreasing very rapidly. Likewise as the value of our dollar goes down for a few days, the price of gold during those same days usually goes up, several dollars per ounce. As one goes up, the other comes down. Saudi Arabia is threatening to refuse to accept our depreciating American dollars to buy their oil. That is one big reason for their increasing the price of oil per barrel.

More and more governments are now minting gold coins. The most popular gold coin is the Krugerrand, produced in South Africa where there are many gold mines. The United States government will start minting a new gold coin in a few months, but through some political objections, only a small number of these will be available through our banks from month to month. Most people will not be able to obtain their share of these scarce medallions.

A few years ago, St. Germain advised us that we should obtain more gold in some form. He then said we should sell our stocks and bonds and purchase more gold, for our money system was breaking down and our paper money was becoming less valuable all the time. Hilarion also recently told us that our paper money is becoming no good.

We are not wrong when we speak of the Aquarian Age as the GOLDEN AGE that is coming very soon. Likewise we are right when we speak of our place of living here in New Mexico as The City of the Sun. Likewise, the Golden Dawn is the proper name for our regular newsletter.

More and more gold coins or medallions will be in demand from month to month, whenever available - and at ever-increasing cost to us, of course. Dec. 1, 1979.

We need not in poverty live - Because we have so much to give!

Via past performance our present position was earned,
Living in the Light of Reason, every lesson is learned.

When we seem unable our problem to solve;
New definitions we must evolve.
To arrive at a complete understanding,
Then we are ready for self-commanding.

There is no need to beg and plead,
Only in our Awareness plant the seed.
And watch it outgrow our tale of woe.
Behold instead our Omnipresent El Dorado!

Basically, ALL is Mathematical Action,
This Perpetuity meets our total satisfaction.

THE THIRD AND CONCLUDING PART OF AN "APPEARANCE" BY ANNALEE SKARIN, AND REASON SKARIN. This part consists of QUESTIONS and ANSWERS by ANNALEE:

QUESTION: Are you a vegetarian?

ANSWER: I think not. I am a fruitarian.

QUESTION: Is it necessary to eat fruit and leave meats alone?

ANSWER: I have never taught those things, for the simple reason that when one is ready he will know and understand completely by himself. If someone begins to teach restrictions on food before a person is spiritually ready to receive it, it becomes a burden and a block in his path. Every person will find his own way, in his own time. I can give you this much information: In the Garden of Eden stage, where there was no death, they lived on fruit. When they were cast out of the Garden of Eden and began to till the soil and work by the sweat of their brow and ate vegetables, death came. When they finally began to eat the sacrifice which they had offered to God - thinking He must have eaten it - their life span was shortened to a hundred and twenty years. In the days of Abraham when they began to use spices and flavorings, and began cooking their food in different manners, and developed artificial tastes, life was further shortened to seventy-two years. I am not telling you this to burden you. I am telling it for you to use when you are ready for it. Each man will be his own gauge in that. When you are ready, you will be directed.

QUESTION: Do you include nuts in this fruit diet?

ANSWER: Whenever you want nuts, you eat them. Whatever you eat - WHATEVER you eat - as you eat it, bless it and thank God for it. Love the privilege of having it. Learn to enjoy the taste of pure foods, and thank God, and that food will be turned into spiritual energy and power within you. Bless it!

The Moderator: Is there anyone else who has an equally important question? I wish to have you ask questions that will really revolutionize your lives if you get the right answer, and I believe you will get the right answer here tonight.

ANNALEE: Whatever those personal questions are, however deep they are, God CAN answer them for you, and He WILL, if you don't want to speak to us. So don't worry about it. You will receive your answers. You will get them. As you travel this Highway of Light and learn to open this heart center first by Love, you will begin to be directed in all things and the words of Scripture will be taught of God.' We have never wanted followers, nor have ever tried to get followers. Our ONLY purpose has been to teach you to find that contact with Almighty God and He will direct you personally in any problem and at all times. This will be our last chance to meet some of you for a long time. We will not be here in this area for some time to come - maybe months, maybe only a few weeks. We don't know yet. Don't worry about us, and don't try to follow us. Follow your own patterns and learn to live harmoniously. That is the living voice of God. It is the fountain of everlasting waters that Christ talked about. When that talk of the Holy Communion - which is the symbol of this inner communion with Almighty God - when that comes, learn to make that contact with God. Learn to hold yourself in that Light and YOU will be directed in every problem, and your lives will be changed - all of you - all parts of you! You don't have to tell me or anyone else your problems. You tell them to God and don't weep. That mourning helps to hold back the Spirit of Light, for you are thinking of yourself when you cry.

