YOU ARE AS THE DIAMOND.

This is a little symbolic message which might give you some idea of your worth in the sight of God. You can be likened to the precious gem, the diamond.

If you were to visit a diamond mine, you probably would see nothing but ordinary earth, for diamonds in the rough state, bear little resemblance to the brilliant gems that you see in store windows or adorning someone's finger. They must be found, cut and polished before they become gems of beauty and value.

If you were to analyze the chemical properties of which a diamond is composed, they would be of little worth individually, but the slow hand of God working with these elements has molded them into the diamond. Thus it is with you. Through the steady molding and changing by God's hand, you have become what you are. God has made of you a Gem of Life. Now you must take this diamond in the rough and fashion it into a thing of beauty and brilliance.

Each of you is the diamond cutter of your own life. You alone determine what facets you will cut upon your stone. Each action and reaction will determine its brilliance, value and beauty. As the perfection of the cutting determines the value of the diamond, the value of your life is determined by what you cut into it. There are many facets which you might cut. Are you cutting the facets of love, understanding, tolerance, faithfulness, integrity, beauty, awareness, charity, gratitude and hope into your diamond? Or are you cutting the facets of hate, greed, intolerance, inharmony, distrust, fear, avarice, lust, unfaithfulness, anger and misunderstanding? It is well to ask yourself what facets you are cutting as you go through life, for the diamond will reflect EACH facet as it is cut.

A diamond is smoothed and polished by rubbing one diamond against another. This is what is happening to you in your daily relationships with your fellow men. You are constantly rubbing the diamond of your life against the diamonds of their lives, and a smoothing and polishing process is taking place. Greater beauty and luster comes forth from your life as you allow your rough edges to be smoothed off as you come into contact and understanding with your fellow men. This is life. This is why you were placed upon earth with fellow human beings, that you might each be buffed and smoothed and beautified, that your spiritual brilliance might be brought forth.

When the diamond is perfected it is placed in a setting so that its beauty might be further enhanced and displayed. Your "setting" is the Brotherhood of

Man. There you will give forth beauty and light as you become the perfect reflector of Living Love.

TODAY IS THE FIRST DAY OF THE REST OF YOUR LIFE.

My Child of Light: You have read the above maxiom and smiled about it. However, there is a great truth in the saying.

Today, now, you can begin anew. If there are things in your life you wish to change you can begin today. You cannot begin yesterday. And the future is always an unknown quantity. So, what you do today is important. What you do today can change the course of the rest of your life.

Each decision or action has a resulting reaction and thus it is what you indulge in either mentally or physically that will have its effect upon your life. If one sits idly and lets the world go by, so to speak, he can expect little in the way of reward. He is contributing nothing for himself or others. He is an empty shell with little or no substance, and sheds no radiance upon the world.

If, on the other hand, one is filled with joyous, grateful thought and seeks ways to help his fellowman and sees only the good in all situations and people he is creating a bright 'rest of his life'! Do you not see that TODAY can have a tremendous impact on the ensuing days of your life? You are where you are today because of past decisions, past actions, past contacts, etc. Each has contributed its part to making today what it is for you.

If there are habits you wish to change, begin today so that the rest of your life will benefit from the change. If there is some deep seated longing in your heart, begin today to fulfill it even if it is only to recognize it and begin to seek ways to bring it into being.

Remember, manifestation begins in the thinking process first. So what you dwell upon in your thoughts today will bring a bright future - or the reverse. It is your responsibility to make the rest of your life creative and one of service, of beauty and joy. As you do this you will be a shining light, sending out the positive rays to touch and warm the minds and hearts of your fellowmen, and thus you will be influencing the tomorrow of humanity. Never belittle yourself. You have unlimited possibilities. It is up to you to tap the unlimited supply of love, joy, power. It is all there for the taking, and the only price is your capacity to accept and utilize the Divine supply. It is yours today and it will affect the rest of your life.

Bless you as you seek to create a better tomorrow for yourself and for all mankind.

