Excerpts from -

THE LIGHT OF CHRIST
UNPUBLISHED MESSAGES OF ANNALEE SKARIN

"As you continue along this glorious highway of Light you will soon find that you are filled with light, and comprehend all things, and that all knowledge is within your own being.

All I can do is to assure you that the only real joy and happiness that is possible to attain is by following the light. And it is true that the letters which I have sent to you are full of Light and Joy, for we have learned what Light is and walk in it. It is no longer just beautiful - it is glorious! It is all glory! All Light! All Love! All Peace! And all Power! It is for men's use and for his glory. It is yours. Just don't be afraid. Don't doubt. "KNOW THE TRUTH AND THE TRUTH WILL MAKE YOU FREE!"

As you take time out to practice the glorious First and Great Commandment, getting the organs of your body united and united in Spirit through love, eternal and divine, then I ask that from thereon, after practicing that commandment, you begin to visualize a light pouring out from you. You will not see it at first, but you will feel it! Now, as often as you think of it, turn your attention to this inner light and with your conscious mind send it out from you to heal and bless a world. Soon you'll be able to see it with your physical eyes. And others will begin to feel it. And when one is born of the Spirit, it is this great inner divine self which steps forth into power, and the little mortal ego self is completely put aside.

The easiest way to begin to send this light forth is to sit quietly practicing that first and great commandment, unifying the whole body in love. Then as it becomes vibrating with love, transfer it into the Light and send that Light out from you. You will feel that the very strongest rays go out from the very center of your body, but seen it will be that you will actually be radiating Light from every cell of your being. Those whose vibrations are not lifted high enough to see it will not see it, but yet they will feel it.

Train yourself to hold this Light constantly and to send it out with magnified power. As you send out this love upon it, you can either direct it to an individual,

a group, or just send it out and it will reach those who are in tune with it and unite with their light, or heal those who need healing. Try to never lose consciousness of it for one moment. This is how Christ brought it forth to accomplish His works and to fulfill His destiny.

This Light of Christ is joy and song and ecstasy and glory that is unspeakable. As you hold to that ecstasy, the darkness will soon be banished forever and joy such as you have never known will be yours always. You will be cleansed from all past mistakes and prepared to be filled with Light or to receive your "Anointing of Light." Then in Moses 6:61 it informs us that QUICKENING Spirit is given to abide in us; therefore it is up to us to bring it forth. Now, as you hold yourself in that vibration of joy and glory and praise and rejoicing, what you are really doing is holding yourself in the purifying, glorifying flame to the Spirit of Almighty God, or in His quickening Spirit. This is done by your own conscious thinking. As you begin to understand that it is entirely a matter of thinking, or awareness, of understanding, all that, this tremendous power to constantly contact this glorifying Spirit of God, or the "Light of Christ" is right within you at all times.. As you begin to use it with understanding you will understand completely and forever your own responsibility and why it is necessary to cast darkness from you.

If you abide in that Light you can ask anything and have it granted. There is such unspeakable power, such dynamic breathtaking knowledge waiting for those who will only even try to believe. Then if they will hold to that belief, it will gradually develop into faith and vision -- and finally will become complete knowledge, and knowledge is POWER.

It is true that as we develop this Light and Love it attracts people to us,and it is only as we fully realize that it is not us they are reaching for, but the Light of Christ which they feel, can we progress on to higher power. That understanding is the first requisite to higher advancement. The self must be truly put aside that God can work through us, and that we give Him the glory for every step of progress we make is most essential.

Remember when we used to study so diligently that 6th chapter of John? Notice verses 37-39: "All that the Father giveth me shall come to me (that Light of Christ within) and him that cometh to me I will in no wise cast out. For I came down from heaven, not to do mine own will, but the will of Him that sent me. And this is the Father's will which hath sent me, that of all which He hath given me I should lose nothing, but should raise it up again at the last day."