Learn to be thankful in ALL things, even your sufferings. Remember - your prayers go directly to the throne of God Almighty, the Center of the Universe! There is nothing that can stop it! You don't have to weep and cry and beg. PRAISE! GLORIFY! REJOICE!

QUESTION: Would you say that it is possible to see Jesus in the flesh?

ANSWER: Oh yes! The Light of Christ is in you. Jesus Christ, the person is in charge. We think Jesus isn't important except as He is the Light of Christ within us. Yes, He will come personally to this Earth, but He will come to you personally whenever your hearts are completely purified You shall see Him. On this road to Zion, remember "They shall come to Zion with songs of everlasting joy." Get that song of everlasting joy going within you, that Praise, Love and Thanksgiving. Read in the Book of Revelation how they praised God "day and night." Read in Isaiah how they praised God before the throne "day and night". This is the vibration of Light within your souls. Get it perfected and as sure as you live you will see Christ face to face! He will come and talk with you. He will give you instructions and you will step through with His guidance.

It is the day and age the world has waited for from the beginning - the day and age when the Tree of Life is to bear its fruit. You are the branches. You MUST remember that! When the Tree bears that fruit, when you learn to overcome darkness within yourselves (those fears and negations) then you will have rent that veil of darkness from the face of the Earth. This planet is destined before long to receive its paradoxical Glory, and that cannot come forth until there are enough Sons and Daughters of Light prepared. Preparation isn't on the outside in forms or formula or dogma; it has to come within, from within. Christ is the vine and you are the branches. The Love of God as it is shed forth through your hearts IS THE FRUIT OF THE TREE OF LIFE. And if you want to know how hungry the world is for it, go any place in the Earth and reach out a hand of Love and feel the need. You know what I am speaking of. There are times when you walk along the streets of Los Angeles, if you can catch the eye of some of the people who have never smiled probably in their lives - or for so long they have forgotten - just smile with the Christ Love and they will react to it. Just smiling is a blessing, the blessing of Love! They are starving to death for it! The world is starving to death for Light. You don't have to be gushy. Just let Christ come from your heart and they will give thanks.

In the last days Lucifer shall rage with vibrations of darkness and hate. Luceriferians are here, raging. But you can stop hatred with Christ's Love. Pray "God bless their hearts, bless them!" And when that seal is broken that sends your Christ blessing with power, you will help break their seals, and other blessings will be poured out! Send it out! Do not hoard Christ's Love, but send it forth in great power. LOVE.

Now we have to leave you. We will meet you again. We promise we shall meet you again. LOVE. LOVE. LOVE.

DESIRE - DETERMINATION - DISCIPLINE.

I Am Vardis. Like Christopher Columbus, who used three ships in his search for a New World, you must sail with three ships as you cross the ocean toward Christhood. You cross an ocean of maya and earth vibrations, and your ships as Desire, Determination and Discipline, which you need to conquer yourselves and convince yourself that you are, in reality, a God.

Without Desire, you can't go anywhere. You have to have Desire more than anything else to reach the goal of your lives. You are not the pawns of fate. You are in control. You create your own reality - you always did, but you were not aware of it. You have to have Desire. You go thru the first seven initiations and the desire is to have health, harmony and prosperity, desires for worldly goods, and solutions to worldly problems. You desire to control your reality, and, of course, when you reach Christhood, you have complete control and can bring forth the perfect God, You into the outer world.

It is very important to have Desire. When you are working for a demonstration, you must do so when the desire is the strongest, because that is emotion and emotion is the substance from which all these things that you want take form. Desire is feeling. You can decree something forever, iwithout results, if you do not have intense desire or feeling. If you have a strong desire for something, that is the thing itself pushing on you - its vibration, approaching your auric field, pulling on you, saying this is what I want you to experience next. This is what you are in line for. This is what you are supposed to do. It is pulling on you. It isn't you, that is desiring it, but the magnetism of what you are to have next pulling on you. You have the DESIRE to be Christed and the DESIRE to take control of your life, and be a Master of the physical plane. You must sail on this ship of DESIRE.

