A CHRISTMAS CHILD

My children, we are entering into the holiness, into the beauty and the love of the Christmas season. Again, I will remind you that at this wondrous time of year upon the Earth plane, the vibratory rate is at its highest high. You can feel it. The love is all about you. And My children, you are adding to it day by day with your thoughts of love for one another, And as you go about your day thinking of others. searching for the perfect gift for your loved ones, seeing in your mind's eye, the joy upon the faces of those who receive your gift, you are expressing ME in your world. My children are of one mind, as they give of their love so freely, so generously. And it builds and builds. The momentum once begun, continues to accelerate until the joyful feeling abounds wheree'er you go. It is in the music that you hear. It is within your sight - the wreath and holly, the children laughing, gifts excitedly being wrapped, whispers of excitement, secrets, and so much more.

And My Iambs, you have indeed stepped into the New Age. You have passed beyond the portals of 'Begin'. You have stepped across the threshold of 'Now and New'. And what a wondrous time to be alive upon this your Earth plane. You are seeing history in the making, with the walls tumbling down, and the peoples' cries for freedom, the never ending quest of all mankind. Indeed, it is a miracle time, a time for rejoicing. It is a time for thanksgiving and for moving forward into the Light that shall e'er prevail, the Light that waits always, for a stray lamb, for a lost soul.

And yet, you must not 'let down your guard' as it were, for it is not finished, the battle between the darkness and the Light. Still the darkness clings. Still it tries to 'win'. Such futility. But it knows not, that soon it will be no more. You have stepped upon the other shore. You have crossed the abyss that so long stood in the way of your spiritual progress, that of duality. My children, MY soldiers of the Light, persisted, continued to view the Light, continued to walk the narrow path, to work their way toward the promised land that indeed, lies within your very heart.

Let me remind you again, My children, that as the vibratory rate increases,all that you are shall be increased. Are you joyful? Then your joy shall become more. Are you depressed and negative? Then more of the same shall be your lot. You see, the law of attraction prevails always, and it is accelerated at this time of year, this glory time of the holy Christmas season. Turn away from your problem. Transfer the energy that you have been expending upon the problem, toward the Light. Be willing to give it up, the situation that has been troubling you. Be willing to just release it, to let go of it, and to give it to ME. Now My Iambs, after you give it to Me, you must not wish for it back, thinking that perhaps I haven't heard you and that now you must again take full responsibility for it. You must KNOW that I AM taking fullcare of it for you in MY time, in MY way. Let Me decide the way and

the means. If again the problem comes to mind even though you have released it, just bless it and affirm, THIS IS IN THE FATHER'S HANDS, AND ALL IS WELL.

I must add a word of caution at this point, in regard to the situation of your Earth world this day. It is so easy, so very easy, to be "pulled down" from your glorious Christmas 'high', if you do not continue to be aligned, to be 'at one' with the Silence within you. Continue with your daily meditation, with your daily reading, with your constant vigil for negative thoughts, so that you are able to 'turn them back at the gate', allowing them not admittance into your thought world. For you see MY lambs, those of MY children who are not 'in tune', who are still entrapped in the false belief of duality, can become very 'low', for the joy is an irritant to them. They resent the happiness that they see upon the faces of those around them, because it is but another reminder of their own distress, of their own inability to be at peace. And yet, they are unwilling or unable at their point of unfoldment, to go within, to look to the 'self', to find the peace for which they so long. They continue to blame others and outer circumstances for their unhappiness, and they would like to bring others down to 'their' level. 'Misery loves company' as your saying goes, and really My children, so many times unfortunately, it is so true. SO do be on guard for this, My lambs. Bless that one if this occurs, silently of course, and see him/her surrounded in a glorious blaze of Violet Flame lovelight, one which begins far beneath the feet - and which continues on, up through the body, completely surrounding, completely enfolding that one a good distance - several feet, on all sides, and high above the head. And continue to proclaim for yourself as well as your loved ones, and others whom you wish to include in the affirmation, I AM A CHILD OF LOVE, I AM A CHRISTMAS CHILD, AND MY HEART IS FILLED WITH ALL THAT YOU ARE - FOR WE ARE ONE.

