"It is proven that a person who is technically trained in Scientology is much more able to handle work and personnel than an untrained individual." -L.R.H.

The Value of Training

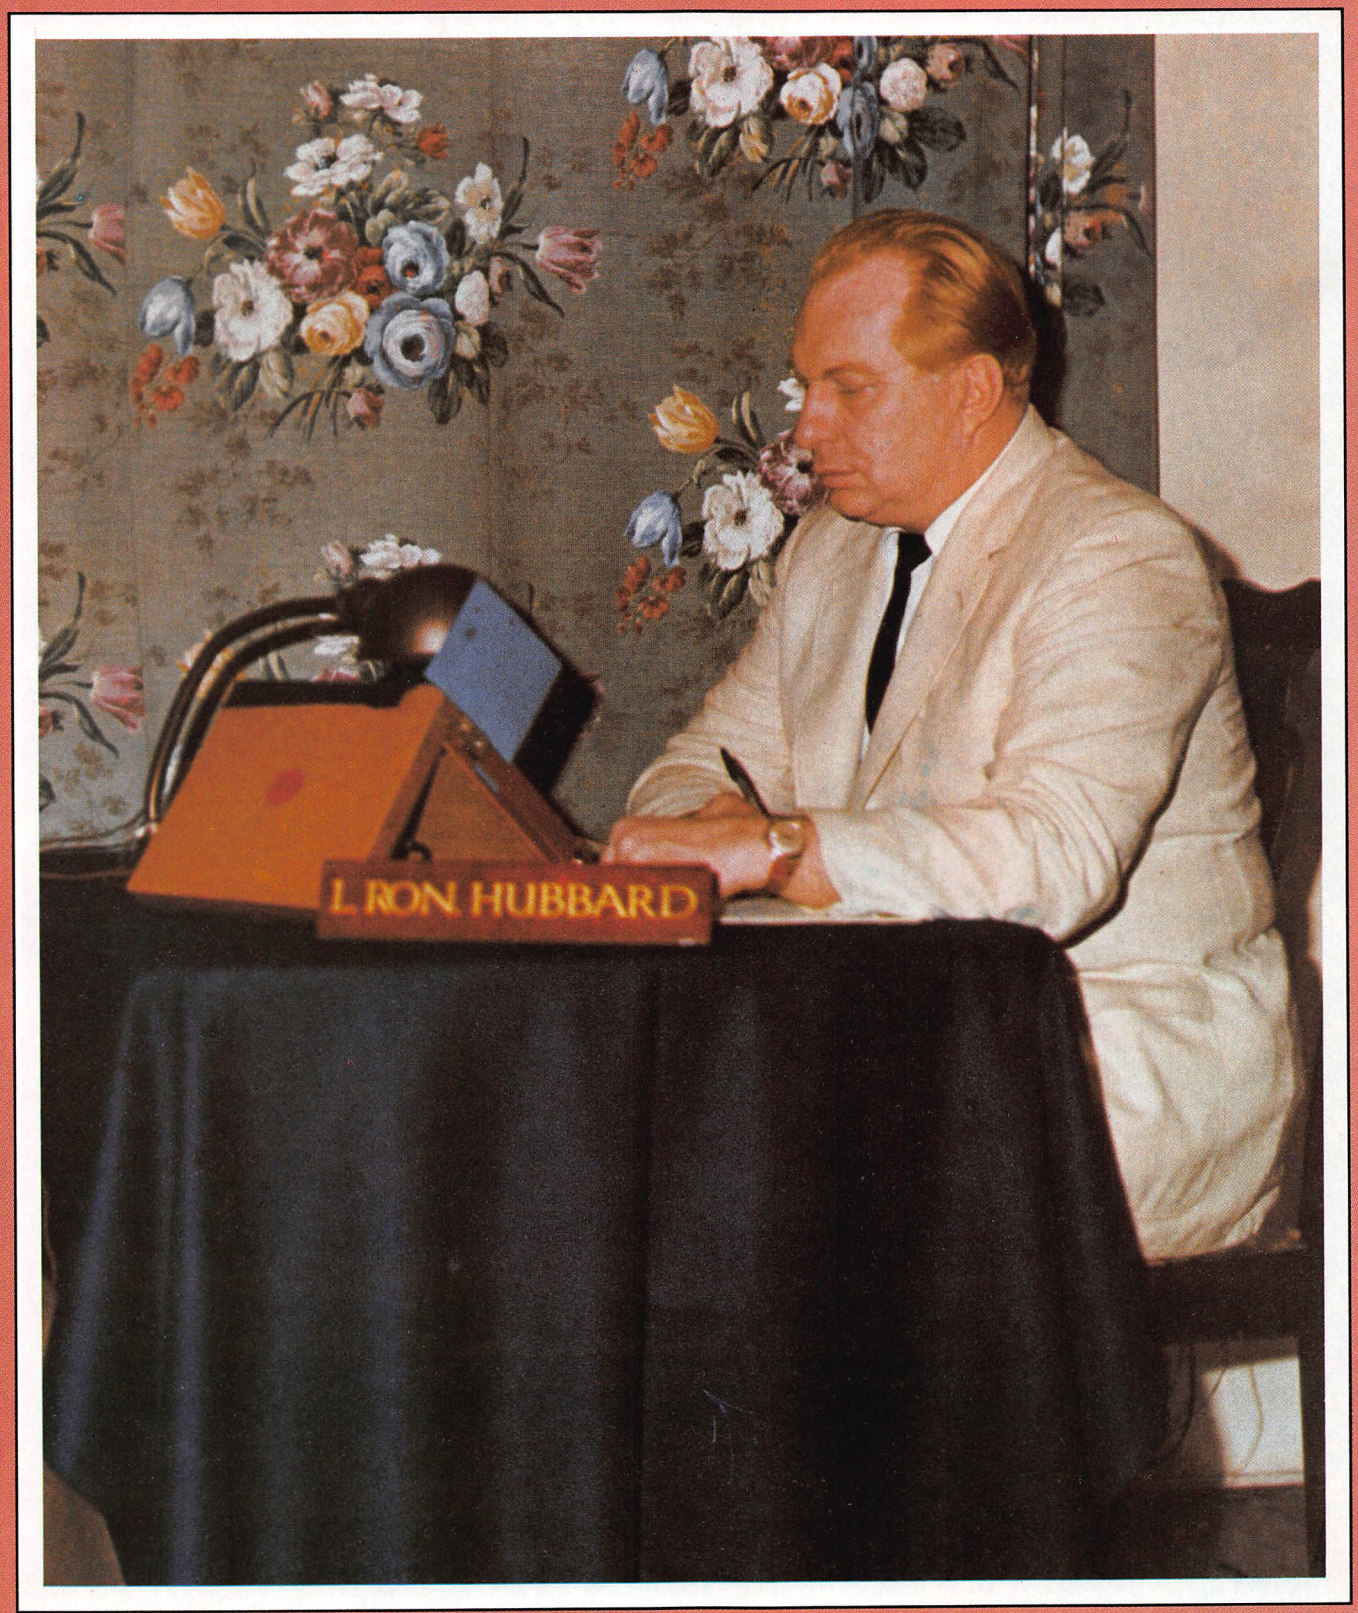

by L. Ron Hubbard

The third dynamic called education, when engaged upon the installation of false or imagined premises, can be quite aberrative. The only right we have to train in Dianetics is that we are training people in things which they already know. The principles and axioms of Dianetics and Scientology are considerations which have been agreed upon and out of which stem this universe and livingness. To train a person in these trains him only to handle this universe and livingness, therefore Dianetics and Scientology training are non-aberrative. On the contrary, thorough training in Dianetics and Scientology is in itself a road to Clear.

Training in Dianetics and Scientology contains no thought for explaining to some student how Dianetics and Scientology fit into some other frame of reference. By straightly teaching him Dianetics and Scientology, he will come at last to see that they do not fit into any other frame of reference but other things fit into their frame of reference.

A great many things in Dianetics and Scientology have been said before. Indeed, everything in Dianetics and Scientology has been directly and actively postulated by the person being trained at some point in the past. It would be odd instead if these points then did not echo or harmonize with other teachings elsewhere. It should be understood by the student that all things proceed from postulates and that these postulates go from simplicities to complexities. Therefore, it would be surprising if Tibetan Lamaism did not contain some of the data of Dianetics and Scientology. By working entirely with the data which is simplest and earliest, one does the odd thing with Dianetics and Scientology of taking these new, freshly born sciences and undercutting any older philosophy. If these are not found to do this in some field of human experience, then it simply means we will have to do some more studying. But before we, in the development of Dianetics and Scientology, do more studying, we should be very sure that we know enough Dianetics and Scientology to apply them to this apparently random field.

Dianetics and Scientology contain several logics which are very important to training. These are actually the logics of education. Calling your attention to one of these, it will be seen that the evaluation of the importance of a datum is often more important than the datum itself. The datum

FOUNDER

found in Dianetics and/or Scientology may also be found in other philosophic works. But hold on for a moment. Did the other philosophic work give an evaluation of the importance of the datum or did it give dozens of other data as having equal rank? This point is mentioned here because it is often overlooked by students. Scientology, for instance, has some abrupt, sharp things to say about time. Indeed, time could be said to be the single source of human aberration. The hunger for a number of incidents to occur simultaneously will in itself cause people to jam their time tracks. These people, of course, are not aware of the amount of incidents and as a result jam many adventures into present time with a consequent disability of differentiation.