I AM THE SPIRIT OF THE FUTURE.
I AM THE I AM OF ALL MEN AND I SEEK EVER TO INSPIRE ALL TO CREATE A BEAUTIFUL FUTURE.

A NUCLEAR ATTACK IS DANGEROUS TO THE SOUL.

A question was asked us concerning a statement that was made on Page 22 of our book "1992 Cosmic Countdown" wherein it was stated, "Nuclear particles interacting with soul 'stuff' or soul vibrations cause another sort of mutation which we have to treat from our dimension. Suffice it to say, it is very disruptive to the soul's growth to encounter the full nuclear radiation resulting from global conflict." We will enlarge upon that statement. One tends to believe that the four lower bodies are separated by time and space. This is not true. What happens to the physical body during a nuclear attack directly affects the non-physical bodies as well.

Although the soul is everlasting, it can most definitely be affected by a nuclear attack upon it, and indeed any nuclear attack is an attack upon the SOUL of another - military targets notwithstanding. There are those among you now, being coached by extremely negative forces, who would like to see your lovely world destroyed. They are being encouraged to use nuclear force to damage the soul and destroy the Light of the Children of God, for they have learned the true negative side to nuclear power.

The nuclear effect, for one thing, affects the auric envelope around a person, and according to how close the person is to the blast area, it can either maim the envelope permanently or destroy it completely. There are those in the world today who, by the Grace of God, survived the terrible nuclear attack upon them during World War II, who have torn auric envelopes. And it is only by the Grace of God that they are alive today. Their destiny was to live and give evidence to the world of the horrors of nuclear attack. Normally those whose energy fields are thusly affected die in a very short period - not so much from the radiation which is, of course, poisonous to the human organism, but because the Light or Life of the person is destroyed. It is this Light - The Very Light of Very Light - which is a person's connection or life-line between dimensions. This Light or energy travels along the Golden Cord.

What is the Golden Cord? In the interior of the Silver Cord is a Golden Cord filled with a golden vital energy, vital to the person because it is this light energy descending through the cord which keeps the person alive. It might be likened to an umbilical cord from the Mother - the God Self, attached to the growing fetus - the person experiencing the third dimension. It is this energy flowing through the Silver Cord which becomes damaged and can no longer flow in the proper prescribed manner, causing what is called death in the third dimensional realm. This energy is the life blood connection, the God Energy which is pumped into the person on a daily basis which keeps him going. During nuclear attack, as we stated, it is either severed or disrupted to such a degree that the person cannot re-establish the link in time to maintain life in the physical dimension. Now, once the body physical is destroyed, the problem has only begun. The spirit is released through the Silver Cord, but not in the normal way as when the cord is snapped and withdrawn from the person.

Life is energy, regardless of what dimension the person is in. Energy can become distorted as various factors play upon it. It is this distortion, brought about by the nuclear blast and subsequent radiation which concerns us now. The distortion causes the soul to suffer inordinately. There is a warping of the life energy at several planes of consciousness which must be dealt with. It takes a great deal of care and patience to realign a soul once it has been subjected to

this ordeal. While most of our methods are not understandable to the earth plane at this time, you might say that we have to repolarize the energy fields of the soul before it can go on to its rightful domain.

The problem of nuclear affects upon the soul, the warping of the energy field around the soul, is something with which we have had to deal several times upon your planet over the past millenia. Unfortunately, those destructive rays are not unique to your planet and the affects have been felt elsewhere in the solar systems at various times.

However, once a ban was proclaimed all other planetary systems abided by the conditions set forth in the agreement, realizing the terrible damage that is done to the soul. Your planet now is the only one not in accordance with the Galactic Agreement on the use of so-called nuclear energies. We fear for your peoples. As we mentioned, we cannot interfer UNLESS there is total nuclear destruction indicated and then we interfer because the soul's purpose warrants interruption of the life form upon a planet. We cannot interrupt for anything less than a soul-threatening event, unless specifically advised to do so by your own Planetary Hierarchy.