You also have to have DETERMINATION. It is not enough to say, I wish I had - the desire isn't strong enough to make you determined. You have to be DETERMINED to have what you want, but that doesn't mean having what someone else already possesses. You are to have your OWN - to bring forth your own. You have to be one-pointed enough to be Determined. You have to learn to concentrate. As a rule, man lacks the concentration to produce his desires and up until now, it was just as well. He was not spiritualized enough to bring forth only good - only perfection. Now man has learned how to meditate and get still - how to shut out the outer world, with DETERMINATION, and to be able to think in a one-pointed way, which determines his success in coming into Christhood.

You can attend a spiritual service and feel uplifted, and yet not be one-pointed and determined enough to be your God-self, when confronted with some annoyance in your world. You have to know what you want and then pursue it with DETERMINATION. You have to be Determined to reach the goal of Christhood. You have to be determined to take hold of your life and to express only the Lord-God, You, into it, which is perfection. How can you bring forth the Lord-God, You, thru you, and not have it come out right? That is impossible, so when the Bible says, Be ye Perfect, all you have to do is BE the Lord-God, You and you will suddenly discover you can handle your problems of the world.

DISCIPLINE is the hardest one. We must DISCIPLINE ourselves daily. You were going to meditate today, and you didn't. You know that you need to "plug into" your God-Self every day if you want to have power. Time spent Loving the Lord-God, You, brings forth powers you didn't know that you had. I am clairvoyant (as my personality self) and find these powers are increasing, but every morning, the first thing I do, is to

take time to Love the Lord-God me into my outer self. Some of you have different powers or talents and if you want them to grow stronger, you must not neglect to Love your Lord-God. This is discipline. We discipline our eating habits. We do not eat flesh foods, drink coffee, tea or alcohol, nor do we use tobacco. We may be asked to discipline ourselves further in our diets, and be determined to do so. When we are urged from within to do these things, we have to discipline ourselves, but if not urged from within, don't do it. Be sensitive to the urgings from within. Then discipline yourself to obey, but do it with love. The best way to discipline yourself is to have a great deal of respect for yourself. Love yourself. Affirm "I am God and I Love and respect myself. I Love and approve of everything that I do." People may criticize you for Loving yourself, but that is the most important thing you can do - you are Loving the Lord-God, You - the center of your Being. I bless you.

THE BRIGHT ANGEL WITHIN YOU.

21.

HUMILITY. What a beautiful word!! What a divine quality!! Yes, it is the quality of being free from pride and arrogance. But it is far more than that. Only as we earn its crowning Grace, do we learn all that it means.

It is the quality

- that floods your heart with happiness for another who is at the crest of the wave of success.
- that keeps you free from resentment deep within the core of you, when you need to give up to another a position or work that has brought you great satisfaction.
- that teaches you to accept condemnation which may grow out of misunderstanding rivalry, jealousy and be silent, stand firm, knowing that the storm will pass, the air clear, and you will be vindicated.

"Can a human being be so humble?" you may ask.

THIS IS MUCH MORE THAN BEING HUMBLE. THIS IS HUMILITY - A quality of the Soul.

We human beings step into the arena of Life with the instinct for survival, for supremacy - the instinct to WIN!! Some of us "fight it out" for the rest of our lives. But as we progress spiritually, we learn to surrender all responsibility to our Bright Angel, God, as in deep humility and forbearance, we let Him work His will in us to bring forth His Purpose in our lives.

We can learn much Humility from Nature.

He who DOES NOT KNOW may look at the Earth in winter and say to her, "Your beauty is gone. Where are the roses of June? The green freshness of summer is over. The richly colored leaves of autumn are withered. WHY - YOU ARE DEAD!

AND THE EARTH ANSWERS - - with SPRING!!