(For your information: It is our intent to sometime in the future have available for distribution a "second folder" of the Unpublished Materials of Annalee Skarin. The foregoing excerpt is from a long discourse Annalee made. It would be printed in its entirety together with other important materials.)

PRAYER -

HEAVENLY MOTHER AND FATHER, as I meet here this morning in meditation, I ask You for peace and wisdom. May I view the City of the Sun, and all the world, through love-filled eyes.

I ask help in being patient, understanding, gentle, and wise in my dealing with everyone. Let me see beyond what 'seems to be' and to know others as You know them. May I behold good in everyone.

Lord, make my ears deaf to any slander told this day, to silence my thoughts to all that is unkind. Let me be so kind and full of cheer that all I meet may feel Your Presence now.

God, Infinite One, clothe me in Your beauty. Let me reveal You, Lord, through all the day. It is done now, today. I'm complete in You.

SPRING

The Eternal hope of man resides in the human heart. In the beginning is the end and as the end is the other side of the beginnigg, for in this inseparable twain rests The Eternal and the permanent earth which brought forth the temporal cycles of ever changing nature, said by some scientists to have been started by the "big bang" when all this creation began. WE MAY WONDER WHAT MAN HAS TO DO WITH ALL THIS MYSTERY AND ENIGMA OF NATURE.

Spring is here with It's promise of new life in the varied remnants of our Omnipotent Creation brought forth in all their color and glory amidst the pollutions and exploitations of man who knows not what he does. Dormant life forms are ready, and their resurrection is assured by what we see, but it is also apparent by what the eyes can not see.

But disquietly, what of man? Are human life forms ready to be resurrected? In our human elements of nature, are we ready to be transformed, or do we dare assume with human ego that man is alive in the winter? Are we no more than the animals who can become dormant and hibernate in the winter to survive. ! If man has little ability to hibernate, surely he has a far greater purpose in life, and a thinker may muse: "Is man alive and well in the summer season, and should he not be a man for all seasons?"

So let it be written, and let it be done as we go forth with the inspiration of spring to awaken fully and realize life in It's omnipotent light and glory.

Let us love all life and let us go forth in making oblations of tribute to the principles in nature that provide sustenance for our bodies.

Let us stop pollutions and murder and raping of all kingdoms that is tantamount to incest against our planet.

Let us send energy to all life forms in the earth: to the mineral kingdom that is the medium or catalyst through which the power of life flows to the plant, animal and human life forms, even to the unseen forms of life in stones and rocks from which life cometh.

Let us progress and expand to full and whole beings of Light, like the Sun, to be Suns of Light; and when the winter time of our lives comes, we do not die but live, because we are loved as we have loved.

Life springs up and it is eternal springtime.

Let there be Light!

HEAVEN'S GLOW

The world cannot fathom
Nor begin to understand
The depth and height of glory
Found in Heaven's land.
There is a certain aura -
A bright and shining glow
Found only in His Presence -
And what a joy to know!
To be in His very Presence
Within the Spirit's realm
Is to know the safe assurance
With my Master at the helm.
It is His peace He gives
That the world can never know -
A gift of Divine origin
Sent wrapped in Heaven's glow. An Earnest Pilgrim

LET IT BEGIN WITH ME

Keep the Light about you, My children. See the Light about you. Feel the Light about you. And it shall be there. For that which you believe, that which you envision, that which you know to be so, is indeed, so. My lambs, prepare. Prepare. Seek the Light. Speak the Light. Wear the Light. Share the Light. Know, know, know, always - that it is wrapped about you. See it with your mind's eye, extending far beyond your being. See it all above you. See it below you. And feel its radiance. And feel its warmth and its love. Feel its peace. And it shall be there.

Think words that please. Think joy. Think Love. Think peace. Think beauty. Think radiance. Think loveliness. When you are thinking in this way, My children, you are also thinking of ME. And you shall claim these words, and they shall be your own. For you own your thoughts, you know. The very moment that you think a thing, the very moment that you 'know' a thing, it becomes yours. And, according to its intensity, it shall become a mild passing, or it shall claim you for its own. For that which you think upon with intensity, shall become your house guest. That which you let in to your thought stream, has also moved into your heart and into your being, making its bed in your world.