You stand at the threshold of a new major growth cycle, when the Water Bearer becomes the sign of SPIRITUAL MAN, no longer bound by the fetters of earthly dimension, but free to roam the dimensions and worlds at will. This is part of the upcoming soul's purpose for the Planet Earth which must not be destroyed! There are those upon your planet who will do everything within their power to destroy this possibility now, in order to hold man captive to the third dimension. Little do they realize that their plan simply cannot and will not work! The growth of the planet and the humans upon it who are part of its evolutionary cycle must and will be given a chance to proceed with that evolutionary growth process. However, it is the current desperate struggle between Light and Darkness which has us ever watchful. This is the Armageddon.

What can you do to protect yourself? Remain always within the aura of your Father/Mother God. Make His Ways your ways. Rejoice in the Light and make it your own. Keep that Light around you at all times, and several times a day make the call to your God Self to strengthen and re-enforce that Light shield around you. This is a MUST! According to the amount of Light you can project around yourself, will be the amount of protection accorded to you. Those who consciously walk in the Way of the Father will be protected at all costs. We bless you for reading this message.

DEDICATED TO THE FIRST LARK OF 1982.

1. I heard your clarion call this morn
   O welcome, Harbinger of Spring,
   You who know Nature's secrets,
   With the new life it does bring.

2. You spoke right to my heart
   In tones melodic, gay.
   You gave me hope for the future.
   "The world's OK", you say.

3. Keep your message ever ringing.
   Earth needs your brightest song.
   God is still in His Heaven.
   He will conquer all wrong! mjs

OBEDIENCE

Lady Vancia speaks (CI)

As I have pointed out so many times, your Earth is an ACTION plane of existence. It is where you've chosen to project your identity, so you can learn to do the Will of the Divine Being you are at heart. So you must proceed to DO that Will if you would gain dominion over your physical affairs, and that is why OBEDIENCE is one of the most important lessons of your life. Jesus said, "In Rome, do as the Romans do." or in other words, man should obey the outer laws of the land in which he lives. If he doesn't he may end up in jail or have to pay a fine or penalty, and since your outer world is but the reflection of your "world within" this holds true concerning the Spiritual Laws of Life as well.

Failure to OBEY the leadings of your own inner voice will get you into discord and trouble. While on the other hand, listening for and CARRYING OUT the instructive part of your Divine Presence, allows you to create a Heaven on Earth in which to live, and over which you have complete control at all times.

OBEDIENCE ALWAYS PRECEDES MASTERY!

If you read about Truth from morning to night, and then fail to ACT on what you've learned - if you fail to OBEY the guidance of your own Divine Nature, you'll never reach dominion over the physical world or learn to identify yourself as a God in the flesh. "I will put my law in their inward parts." What does that mean? It means that when you listen for the guidance of your "small voice" you will know what is right for YOU, but you must OBEY that voice or all the superficicial knowledge in the world won't set you free.

If you FEEL the urge to meditate daily and FEEL guilty when you don't, you may accept that as the will of your God-Self for YOU. Many people think of "the will of God" as something unpleasant to be endured, yet NOTHING COULD BE FARTHER FROM THE TRUTH. YOU are God in human form, YOU create your world in the "image and likeness of what you consider yourself to be from moment to moment, and YOU project your personality (or additional "state of I Amness") - your "Ad-am" into outer existence there. Thus when you get still enough to BE that God-you, you'll also instruct your personal Adam what to do in order to live in health and happiness within his "Garden" of Perfection on Earth.

HOWEVER, if your "Ad-am" doesn't OBEY your commands he's in for trouble. He will find himself "turned out of Eden" - living in a "far country" like the prodigal son working with the "sweat of his brow" when he could be ruling both his inner and outer Kingdom as the Lord of all he surveys.

Gaining self control has always been one of the most important steps you have to take on your Path to Christhood. You must learn to CONCENTRATE all your efforts one pointedly, if you would gain power over the urging of the senses and have STRENGTH enough to OBEY the leadings of your own Divine Self implicitly. He who vascillates cannot excel, so learn to recognize and make up your mind to OBEY the commands. Perhaps I should even call them the "decrees" that come from within your heart. They are the unmistakable prodings of your Real Identity, and you'll instinctively know they're trying to lead you to Christhood.