She waits patiently, silently, joyously, knowing that within her soil is the potentiality of Eternal Life. Then - SPRING!! Spring, in all its exquisite freshness, delicate loveliness and fragrance! Spring, in the surge of new Life in every growing thing, in the barren branches of winter trees, caught in a green mist of budding leaves. Spring sounds forth the Clarion Call of Earth's answer -

LIFE!! LIFE!! LIFE!!

No sense of pride that she must explain, defend, or prove anything to anyone. No vying for supremacy, no self-assertion.

Just Humility, a willingness for the time being to seem to be nothing, to seem to be dead!!

For the human being - this takes courage, forbearance, a divine patience, a generous spirit!

But when WE KNOW WHO WE ARE, the Bright Angel, God within, we too can wait patiently, quietly, joyously to be moved into our own full expression - to do what we are destined to do.

Then, inevitably, the time comes when we too can answer - with SPRING!!!

And now you are still. You look within to your Bright Angel, the Effulgent Light Being within You.

And you meditate.

Bright Angel, God,
Feel through my heart Thy Divine Love, the Love of God.
See through my eyes Thy Eternal Perfection.
Think through my mind Thy Creative Thought.
Hear through my ears the deep harmony of Thy Living Truth.
Speak through my mouth Thy Creative Word.
Be in me, Light, the Essence of All Being.

I GIVE THANKS.

IT'S UP TO YOU.

You are the fellow that has to decide
Whether You'LL do it or toss it aside.
YOU are the fellow who makes up YOUR mind
Whether YOU'LL lead or linger behind -
Whether YOU'LL try for the goal that's afar.
Take it or leave it. Here's something to do,
Just think it over. It's all up to YOU!
What do YOU wish? To be known as a shirk,
Or known as a good man who's willing to work,
Scorned for a loafer or praised by your chief,
Rich man or poor man or beggar or thief?
Eager or earnest or dull through the day,
Honest or crooked? It's YOU who must say!
YOU must decide in the face of the test
Whether YOU'LL shirk it or give it YOUR best.

AT THE CITY OF THE SUN:

We had a day or two of cloudy weather and then ..the whole sky encircling us seemed to burst into flame with shades of pink and red against a faint blue. (It was after people were saying it could snow.) It was the Splendor of God, and the next day, of course, was sunny and bright. The scenes here at times are truly UNBELIEVABLE!

The arrival of the tower part of the wind generator is still held up with a dock loading strike. All the other parts - generator, batteries etc.. are waiting in our storehouse. The Village of Columbus just put in our fire hydrant. Previously they had installed a larger meter.

Some construction in the Industrial Park at the border will begin in late February according to Phil Leyendecker, engineer. Anticipated time of construction: six months. Luna County Clerk, Leah Jones, said at a meeting, "This is the most exciting project in our state today." The Mexican government is planning the construction of an industrial park across the fence from the Columbus project, and has already started work on a railroad from Casa Grande to Palomas, hoping that the United States will take it from there to Deming. Plans are still going on for the highway here on the railroad bed to El Paso which would cut the distance to 65 miles. (instead of the 140 miles it now is.)

Among those visiting from afar were Richard Feltor, Heidelberg, West Germany, and Cornelia and Wolfgang Presser of Germany travelling around the world, and going now to California.

For sometime we had looked forward to the visit of two ladies from England - Daphne Craske and Vera Slattery. They were here several days visiting with each one here, and enjoyed the tour Wayne Taylor took them on around Palomas, Mexico. While they were here, and in their honor, we had a community Thanksgiving dinner with 22 present. Ron Sease of Deming sang some of his beautiful compositions. Then the two ladies gave greetings, spoke briefly of their Light interests, and gave some words of inspiration. Later in the afternoon Rev. Slattery conducted a most impressive ritual.

Dr. and Mrs. William Harrison conducted the late November Worship Service. A number of friends from Deming attended, after which there were several fellowship dinners. The Harrisons are spending the holidays in Yucatan.

It is with great pleasure that we welcomed into our midst Thelma Terrell of Maryland. She has already become a busy member of the City of the Sun, and has been beautifying her mobile home - redecorating and installing awnings, skirting and fencing. She visited a daughter and family in California through the holidays.

During a recent stay with us, Sam Stephen purchased and installed his mobile home before returning to Long Island City, New York, to culminate his business affairs there.