Look to the Light. And when a mood of 'darkness' overtakes, do not become alarmed. Simply change your thinking. And the mood, the 'darkness' shall slip away of its own accord. Because you see, MY children, it cannot live where there is Light. It shuns the Light. It thrives upon depression, anger, fear, loneliness. All of these and more... Attune, attune, MY dear ones to Love, to Love.

And is there something in your life that causes you to see other than Love? If you are having a difficult time with a circumstance in your world, give it to ME. But how, you ask. It sounds so simple, but how? Ah, My little ones, but it is simple. THINK OF ME, and you cannot dwell in darkness. For a time, you may again and again slip back into the old thought pattern of anxiety and worry and fear, but if you persist, if you continue to think of ME whenever a negative or worrisome thought overtakes, very soon you will find that your dark thoughts and your difficult times, are becoming less and less, because you are thinking aright, again.

You see, My children, Love is like a magnet. The more that you 'think' love, the more love you will have in your heart, and the less room there will be for the darkness. And soon, you will be ABLAZE with love, so that all will see. And you will draw unto you, those who seek solace from your Light. Be a candle. Be a star. Be a flame for all to see, MY little lambs. And shine, shine, shine away, until there is naught but Light; until there is naught but Love, in your world.

Remember the song, 'And let it begin with me'? Yes, yes, MY children, it must begin ... Love must begin with you, and you, and you, until the universe is so filled with love, so ablaze with Light, as the sun...that the darkness will be no more, and peace shall reign again on earth. Be at peace, MY children. I AM with you always.

THE TRUE CROSS OF SALVATION

Seeking Pilgrim..... again I come.
Heavier grows the yoke I know
And I hear your inner cry..
I seek to answer your many "whys".

If you will make the tiresome road
Worth the price you pay each day,
Learn to "BE STILL and KNOW".
Quiet the mind, WITHIN; more STILL grow.
Then the burden of the daily load
Will transformed, transmuted be, through Grace.
For though now the pain and rocks seem like leadsome weights,
They will surely be replaced.

The gold refined, the trash thrown out
Until HIS WILL is brought about.....
With every cell of purest gold.
Yea, a refined image in a new mold
The newly-created Being will be.

When the egoistic personality "self" is crucified,
And, at long last, painfully crossed out,
The upright "I" - the true High Self, is brought about.
This is The True Cross of Salvation.
The Christed (meaning LIGHT) Self reigns then within the heart.
And with the little "self" sacrificed on the altar of the heart,
Universal, unselfish service is henceforth given.....
To the Glory of God - Throughout Eternity!

The Cross of Christ consists of the upright bar, the "I", and the horizontal bar which fluctuates as the little "self" dies. Then, the Victory of Immortality.

A Light Bearer

KNOWING IS NOT ENOUGH

My Child: There has been much emphasis on the ability to 'know.' This is fine as far as it goes but knowing is impotent unless it is followed by doing! To reap the benefits of knowing requires action whether it be mental, emotional or physical!

You say that you KNOW that there are many changes occuring on all levels. What are you doing about them? Let us explore a bit!

You KNOW that major earth changes are taking place and will continue. Are you prepared? Can you withstand them? You say that you always have in the past without doing much about it - but many have not survived!

To be prepared you should have food, water and the necessities of life. If you are unable to go to the market and buy daily or weekly supplies can you survive? Knowing and not doing may result in starvation! If nothing in your area occurs, it always gives one the sense of security to KNOW that there is plenty to weather any storm! You KNOW that monetary changes are inevitable because of the indebtedness of your government and world wide confusion regarding money. Are you prepared? Have you exchanged nonessentials for essentials? Have you become solvent? Are you debt free? Think about this and take action if possible.