And now, My children, enjoy the holiday season. Sing My praises by offering your love to your neighbor, to your friends, to the people with whom you associate at work, to all with whom you come in contact, this glorious Christmas season. Share ME with your friends. Let them see ME shine in your countenance, in your bearing. Let them know by your actions that you are a true ambassador for the Light of Lights, for the Glory that I AM. I love you, precious lambs. You are MY own beloved. We are a fzmily, a glorious family - each child a single thread in the tapestry of life. For we are one and the same. I AM nestled in your heart. I AM so very near. Go in peace, this blessed holy season, and share My love. Wear My love. Let your light shine for all to see. Shine for ME, My Christmas star. Add your light to the multitude, to that of all the other Christmas stars, the many dedicated children of the Light - until your lights combined, become a blazing sun. Let your light shine until the world is bathed in its radiance, until there is naught but love upon the Earth. And peace shall reign once more. For truly My children, it has begun. Soon comes the Sun.

I AM Sananda, your friend, your teacher, and your brother. This is My Christmas message, My Christmas blessing to you, My precious lambs.

GIFTS WE COULD ACCEPT

You who read these words
Are 'special' don't you know?
For God loves you dearly.
How many ways He shows us so!

God will share the Christed Presence
With each devoted heart.
He knows this Presence brings enlightenment,
But also Love which will not depart.

He will share with us His Highest Energies -
His gift of tranquil Peace.
As we allow His will to be ours
Disturbing thoughts we release.

Joy is part of His Essence;
This too can be our own.
As more and more our minds pivot
And clasp His positive tone.

So with Christmas Blessings this year
Let's accept God's gifts so fine -
Christ Presence, Love, Peace, Joy
Attributes beautiful, so divine!

mjs - City of the Sun Fd.

SPECIAL PROTECTION

In the Name, through the Power and by the Word of Jesus Christ, I stand, one with my God! I am a child of the King, a child of the Almighty, an expressing, creating part of Him. So all my bodies, with the Christ of God in charge, stand whole, free and absolute, enfolded in the Christ Light, the Christ Love, the Christ Protection!

My mind is God's Sanctuary and it is holy and sacred to Him and to me. My decisions are made in the Light of Christ! I give thanks for Divine intuition, that I am aware, I know, I comprehend and understand; I see in, through and beyond all seeming appearances and know the Truth therein.

No one, seeking to work directly or through others, visible or invisible, from any plane of being, dares to influence my words or actions, knowingly or unknowingly, with any taint of darkness; or negatively influence my mind or thoughts subtly or audibly. All such, and those in back of them, who thus seek to trespass within any of my bodies, or my auras, are automatically at that moment, turned over to the Archangel Michael in the Name of Jesus Christ. So let it be done. Amen.

All who come to receive, or are brought for help, are to stand outside my auras and contact my Guardian Angels. So be it.

Amen

In the Name of the Living, Loving, Jesus Christ, I give thanks and praise to God.

Amen

THE GIFT OF ACKNOWLEDGEMENT

From time to time City of the Sun residents give in suggestions of ideas which could well be used in the Golden Dawn. One of our residents has felt "The 'Gift' of Acknowledgement" holds great value for all of us. Her attention was called to this by Van R. Ault.

"This is a treasure you can give yourself and others. Your capacity to acknowledge beauty in your life enables you to richly experience it, and to carry its presence with you every step of your journey. When you share the 'Gift of Acknowledgement' you take a stand for the best you are, and can become, and you support others in being the best they can. Everyone gains. Acknowledgement is a way of looking deeply into the core of a thing calling forth innate and intelligent action into the situation. It is a stimulating catalyst.

"When you give 'Acknowledgement' you focus your awareness on what has true value - within yourself, within others, within nature, within anything you can observe and perceive.