NEVER WAIT to ACT on the inner advice of your Presence. OBEY IT NOW, even if you have to rearrange your outer affairs to do so. You may be sure this new order of things is for your highest good, because the leading you received is the voice of the God-you, saying this is the way I want you to do on your path to total

Mastery. Of course, I speak only to the true Initiateswho have gotten still sufficiently and KNOW the difference between the commands of their Divine Identity and the suggestions that come from the Astral Plane or from the floating thoughts of other minds. You may be sure the man who says "God said to kill someone," isn't an Initiate on the Path. He hasn't come that way, and neither have you if you aren't unmistakenly sure of what you should do, with a sense of the Great Love that's a part of your true God Nature.

The man who has programmed his soul by "getting still" and KNOWING "I Am God," in TOTAL LOVE can have the Powers of a Christ. But only he can be certain if he's reached that stage, and when he does, OBEDIENCE to that wonderful Voice of his Presence is the one thing that will lead him direct to his "ascension" over Karma, into conscious immortality. Usually the unillumined think of obedience as following the will of another. They consider it as a dog-like acceptance of the unpleasant inevitable, even when they call that other's command, "The will of God." That is why the so-called "sinner" rebells. He prefers to drown any faint urgings from his "still voice of conscious," because he instinctively feels that freedom is his birthright.

This of course, is true, but freedom can only come when YOU assume CONTROL of your life. Who is it that takes control? Not the vascillating personal you who still feels separate from your own Spiritual Nature, but the Real You, when you learn to make It the ONLY YOU there is. After all, of your outer personality you can do NOTHING, just as the Master said, yet with God, everything is possible. When you reach the point in self identification where you and the Father, your true Source of I amness are ONE AND THE SAME, you'll gladly obey the Will of the LORD because that will has become your own.

Learn to obey the DIVINE YOU, Beloved, INSTANTLY and IMPLICITLY, knowing that YOU ARE THE GOD who is doing both the instructing on the physical plane and the ACTION it involves. The will of the God-You is the most wonderful thing you could possibly imagine in your experience. "Eye hath not seen nor ear heard of the good that God HATH (ALREADY) PREPARED FOR THEM THAT LOVE HIM! A FEELING of Love means that the idea-pattern you've been entertaining has slowed down to the point where its about to become a visible thing or condition in your life. Thus, when you Love God this simply means that your God Nature is about to manifest Itself more fully thru you, and since what you think about with emotion, you BECOME, that God Nature is actually on the point of objectifying Itself to a greater degree AS YOU in the flesh.

I repeat, ALL ACTION not in OBEDIENCE to your Divine Inner Voice, creates unhappiness, inharmony and/or sickness in your body and surroundings on Earth. The God-you are is mirrored as your outer environment so you may see where you presently stand as the creative Lord of all you survey. Are you OBEYING your Divine Inner voice, or do you fail to carry thru its unmistakable commands because you are a bit lazy or because you think something is "too good to be true", or because you must be a little "strange" to think you should do thus and so without someone "out there" advising you to do it? FOLLOW your heart. This has always been thought of as advice to LOVERS and that's what it really is - ADVICE to YOU who've started to LOVE your God Identity into existence as the ONLY YOU THERE IS on Earth. Then the Divine You will be the only one who WILLS you to act in any way, as well as the only one to DO the ACTING. In total Oneness, you'll consciously manifest your limitless strength, and your Powers of God-hood will materialize accordingly. SO BE IT!

HILARION CALLS FOR UNITY.

I Am Hilarion, thy Brother of the Emerald Ray. I come that My words might be broadcast to the people who serve the Light with the manifesto of Ascended Masters who guard and guide the planet Earth. Write these words which I give unto you.

It is imperative that now at this time the persons who are connected in any way with the representatives of the Spiritual Hierarchy shall begin to come together in Oneness and in Love and Tolerance of one another in order that a great pink cloud of Love and Unity might float throughout the land and bring blessings to its people.