You KNOW the consciousness of man is changing. Are you changing? One must become more aware of who he is and what power he has to use in changing himself and his environment. One of the ways is to create a center of peace within and to see with the eyes of understanding and love. Cease judging and criticizing for there is nothing outside of God.

This is not to say 'doomsday' but only to allow you to take stock of yourself and of your preparedness to meet life head-on. It matters not whether you experience any of this physically but the satisfaction of knowing and doing will give you the great joy of living instead of stagnation.

Life is meant to be an active ongoing experience. As one moves with Life and takes advantage of his knowingness he will not be left in the past but will be free to advance into the future with confidence. He will be prepared on all levels of his being.

Knowing is not enough. Knowing wed to action will produce positive results. It cannot be otherwise if the knowingness comes from the Divine SELF and is not just wishful thinking. There is a great difference! Be certain that your knowing is accompanied with feeling and does not waver or vacillate. Wishful thinking is transitory and changes 'with the wind' but KNOWING - true KNOWING is without question - there is depth and strength and security in it.

Beloveds, begin NOW to prepare for the days ahead and whatever they bring you will be able to face them without fear but with the joy of knowing that you are ready for whatever Life brings into your experience.

Being prepared for ANY event gives one a sense of security and freedom. Thus, we say KNOW AND DO - NOW! Time is fast running out. Each day the vibrations are changing - earth is changing and man, too, must make changes if he is to experience the 'new age' as it is called! Bless you as you prepare to KNOW and in KNOWING prepare for the future.

THE WIND OF CHANGE

The Wind of Change flows o'er the Earth
God's Spirit is its thrust.
It penetrates and separates all life;
It cannot fail - to change it must.
It blows with ever increasing might
Altering all that's in the past.
Man must act in new ways;
All negative patterns blast.
Spirit can blow as fiercely
As a twister through the land,
Turning asunder false ideas,
Old habits, actions bland.
Its movement can bring freedom
From attachments, living fears,
Cleansing self-centered ego;
Unify through forgiving tears.
When the fury of the storm is ended
Spirit can take you gently aside
Into God's safe, peaceful harbor;
There you can with Christ abide.

WE BEHOLD

We behold the Christ in you, there the love of God we see. Why? Because always we see the PERFECTION in all of you, and then we see the "miscreations" generated by your own thought forms and feelings. In other words, the PERFECTION never changes. The perfection you were in the beginning and will be again when you make your ascension and leave Earth with its piles of miscreations behind.

The difference between "sleeping souls" and you on a spiritual path is AWARENESS. You have gone beyond "appearance" and strive to exhibit the perfection you were eons of time ago at your God given creation. Now do you see why the Christ said, "Judge not according to appearances?" He knew, without a doubt, that anything manifested and accepted by mankind that was less than perfection was not true. The negative appearance was not a reality. It was an illusion. It only existed in the minds and eyes of the beholders according to their understanding of the appearance.

Thus, when the Christ healed, he simply recreated in that body the perfection that was there but covered up with fears, doubts, etc. He called forth the real, as when he "called forth Lazarus" to come back from his self-created death appearance.

Your Father-God has never left you comfortless, for as we have told you, in the left ventricle of your heart is your perfectly designed image. This is your true being. It will never leave you. It is the rising star in the soul that beckons you on. It is, subconsciously, the little voice that says, "Keep on, keeping on." You can change for the better everything in your life by simply making the following frontlets for your imaging eyes from this day forth:

"WHATEVER YOU THINK AND HOLD IN YOUR CONSCIOUSNESS AS BEING TRUE WILL MANIFEST AS A REALITY IN YOUR BODY AND AFFAIRS."

Meditate on this - look back and see how what you accepted as true created so much that is in your life that you don't want - Creations that have become disappointments and hurts. - creations you blamed others for bringing into your life sooner than point your finger to the true perpetuator - YOURSELF.

Nothing can be in your life and affairs that you have not "thought into being." You have given LIFE and REALITY to all outward manifestations by fueling them with your feelings.