"For example, when you honor the positive influence another person has upon you, you strengthen your ability to be touched powerfully. (You accept 'your' good.) You also enlarge another's vision when you 'acknowledge' their gift of mastership in some field or situation. When you 'acknowledge' the ability of others (or they of you) empowerment comes as a result for others or ourselves.

"Acknowledgement" is a most important item in groups. Sometimes it is just listening without inserting your ideas. It is an 'acknowledgement' that their ideas are important. Then 'acknowledgement' is helpful when you listen with a non-judgmental attitude. It helps others to 'acknowledge' their growth or efforts.

"Perhaps silently 'acknowledging' the presence before you and sending light and love can be most effective of all. You can send this to your own presence in a mirror, or send these gifts by thought to a part of your body. You can give it to your friends, family, co-workers, pets, the stranger on the street, the environment and planet. No one else has to know you're even doing anything. But you will know, and the impact will be felt.

"If everybody took the time and energy to use 'acknowledgement' imagine the change in the quality of life, strengthening of values, and the heightened morale that could take place. This transformation begins within you in the use of "your attention."

A SUGGESTION WHICH COULD HELP WHEN YOU GO THROUGH DESPERATE TIMES:

"A couple of years ago during a dark and hard part of my life I started a "Dear God Letter of Gratitude" to take my thoughts off the situation.

"It's interesting when you focus your attention on this what you are grateful for. (Surprise!) On most difficult days I would have 3 or 4 letters written and sealed and put on my desk.

"Sometimes things seem so awful it's hard to find anything to be grateful for! But start with family, grass, trees, animals, water, food; grateful you aren't going through what another is, etc. You will be surprised at how much you can write.

"Another way of looking at a glass (situation in your life) - is it half full or half empty?

"In my opinion, the Dear God Letter of Gratitude won't hurt you, and it might help. Try it out. Good luck."

MAN THE ADEPT

by Solaris

CHAPTER 2 - IN SEARCH OF THE ABSOLUTE SELF

In order then to return to the Absolute, Man travels the Route to HIS OWN ABSOLUTE SELF. Evolution supplies that understanding which is the beginning of all real attainment.

So the search for the ABSOLUTE SELF first becomes a conscious then a consciously-controlled search.

A man may take hold of the reins of his destiny by commencing to deal ONLY IN LOVING POSITIVES. It is thus he first determines and later arrives at his own ABSOLUTE NATURE.

Initially, this requires much discipline, self-tolerance and deliberate effort. Later, these grow more intensified; but after sufficient positivity of thought impresses itself upon the HUMAN HEART, then it is a comparitively short journey to Awareness of the Real, for one is then sufficiently enlightened TO USE POSITIVITY OF FEELING.

This refinement of the individual returns him to Soul-Conscious Love WHICH OF ALL THINGS IS THE REALEST OF THE REAL. Here in the Unconceptual Universe of Love reside the Spit of Man the Absolute. He could never reach this Homecoming by intellect, which is a mortal jewel. The knowing of all things resides in the human soul; it is this which must be held in consciousness for Man to return to Angelhood.

Many feel that to replace negative thought with positive thought is merely self-deceit. Yet, by such disciplines of mind healing occurs. Never give in again to doubt; expect to achieve, and be tolerant until effort is followed by reward. THE POWER OF THOUGHT CAN ACCOMPLISH ALL THINGS. Consider them THE LIMITLESS POWER OF THE HUMAN SOUL ITSELF.

In your world where once strong personslities ruled the destinies of many, the New Age influence in power will encourage the coming into command of the highly evolved human soul. That soul will be a true representative of the higher realms and will speed the reunification of the earth-peoples into a world-wide community at one in the highest concept of loving service to the Brotherhood of Man.

It is, then, when POSITIVITY REACHES THE FEELINGS OF THE INDIVIDUAL that he is empowered to organize his own soul - for modern man has long since lost the art of direct solar contact. POSITIVITY OF FEELING WILL BRING HIM BACK INTO THAT CONSCIOUS CONTACT AND HE WILL THEN FEEL AND KNOW HIS OWN REALNESS ONCE MORE.