Olie Mae Hale's daughter, DeJuana, and Charles Jones, son-in-law, visited her from Alexandria, Virginia. We all enjoyed meeting them.

Dr. Phil Strong was again with us from California. after a trip through Utah. Being a chiropractor and reflexologist he gave us some really thorough treatments. We wanted him to stay longer, but he wanted to get back to Calif ornia for Christmas.

Eileen Schoen has been visiting her daughters and families in the San Francisco, California area during the holidays.

VIEWPOINT OF A CITY OF THE SUN RESIDENT:

I arrived at the City of the Sun on Nov. 13, following four days of driving from the Baltimore area. A sense of the Presence and Divine Protection was with me every mile of the way. I was delighted with the mobile home, purchased by faith, sight unseen. Loving hands had thoroughly cleaned it for my coming. Everything that possibly could be done in preparation for my occupancy had been done. I was deeply moved by the flow of love that greeted my arrival. Three days later when the van arrived once again love went into action. Four willing hearts and strong backs assisted the lone trucker in unloading. Since that time the days have mostly been consumed with organizing a semblence of order out of personal chaos.

The nights have become chilly since my arrival but the days remain beautiful, sunny and bright. The temperature hovers pleasantly around the upper 60's or low 70's. December in New Mexico is reminiscent of April in Maryland. I watch the carefree road runners flitting across my yard and into the field beyond. Many young cottontails hop around the yard. I have been within three feet of one, who did not run when I spoke softly in greeting. There is a reverence here for life in all forms and the little creatures do not fear. A large flock of smaller birds gather outside my kitchen window.

I have already become a thankful participant in the Thursday afternoon meditation group, and will be taking a regular turn conducting a Sunday service in December. The practice of sharing this responsibility is a fine source of expression and growth in service for those in residence here.

There were, of course, personal goals in coming to the City of the Sun. I have come for lessons and growth in cooperation in this laboratory of practical human experience. I certainly expect to find it here. Like the mighty angel of Rev. 10, we also assume that posture of one foot upon the land and one upon the sea, for does not the sea represent the depth and eternity of spiritual things.

This is not a rocking chair community. Here we must work to survive, helping one another, yet maintaining in the unity of inner levels a common dedication to the coming of the Kingdom of God on earth. Thus it is that I have come also to this place for definite spiritual experiments in cooperation with the beloved elemental kingdom and the nature spirits. In this close association with the elementals I look forward to many great happenings in my garden and orchard work in this "Findhorn" kind of spiritual adventure.

I have come also to organize a manuscript, and to become more deeply involved in art expression of new age themes. What an incredible setting this is for writing or oil painting. The atmosphere of love, the constant realization of the beloved presence of the Guardian Action all around and above us; the stillness of the desert cupped between the surrounding mountains; all combine to generate vibrations for the flow of creativity, divine love, and inspiring meditations.

Nevertheless, in all things, the needs of the community and the vision of its purpose takes precedence over personal goals. We meet our personal challenges head-on, for the good of all. I take this opportunity to send my love to many old friends around the D.C. Capitol area who are faithful readers of the Golden Dawn, and especially to that loving one who first shared her copy with me. It was that generous impulse which has ultimately led to my becoming a part of sending it forth, as one who labors here. God bless you everyone.

SONGS OF PRAISE.

Sing ye Songs of Praise, my Children. Speak ye words of Praise from thy heart.

Shout praises from thy Temple to EVERYTHING ON EARTH.
Praise Him, who guides the Planets and unto His Children who art thy brothers.
Praise His Love and it will increase. Praise His Faith as it shall be tried by Fire.

Praise His Power and it will become more powerful.
Praise Life and it will be yours.

Songs of Praise opened prison-doors of Paul and Silas.
Songs of Praise transform Humanity and lift it up where it can commune with God.

My Children, praise this day. Praise EVERYTHING that enters into thy consciousness, EVERYTHING that enters into thy presence and come before HIS PRESENCE, singing Praises.

Songs of Praise will resound through the Universe and continue on through Space.
Songs attract Songs, and Praise begets Praise, and thy own prison-doors will crumble and soon thy own burdens will be transformed.