We look upon many divisions and many variations of the Great Truth, but We see within all and through all a great lack of cohesion and inner Oneness designed toward a bringing together of the souls who serve under many banners.

I speak to you now Beloved Ones of the New Age Understanding. I speak to those who are the Enlightened Ones. I speak to those who have found their way out from the coalitions of darkness and man-made hierarchies of bondage. I speak to Our Sons and Daughters of Wisdom and Deliverance. I call for a uniting of all those Light Beings in whatever Ray of service you find yourselves, in whatever allegiance to whomever Master or body of revelation you serve the Legions of Light.

My words ring forth to call for a setting aside of all attitudes of separateness within the fold of Our Emissaries, to unite yourselves as a great impenetrable wall of Light against the strongholds of invasion from the dark emissaries who would seek to divide you and to conquer your great Light. Take care that not one iota of interference from these shall be permitted nor tolerated within thy fold. Hold fast a stronghold of blue Light around every group, every circle, every effort extended toward the ongoing enlightenment of this day.

Let not any division be found among you. Let not imperfections of human manifestation disturb your inner peace or your great stillness within. Through these means much gain is lost, much victory is weakened by the internal striving of the personality.

This is the time when the greatest of Loves must prevail. Patience and Love must overshadow every joint undertaking, every combined effort for the hierarchal program. Cleanse yourselves of all human pettiness and lesser emotions that frustrate the actions of Love in your midst. The time has come when Love must unite you in one solidified nucleus of purity. The gates of Hell itself cannot prevail against Love in unified action within the body of our Lighted Ones.

My blessings and My benediction be upon each and everyone of you who serve the great Light. The Light of God shall not fail.

I AM HILARION OF THE EMERALD RAY.

MESSAGES FROM THE DEVAS.

Hello, my name is Minta. Although I am a gnome, I have been asked to be a spokesman for the Deva Kingdom. It greatly concerns us about the vast amount of neglect that man is showing for his environment. NEVER before will it be so important to cooperate with us in order to sustain food levels and healthful therapies from nature, as it will be from now until the end of transition. Nature is essential to be able to walk in, to balance so much of the negative forces which are building in creation. PLEASE invoke us to work with you. The forces which are rumbling throughout the physical earth frighten us for we feel rumblings in the 4th dimension which you have not yet felt in the 3rd.

We, like you, are looking forward to our graduation, but during transition we still feel sadness to see our work in many areas being destroyed before the replacements are created. Pray with us that the Golden Light fill this planet. We, too, are working hard at seeing everything filled with Love and Light.

We are one of the only forms of creations which share emotions similar to man. We do have joy, happiness, and occasional mischieviousness, but we are subject to pain and fears also.

The easiest way to reach us is through the outpouring of Love. It is the universal language. Then you will see us, feel us, and mentally communicate with us. Let us all work together again in peace and harmony with the Oneness of the Great Creator. We love each of you, and each of you who will ask for these messages have love as beautiful lights flowing from your auras onto the ground you walk upon.

Thank you,
Blessings,
Minta and all your brothers and sisters
in the Deva Kingdom.

WALK IN THE LIGHT.

I rejoice continually that God has placed such marvelous truths in our hands, that His gracious mercy has reached out to us in this day and age. There is a song of glory singing in my soul as my mind contemplates the greatness of His eternal blessings, and my eyes behold His light of divine love that sheds itself over His children in such compassionate tenderness. No child is so unimportant that it will ever be ignored who seeks for His love. No person is so deep in sin that they cannot turn to Him and be given strength and comfort and guidance. No person is so illiterate or uneducated that he cannot be taught wisdom through His Holy Spirit. There is no one who cannot ask and be given help. It is not always given in the way we expect, or as soon as we expect. But everyone who asks receives, and if it should be delayed in its coming, it will be to develop the individual's faith and power of patience. His love is so tender, so compassionate, so complete, and knowing that it is true that not even a sparrow can fall to the earth without His knowing. And with that great, all-knowing love, it is true that He waits so anxiously and so eagerly to pour out upon us His divine gifts just as fast as we are prepared to receive them. Why, if He loves so much doesn't He give us the gifts anyway, you ask? He has, only we cannot take hold of them, nor use them anymore than

a child could receive or fly an airplane that should be bequeathed to it. It is necessary for us to develop into a higher state of consciousness in order to use or take hold of the glorious gifts of our Father - but this I know, "All that the Father has is yours."