Strength of mind brings strength of heart; strength of heart reveals the soul itself. THIS is the pilgrimage, the ascent, the exodus of the human spirit from bondage to truly enfranchised existence.

Man is seeking now not the divided world of the sexes BUT HIS OWN WHOLENESS OF PERSON. The loveless philosophy which has shackled him to the wheel of commerce is crumbling as the spirit within urgently presses for fuller Self-Expression. Then be discriminating in that which you choose to think FOR YOU AND ONLY YOU ARE THE SELECTOR. Thought is living spiritual food and unless it is wholesome and good should not be assimilated. Begin to plant spiritual seed-ideas. This is how ideals take shape in your matter-world.

Walk arm-in-arm with Love; be on equal terms in your heart-of-hearts. Thus you do not only listen to the voice of mortal reasoning but to the Voice of Sublime Understanding. Yet if you have not first attended to the quality of a PEACE IN THE MIND, all too often the door of the heart-of-hearts seemeth shut. Now you may see why PEACE, THE GREAT EQUALIZER AND STABILIZER is a very important POSITIVE OF THOUGHT. Only by its use can you truly begin to feel POSITIVE IN HEART.

How then to bring PEACE OF MIND into the level of the feelings? Simply BY REITERATION; for if you are sincere in your labours FEELINGS RESPOND TO THOUGHT AS SURELY AS NIGHT FOLLOWS DAY.

Be strong. Be sure. Be POSITIVE in your affirmations. Picture yourself in perfection; state the picture in words; live it in action and NEVER LOOK BACK. Keep

your focus firmly on your IDEAL SELF and you cannot help but attain. It may take every ounce of intelligent effort to bring about the metamorphoses you are seeking. Do not despair. Go on with quiet assurance and resolution. You are working in harmony with POSITIVE BENEFICIENT CREATIVITY. You are treading in the Footsteps of the First Creator. This is SELF-EVOLUTION, the royal road to True Self-Realization, and you now are right on course.

Mind begins the control over matter BUT IT IS THE FEELING RESPONSES WHICH COMPLETE ITS COMMAND. Therefore command your bodily atoms to the attainment of stillness and perfection. Sweep out the old cobwebs of negativity once and for all. Thus you will know true clarity of thought and action.

Why bow to the negations of disease and senile decay? The perrenial spirit within - the life-being - never withers, never tarnishes, IS YOUTH IN ITS VERY EXPRESSION OF LOVELINESS.

Once more I urge: THINK GOLDENLY. THIS IS THE RAY OF CREATIVITY. Use it wisely and it will serve you well. Remember that in the highest register CONTENT PRECEDES CREATIVITY which achieves renewed health and wellbeing.

As vital assertions of renewed wellbeing flow through the mind, PEACE is quietly thus maintained even though pain may still be fading from the body. Continue the health-producing process by FEELING those healthy affirmations flowing through the body.

You do not have to be a member of the medical profession to know where your pain is. Direct the power of reconstruction through into the distressed area. Picture the glow of health taking over from discomfort; the glow becoming a sweet relieving warmth as the body-atoms are nourished by the nursing rays of POSITIVE LOVE pouring down through your entire system.

What is here described is a real but largely dominant force in Man. Wake it up and put it to work for you and you will cease to need and begin to enjoy.

Life is meant to be enjoyed IN EACH MOMENT AS IT OCCURS. Use your God-given gift of time to grow in wisdom, strength and True Self-Realization. It is a priceless gift of the Most High.

Know too that you are bound on a Journey of Self-Completion. All pass along this road. There is no spiritual wholeness until this fundamental solar Journey is fully accomplished.

Man has been content to be ruled by the lower self too long. It has made higher aspiration more difficult for him. But true to his divine nature, he is beginning to feel the stirrings within him of his deepest self desiring to arise and accomplish that which God has given him to do.