Thus thoughts are only mental forms, but when you think them with feelings, these forms become filled with LIFE and return to you as a reality. You gave them permission to be a part of your life - not the alcoholic father or unfeeling mother you chose this time around who you use as your excuse for all the unhappiness manifesting in your life. They were creations from another time, another place that you needed to "go round" with to show you a facet of yourself. If you reject this - then you will meet again.

Voicing your thought forms only amplifies their power. But you can lay them to rest forever by not allowing them into your mind in the first place. As long as you still talk about an unpleasant person or happening - you are "rebirthing" it, and it is still a part of your consciousness and manifesting "reality" in your life.

Don't you see we are trying to give you the KEY to all existence? Nothing can come into your life that you have not given permission to do so. This is why you attract the same problems over and over. You have never CHANGED the "true" to no longer true for yourself.

You manifest the "rain on your parade." CHANGE THE IMAGE AND WHAT YOU DESERVE AND WANT IN YOUR LIFE FROM THIS MOMENT ON, and then truly "miracle will follow miracle and wonders will never cease." For you will be creating the reality of "nothing but the best and wonderful for me." People (this is a mind world) will try to "worm" your new apples - don't give them power to do so. No worms can spoil your apples of new life and joy unless you allow them to do it. Master "G"

MASTERY

"I, at last, have reached the Goal
And solved the mystery of my Soul;
I am that to which I prayed,
That to which I looked for aid;
I am that which I did seek,
I am my own mountain peak;

I upon creation look
As a leaf in my own book;
For I, THE ONE, "the many" make,
Of substance which from me I take;
For all is me, there are no two;
Creation is myself, all through;

What I grant unto myself,
I take down from my own shelf,
And give to me - THE ONLY ONE -
For I'M the Father and the Son.
When I want, I do but see,
My wishes coming forth in me;
For I'm the Knower, and the Known,
Ruler, Subject, and the Throne;
The "Three in One" is what I am,
Hell itself is but my dam,

Which I did put in my own stream,
When in a nightmare I did dream
"That I was not, THE ONLY ONE,"
Thus by me was pain begun,
Which ran its course till I awoke,
And found that I with me did joke,
So now that I do stand awake,
I, my throne, do wisely take,
And rule my kingdom, which is me,
A Master through Eternity."

HOW DO YOU BECOME A GOD-BEING?

You have been told that you are God-Beings. Perhaps you are striving to become the manifestation of the God-Being which you have been told that you truly are. How do you attain this? It is not obtained by physical growth. You could grow and grow in physical stature and never become spiritualized. It is the expanding activity of the consciousness which reveals to you the Truth and Reality of your own Being. IT IS ALL WITHIN YOU. The perfection of God's Divine Plan is already within you, unrevealed. It is for you to discover, and as you discover it, it takes on a manifestation which is apparent to you, and which was not apparent to you before your awareness of it. You know that you are God-Beings, but the God within you is invisible and intangible. You are bringing that God-Presence into tangibility and you are bringing it into your conscious acceptance or manifestation. You do not need to pass through other embodiments in order to attain this state of being. You need but to acknowledge your oneness with the great Creative Presence NOW! In the full acceptance and understanding of that one acknowledgement, you could become the complete manifestation of the God Pattern within you. You could, but as a rule man

chooses a more devious pathway. It is but seldom that an instantaneous manifestation takes place. I do not rule out the possibility, but I say that it is unlikely.