Don't let these just be words on a page. I am not just writing words. I am verifying the words of the Savior of the world, because I have proved them to be true. I have learned of His love and His nearness to His children. This also I know, there are none so deep in darkness as those who think they have all the light. It is harder for these to humble themselves before God in true prayer than for any others, and it is more difficult for them to find the Light.

As we hold to light and cast out the darkness within us, we become that light. No one can do this for us, not even God. He has poured out His great and glorious Light and Love and is continually doing so, but we have not stepped out to use it. "In it we live and move and have our beings." We were created from it. We are it, yet if we do not realize it, if we are blind to this great Light, then our lives become an increasing misery of darkness. And as given in Rev. 3 concerning the rich, ""And because thou sayest, I am rich and increased with goods and have need of nothing, and knowest not that thou art poor and wretched and miserable and blind and naked," - that is so true. Wealth may seem like a weak substitute to these greater blessings, but such a poor one that it is a shabby thing at best.

As you take hold of this as a permanent possession, your children will grow up in the Light; sickness and sorrow will never be able to reach them. This heritage of greater understanding of power is worth more than all the millions that could possibly be accumulated on earth. This heritage is an everlasting heritage of eternal glory, and all things will be added to you. All your needs will be supplied even as it is for the other creations of our Father, and your lives will be like the Three Nephites and John the Revelator.

These are truths as eternal as eternity, as real as the ground on which you stand. They are governed by law, but we must fulfill the Law. When we obey earthly laws we escape from fines, imprisonment and perhaps execution if we transgress far enough. If we obey them, we just get to be ourselves, unrestrained in personal freedom. But if we learn these higher Laws of God we receive the great and glorious blessings that go with them - not way off in eternity. When we fulfill those laws with complete understanding right here on earth, then right here on earth we receive of His fulness, or become like Him, with ourselves lifted into a higher state of vibration of Light. Again, we ourselves have to cast out the fears, the darkness and the confusion and replace them with His great and Holy Light. WE ARE GODS, and we must prove our powers to eliminate darkness. We must bring light, first to our own lives, and then to a world. Build into the souls of men vision and light and faith and understanding, and as you do, you will take them with you along this glorious Highway of Light, and before long the great enfolding Light shall be poured out without measure into your soul.

Every promise ever uttered by the Savior of the world is a challenge to every Christian upon this earth. It is your responsibility to fulfill them. You will begin to comprehend the responsibility that is yours, and glory in the power to fulfill them, thus becoming A TRUE FOLLOWER OF HIS SON JESUS CHRIST, fulfilling the laws He lived by, even as He fulfilled them. He grew from grace to grace through His obedience and love and willingness to follow the instructions given to Him by the Father. So we too must grow from grace to grace as we accept and follow the path He indicates for us to follow. ANNALEE SKARIN (Continued in Golden Dawn 67.)

THOUGHT FORMS:

Some shaped like little daggers,
Others soft-pink like a heart,
Some meant to bring one comfort
Others meant to tear apart.

On high there goes a prayer shape
Floating cross made out of Love,
One sent to bring a healing
Angel help from up above.

See one bursting like a flare
Filled form of fear and guilt,
One softly floating baby blue
Spewed by the Mind and built.

Unseen and gliding silently
Thoughts of men become a form
Seeking others consciousness
Like to like do surely swarm.