What use are the Keys of the Kingdom if Man does not desire to use them? Then let him begin to unlock the doors that lead to the realization of his ancient yet ageless spirit.

Let him feast on the good things of Love and leave the rest behind. Divine food sustains the spiritual body. Without this, Man eventually falls sick. But let him feast and not only the spirit but all his bodies return to pristine wholeness.

PAUSE - AND BE THANKFUL

GRATITUDE

Kay E. Meyer

One of the quickest ways to 'loose' the God Powers locked within each heart is by a deep, sincere and profound feeling of GRATITUDE for Life and the many, many blessings you now enjoy. You will be surprised to find how 'rich' you are if you will take the time to enumerate ALL the good that is now in your world. Gratitude causes the thing you are grateful for to expand and double its blessings to you, that where there was only one blessing, your Gratitude makes two!

Gratitude is really a stream of energy going forth from you with a blessing. Since all life desires to be loved, your Gratitude causes more and more of the Intelligence in all life to RUSH to you to be blessed by your Gratitude and temporarily relieved from the pressure of discord they have been under. Lack of Gratitude for the good now experienced, has prevented many a door to open for earnest students and releasing the abundance of good which they desired and expected. THERE IS NO SUBSTITUTE FOR GRATITUDE AND LOVE!

from "I AM" That "I AM"

So often in our busy lives we are carried along through the days with our responsibilities and the demands placed upon us by ourselves and others around us that we lose the perspective of a very important and necessary part of our lives - to give thanks - to be grateful for all things in our lives, both the blessings and the challenges.

We remember to give thanks for obvious things in our lives - the things that may not occur on a frequent basis. They get our attention. But, in reality, all parts of our life expression are avenues for Gratitude to be given. All good in our lives is the return to us of positive energy we have released through a previous experience and all challenges in our lives are the results of negative energies we have released in some previous time that returns, to be loved free. It is vital we accept our returning negative energy with Gratitude, which will release it from those bonds and allow that part of our energy to be lifted up and continue as additional Blessings to us.

A grateful Heart will view every aspect of our lives with a new sense of Joy, a new sense of Expectancy and, certainly, the Good multiplies and multiplies. The abundance of God will flow to us in ways and through means we would never expect, for the Ways of God's Blessings are never ending.

With an open Heart, make a list of the multitudinous blessings you have, from the seeming smallest to the greatest. Each day, add another, and as you express your Gratitude, you will experience a whole new awakening, healing and expansion into new dimensions of Fulfillment and Joy.

Blessings and Love to You!

SHARED BY "A FRIEND" -

Sometimes the things that seem to hurt us the most
are the very things that bring out the best in us.
They are the struggles that help us discover
the faith we thought we'd lost -
the strength we didn't know we had -
the courage to let go of the past and begin again -
Because challenges help us to see who we really are,
where we want to go, and what our lives can be
if only we have faith, and keep on trying.

STAY UNIFIED AND HARMONIZED IN L I G H T

Beloved Suns of LIGHT - There are so many lessons yet for each of you to learn as you travel, day by day, cycle by cycle, on the Path that leads to Eternal LIGHT. Approach each day with vitality, with enthusiasm. Look forward to each learning experience, and look forward as well to each assignment given to you. This Journey of Life can be a very fulfilling Journey and even the 'bitter' moments can be 'sweetened' by the Love you share with others.

I AM your constant Companion, My Suns, and through the joys and the sadnesses I 'walk' with you. I AM your glorified SELF, ever plowing with Divine Light, so have no fears. Be courageous at all times, and when conditions seem most troublesome, look WITHIN and there you will find ME!