If you choose to be the one to be different, it is within your power to do so. It is within your power to stand forth this moment as a complete manifestation of the Divine Pattern which is now within you, which you now are, but which is not fully revealed. You have not accepted it. Therefore, you have not manifested it. It is nonetheless real. Begin now to accept the reality of your Godliness and to prepare yourself to move with the awareness of your GOD SELF through all conditions and all situations by which you may be surrounded. ARCHANGEL RAPHAEL THROUGH BROTHER EMMANUEL

4/19/84

Peace, peace, peace, peace! Let the raptures of your hearts fill the heavens. Let your hearts this day be filled with the joy that is mine. If you have eyes to see, you would behold the congregation of Beings who share this holy moment with you. This centre or vortex of light is filled to capacity with the host of souls rejoicing with the same frame of mind as yours, that the salvation of the Father may descend and engulf you all, making you solid, firm and deeply entrenched in the Spirit. I am Holy Raphael. I give you the kiss of my lips that revives, that heals, that soothes and gives life. I blaze my flame to soothe you this day and to take away the pains and sorrows in your lonely estate to which you as mortals are subjected on this plane of matter. My mission is to dispense the oil of healing to make humans whole and perfect.

LUKE 8 v 4 - 7:

We are sowers. We are commissioned to come into the midst of mortals. We come not only to this emerald green earth but soar to heights imperceptible to you as mortals with limited perception; realms you have not heard of where we contact other Beings, although more intelligent than mortals, still need us. Our mission is ordained by the Maker to expound the mysteries of life for greater awakening. Verily, verily I say unto you for eons and epochs and milleniums we have traversed this plane and others to get all people ready to accept the Truth. How many of you mortals realize that life depends on the comprehension of these Truths. Day and night mankind is exposed to cosmic secrets to know what is in store beyond this plane. Those who have ears, let them hear. The time comes when the watchman will take stock of your going in and coming out.

COLOSSIANS: 1 v 10 - 16:

You are saints in the making. You possess the qualities to graduate as saints and messengers of light. Be in that state of preparedness to accept the Truth, not as mortals but as spirit beings which was your original form in the Image of God.

GALATIANS: 3 v 1 - 9:

We carry and disseminate the Truth to people of Earth, that their spirits may grow into that which we call the Holy Spirit. Only the foolish will not accept. The faithful and anointed chosen ones accept the Truth. Because of Abraham's faith he submitted to the Will of the Father to the extent of sacrificing his only child. Have you an iota of faith; prepare to sacrifice what you have and say "I am a servant of the Light"? The faithful receive the crown and sceptre of Light.

JOB: 6 v 12 - 18:

Put your faith in Christ the Lord, for if you believe in human strength it will fail you. The fear of God is the beginning of wisdom. The obedient shall be given the key of life to live and flourish. I come to strengthen and make whole, to heal the bones that are broken, to refashion the cells to restore vitality. I take pride in this mission. Mankind derives the benefit from me to live comfortably. I, Holy Raphael, salute you with the peace of my heart. Carry the ointment of peace so that all your agonies may be dissolved.

MATTHEW 11 v 15 - 20:
Insatiable honour. This is the assessment of man; wrong assessment of things holy. Let your lives be guided by wisdom. Do not speak like the ignorant ones whose minds are shallow: For eyes have they but they see not, ears have they but they cannot hear. Their consciousness is below that of the one in the Light. Let wisdom guide your very souls.
PROVERBS 2 v 5 - 7:
It is this fear of the Lord that will make you a searcher for the knowledge of God. Without this fear you would be an empty barrel and would be led astray by false teachers and messengers who fear not His designs, precepts and commandments. I greet you again with the kiss of love together with the Holy Ones here assembled invisibly with you, paying homage to the Father.
It is peace, it is peace, it is peace,. Amen!

THOUGHTS ON DEATH

This is not only the best trip we'll ever take - we don't have to pack clothes, etc. We take our thoughts.
Really, we are packing all through our life here on this plane. How much extra are we packing? If this life is a school, and I think it is, what have I learned? What am I learning? Have I done anything to help others? What example have I shown?
Oh God, forgive me! Forgive me! - the gossip, resentments. Fill me with the Christ Light and Love.