Lord, help me make creations
Thoughts filled with Love and Light,
To raise my world's vibrations
That are pleasing to Thy sight. Master "G"

HUMILITY IS THAT STATE -

Humility is that state when one reaches the depths of the heart and one recognises the fact that 'of myself I can do nothing'. At this point we are closest to our God Self Realization. We are told in the Bible that "Low is the gate',and we have to humble ourselves in order to bend under the gate and reach through to the other side. None of us can, in Truth, preach or teach another Soul anything, for every soul has ALL within the folds of its petals. Every soul has the complete pattern of Divinity within it.

We can only give of our personal experiences by sharing these with each other, maybe spark off some inner memory and in this way awaken those sleeping petals into unfoldment of some other soul.

No one, not a single soul can truly come home to His Father's House except through that low gate. We have to give in, to complete and utter surrender. How else can God take over? How else can He express Himself? We are projections of Himself - that is a fact - but unless we allow Him full rein, only a portion of Him can seek admission. He does and will mean to have His way ultimately. But how long will that be? The answer to that is it is up to us! We can attune ourselves daily, hourly dedicating every moment to the Androgyne Spirit that we are, giving ourselves in sacrifice - sacrificing that personality/ego; for then at that moment we see the Glory of God. We read, we know, we think we understand the term GOD IS LOVE, but until it is a reality, it is only an assumption; for at this point the humility strikes home and the consequent realization floods one like a tidal wave and sweeps one off ones feet. You are no longer here, there or anywhere because you are EVERYWHERE and are ALL.

AT THE CITY OF THE SUN:

The college semester break brought some visitors. Bill Van Winkle of Dallas area, studying for his doctorate in pollution control, was here several days. Also Ken and Sylvia Froscher of Bisbee, Arizona were guests for a number of days. It was pleasant to become acquainted with Eric Schultz of Albuquerque.

J. R. Spurling and family of Deming, New Mexico visited and brought with them Lyara Triton of Glendale, Arizona and her son. We were privileged to become acquainted with some of her Work there.

David and Blanche Harrison, whom we had reported as visiting this winter, decided to become residents here. They made a trip to California to bring things stored there and are now purchasing the Jones' mobile home. We are glad to have them join our little community. On April 18th they had a most successful "open house".

Our beloved Ruth Love had to go to the Mimbres Memorial Nursing Home in Deming. We are pleased to report that she is becoming stronger. Dr. Austin Love is staying in Deming most of the time.

Sarah Leonard was one of the judges for a Fire and Safety Poster Contest in Columbus. The children's work was exceptional. She was surprised to receive the door prize of a fire extinquisher.

On April 5th, 1982 the Holy Spirit led Elwood and Marge Hale here to visit his mother, Olie Mae Hale just before she heard of her son Dwight's passing away in California. Dwight was a Fremont Fifth Grade Teacher. He donated his body to the Stanford University Medical School. Survivors are wife, Lydia; da ughter, Sandra; son, Gary; mother; twin sister, DeJuana; and brothers, Elwood and Robert. While here Elwood continued his informative discourse to community member on "Communication". April 8th they left for California where Elwood would speak at the Memorial Services.

A pleasant short afternoon's visit was had with two Californians, Mildred Berger and Beverly Warren.

Helen Webber made a visit to her family in Alaska, and then Mike Webber and Helen met somewhere on the Pacific Coast and are having an extended visit with other relatives and friends as they return to the City of the Sun.

Dr. James W. Barton and Dr. Verlie H. Barton of Truth or Consequences, N.M. made a trip to Columbus to become acquainted.

Much work has been going on in several garden plots - preparing the soil, and even some planting has begun.

A good number of people have been interested in the 1982 Eclipse Dates:

May my feet walk the Path of Righteousness;
May my hands perform tasks of Christly worth;
May my mouth utter wisdom from my Christ-Self;
May my eyes perceive the Christ in my neighbor;
May I hear the Voice of my Beloved speaking words of Truth and Love;
May I live in joyous peace, being filled with the Christ Light.
And seeing all beings in myself and myself in all beings,
Thus realizing the One-ness of all Creation,
Yes, in perfect bliss, in Christ-Consciousness, I will abide.
Being One with Thee, My Cosmic Beloved, and One with all your Creation.