A Joyous Season is near approaching in your world. Soon it will be the time of the Winter Solstice when many cultures celebrate special Holidays. The Jews, the Hindus, the Christians - all have special joyous celebrations to honor special people and special festivals. We applaud these practises because they serve a wonderful, uplifting purpose which is to raise the Spirits of the people. Enjoy the celebrations - sing songs of praise and joy - exchange simple and loving gifts - communicate with colorful cards and warm letters - feast on special foods - yes, My Suns, take time to be happy and a little frivolous - and especially be warm and loving to all Beings. Give extra attention too tothe many in your society who have much sadness and poverty in their lives. And respect wholly one another's cultures bearing in mind that the SAME GOD (LIGHT) cares for ALL of you. You are Sparks of the Universal GOD-LIGHT, each with your own unique personality, each with your own intellect, each with your own talent, each with your own understanding of "GOD". But one thing you share: GOD'S UNDYING L O V E.

My Suns, your world (and other worlds as well) is made up of a 'chain' of people, all vibrantly created in the Image of LIGHT - all with spiritual capabilities- all with diversities in their personalities, in their appearance - yet each connected together by the SAME Divine Energy. If you will you can be a circle of PURE LIGHT radiating your Special Glow through your individual concepts and personality. There is a wholeness and Oneness about you, Beloved One. You are equally treasured by the Divine One - Father-Mother-God-LIGHT. Keep the Chain of Humanity constant and steady as you recognize the beauty there is in diversity. This is a Uni-versal Chain - united by the ONE Energy (GOD-Love) that flows through each of you. For too, too long there has been separation: each group and culture declaring its superiority over the others! This has been a deplorable affair and the very reason for so much turmoil in your world. Whenever a chain is broken it becomes unmanageable and tangled. This is . . somewhat the state of the Universal Chain of Humanity. We are speaking of. It is past time for ALL of you to begin the task of rejoining the links - of keeping the Circle of LIGHT unified and harmonized. Shirk NOT your responsibility. Become a Unified Whole again!!

Let Me tell you, Suns of LIGHT, that there really is NO cultural and Spiritual differences. TRUTH I S ! But expressions of the same Truth may differ. For example, each one sees 'God' in different ways. Some have a mental picture that 'sees' God in humanized form; another sees God as Energy and Light; still another experiences God in every facet of Nature - trees, flowers, moon, sun, little creatures; and there are the ones who 'see' God in ONE ANOTHER! And there are the ones who incorporate all these expressions in their belief system. There are no 'wrongs' or 'rights' here. However, one conceives God-LIGHT is perfectly acceptable. Beloved please do not become entrapped by dogma of one form or another. BE NATURAL and completely content with your own concepts - and permit others the same privileges.

Concentrate your Energies on Loving, Harmonizing, Unifying, Peacemaking and Purifying. In this way you can re-link yourselves, becoming a strong and effective

Agent of LIGHT on Planet Earth. NOTHING, no N O T H I N G can be more Blessed!

I...AM...THAT...I...AM...Light-Love-Life of the U N I V E R S E.

WORSHIP THE ANCIENT GODDESS

She has been called Gaia, Mother Nature, Queen of Heaven, Mother of God, Mistress of the House of Life, the Creatress, Divine Ancestress, Mighty Lady.

Known by many names, venerated by ancient humankind in many forms, the Goddess is actually this Blessed Mother Earth which sustains us all. Extensive new research by Marija Gimbutas, Riane Eisler, et al. shows that neolithic cultures created much of human civilization.

Agriculture, animal husbandry, pottery, weaving, city-planning, architecture, and the gamut of core technologies that shape human life to this day developed before 3000B.C. Abstract values of justice and goverance, the invention of writing and the wheel, aesthetics of art, dance, music and religious ritual all evolved in Goddess-worshipping societies. Excavation of their settlements show towns undefended by walls. Values such as nurturance, cooperation and partnership with the Earth were central.

But in the 35 centuries ending circa 500 AD, nomadic invaders swept down upon these life-affirming cultures. They appropriated both the civilizations they found and the Goddess Herself as the spouse of their warlike God. Principles of dominance, sex inequality, class status, warfare and consumeristic exploitation of Earth which so influence our world today date from this relatively recent imbalancing cycle of history.

Carl Jung and Joseph Cambell have shown that it is our myth, ritual and symbols that must change before our culture can rebalance. Images of the generous and loving Goddess direct our consciousness toward cooperating with and loving rather than destroying the Earth.