WORDS OF CAUTION FROM HILARION

My beloved chelas, once again I come to you this evening with a Loving heart and words of Wisdom which might be termed Words of Caution.
So it is that you think you know the Truth. So it is that you see a piece of the puzzle, a picture which you have painted with your own coloring and your own brushes, in your own design, from your own point of reference. So now we have a work of art displayed for all to see, to accept or not to accept. You know well that you have adapted and modified and qualified that which you present. It is from your own innate sense of oneness that you have created what you desire to be the one Truth. So beloveds, be not caught in the glamour, a trap that will ensnare you, that when indeed the Truth does come forth, in actuality, in physical plane manifestation, that you are not disillusioned when your great foresight proves to be a distortion. There are on the earth plane no physical beings who have a grasp of that which We are to accomplish within the next few years, a very short time span indeed in the vast millenia, eons upon eons which have rolled past, whilst your waiting souls watched for your humanity to catch up with that which is preventing the manifestation of the Plan on the face of the Earth. The physical plane will be changed, and it is changing constantly, and this cannot be stopped, nor can it be accelerated by human accord. However, that which is to occur within the next decade will be of proportions which have not been recorded in recent history.
Therefore, look not to any great leader but join the Army of Light and march

on into the future, knowing that the Christ within is the only General that you need to follow, and if you look to one on the physical plane, turn and circling back upon yourself, and thus defeat the purpose to which you attain. So, chelas, hold your heads high. Modify, adapt and qualify every piece of information that comes to you. Utilize the powers of the Higher Mind and examine in the microscope of the Soul. That which is Truth WILL STAND THE TEST OF TIME. Upon these words I leave you. I bless you evermore and I fill you eternally and fully, and in the Light of your scientific investigations you shall see, and the Truth will prevail. Good night. I Am Hilarion.

AN UPDATE ON OUR PRAYERS FOR PEACE

FROM CITY OF THE SUN FOUNDATION:

Dear Friends: We have been URGED to consider the days ahead and through June, 1988 as very serious times for Planet Earth and its people. There will be a tremendous increase in geomagnetic energy. In June, 1988 Earth will be in close alignment with five other planets. This event could trigger unusual solar activity. Often, increased solar activity affects weather patterns, geophysical events and human behavior. Many people are being aware of the days coming upon us.

We feel a great "Shelter of Prayer" can be brought into manifestation starting immediately and continuing on through June of this year 1988. Many will be daily visualizing Love and Harmony and Peace for Planet Earth and Its Inhabitants. Many will be praying alone, or with others, especially regularly between June 10th and 21st.

We share this urgent message with you. It is up to you, and those about you, what response you make.

SPECIAL NOTE TO GOLDEN DAWN READERS LIVING OUTSIDE OF THE UNITED STATES:

We Airmailed special urgent material on "Praying For Peace" to dozens of Light groups and key individuals around the Earth. We are sorry we could not make it for every reader who receives the Golden Dawn. HOWEVER, KNOW that your prayers are needed after June, 1988 also. We must not stop sending the LIGHT!)

FROM THE QUARTUS FOUNDATION, P. O. Box 1768, Boerne, Texas 78006-6768:

To the people and organizations in the 82 countries/principalities/dependencies who shared their Light, Love and Spiritual Consciousness for the healing and harmonizing of Planet Earth, we say to you.....

You are the Master Builders of the New Civilization, amd your work shall not be in vain. A giant Energy Field, a massive Thought-Form has been created. A Unified Consciousness of spiritually-minded Light Workers has emerged, which is even now transmuting the negative energy and forming a critical mass of Positive Good for this world.

But we cannot be complacent. In the months left until the third Global Mind-Link on December 31, 1988, let's reach in deeply to reveal the Master Self in consciousness - and then reach out to the far corners of the Earth, at that precious moment in time, to embrace in mind the Holy Self of each Individual - forming a glorious Force Field through which a New World will be revealed.

SANANDA ASKS FOR OUR GREATER HELP:

"Yours is the Light we need. I, Sananda, NOW ask you to expand your Light and send it out to others. This Light is not your own, but it is the Christ Light being flooded thru you, the Great Presence within who does the work. I bless you."