From the depths of antiquity the Goddess has been depicted in 3 forms (virgin, matron, crone), always associated with birds, beasts, serpents, flowering plants

and other symbols of fertility and birth connoting harmony with Mother Earth. May we return Her regenerative symbol to the center of our lives.

AT THE CITY OF THE SUN:

Mary Strange and daughter, Bess, of Wheatland, Wyoming visited and became members. Recently they visited and chose a lot for their new home.

On July 27 our community building was the setting for a wonderful fellowship dinner given by Dr. Verlie Barton and Lester Jackson, both of whom were celebrating birthdays. Enjoying the occasion were guests from Columbus, Deming, City of the Sun.

Marilyn W. had a visit from her friend, Cindy Stead, who now lives in Portland, Oregon. Having a week to catch up on the past 4 yrs. found much laughing and sharing. She returned to her '9 to 5' life with the idea she will return as she loved the desert, mountains, quiet and heat. Cindy was surprised that everyone here is so sharing of their knowledge. Thanks, Cindy, and return soon.

Dora Hinson of Durham, North Carolina was an enjoyable guest at City of Sun for several days. Her friend, David Lebold, was here from Guatemala. On Aug. 7th David returned to his 'soup kitchen' project in Guatemala.

An 8 day visit from Dian Buehler of Rio Rancho, New Mexico, was enjoyed by Marilyn Whitehead. Dian is a well known Reader and Metaphysical Counsellor. Her talents were surely used by members and friends of City of Sun during her visit.

Peter Lechner of New York visited with the Bartons over July 4th.

July 27 was Fund Raising Day for the Emergency Ambulance Unit for the Village of Columbus. Our Dr. Jim Barton won a splendid First Place trophy for bicycling the course in the Senior Citizen Division. He did not disappoint his 26 sponsors who had each donated $10.00 to the Emergency Unit.

Emily Baca of Sandia Pueblo, New Mexico, spent the weekend with Marilyn. She was so glad to be able to attend one of the regular colorful musical affairs of song and dance held in Palomas, Old Mexico.

One of our new members, Ronald Istre, has been visiting and getting acquainted here. He left words for us:

"Dear Loved Souls: It is time to delight. Your prayers have been answered. The Creator has heard your cries; and is allowing the City of the Sun to be a servant.

"Your Spiritual needs are being met. The City of the Sun is sending the Creator's Healing Light to everyone and everything on the planet.

"If you wish to be a participant all you need do is close your eyes and be still. This is going on every day for 15 minutes at 4:00 o'clock (Mountain Standard Time) Columbus, New Mexico, U.S.A. This is a prayer that will help you change your world within, without:

"To my Wonderful Father -

"Thank You, Father, for this day and everything in it.
Thank You, Father, for the Blessings and Miracles we receive from You this day.
Thank You, Father, for Forgiving us.
We pray to Thee, Father, in the Spirit of the Christ, Your Son, our Lord. Amen.

Your Friend, Ronnie"

Several of our City of the Sun residents enjoyed little trips to northern New Mexico, Arizona and Texas.

SPECIAL NOTICE TO THE PERSON (OR PERSONS) CONTEMPLATING BECOMING MEMBER(S) OF THE CITY OF THE SUN FOUNDATION:

A part of becoming a member and living here at the City of the Sun is taken care of by paying a Community Development Donation. Rev. Taylor began with the required sum of $500.00. Later it was raised to $600.00, and the past several years has been $800.00. It seems necessary at this time to make another upward

adjustment. A just decision is trying to be made. By January 1, 1992, a new figure should be decided upon.

Those who are paying off their Community Development Donation at the present $800.00 rate will, of course, continue to do so.

Also, it should be stated that the sum suggested is only a "basic" figure and it is always appreciated when people give a larger sum. Quite a few have done this over the years and it has helped the Foundation.

The next Golden Dawn issue should state more on this. Thank you.