Now it will be seen that in many philosophies time is covered exhaustively. Time is given many definitions. Time is given chapters and volumes but nowhere in those chapters and volumes does the philosopher place his finger squarely upon the two or three important data which are most important about time. He ranks these data with all of the other data and so loses them in an ocean of drops of water, all the drops looking the same as all the other drops. Thus, truth becomes submerged in an ocean of outflow. Dianetics and Scientology are more parsimonious. They are more incisive, they are more thoroughly evaluated. The two or three data which concern time ARE the data from which all other data about time flow.

FUNDAMENTALS CLARIFY OTHER DATA

Thus, when a student is taught a datum, he is taught it with the understanding that it will clarify many other later and more complicated data. Thus, he is taught the simple datum thoroughly. Thus he is taught fundamentals far more thoroughly than he believes necessary. The work in the development of Dianetics and Scientology has been the culling of truth from an ocean of fact and finding that the truth has a tiny group of data possessed of the overwhelming power of changing all other facts in this universe and in livingness.

This is the power of Dianetics and Scientology: that by stressing single, simple truths, they eliminate oceans of mere data. Thus in training we concentrate solidly and continually upon these small truths and we are impatient with excursions until we have established these fundamentals as fundamentals with our students.

RELATION TO CLEARING AND O.T.

My struggle has not been to Clear people. My struggle has been to get other people to bring people to Clear and O.T. Now that we can do that, we've got this planet licked. The lid's off. There's no limit on the following road. We have arrived and it may take some people in Scientology a long time to fully realize it. To grasp exactly what this means for this planet takes quite a bit of looking at.

Three-quarters of Asia became civilized just because a few guys hoped that somebody might sooner or later be able to attain the state of Clear. Three-quarters of Asia. Now what are you sitting with and what do you suppose is going to happen from here? That's why it is a little hard to confront this thing. What we have in Scientology is a technology which is sufficiently powerful, sufficiently big and overwhelming that it actually defies description.

Let's face the reality of this thing. The world confronts several crises. Man's inhumanity to Man is gaining monuments daily. The time to bring a chaos under control is well before it has begun. We're slightly late as it is. Brutally, there is no other organization on Earth that can slow these crises down. Factually there is no other know-how on Earth that can plumb the problems of Man. So we had better get busy.

PAST CIVILIZATIONS FAILED

This is no alarmist statement, you know. We are the people who can confront it. Past civilizations

have vanished, you see. The Chaldean, Babylonian, Egyptian, Chinese, Hindu, Greek, Roman, European – they did vanish. And it was when those societies looked richest that they had already started down. Like this one.

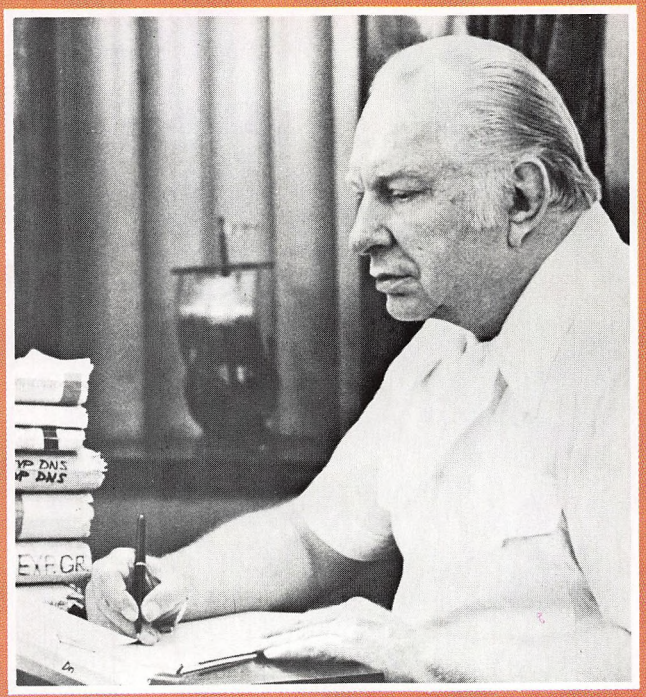

They all failed because they had no know-how about Man. They all dived under from ignorance. Wisdom, real wisdom, could have salvaged any of them. Wisdom can salvage this one. Wisdom held by the many, not one wise man.

We are in a position now to handle our environment smoothly, largely and well. We have moved into the future for which we have been striving. We have the Tech.

By Tech is meant technology, referring, of course, to the application of the precise scientific drills and processes of Scientology. Technology means the methods of application of an art or science as opposed to mere knowledge of the science or art itself. One could know all about the theory of motor cars and the science of building them and the art of designing them and still not be able to build, plan or drive one. The practices of building, planning or driving a motor car are quite different from the theory, science and art of motor cars.

TECH IMPLIES USE

Now Tech implies USE. There is a wide gap between mere knowledge and the application of that knowledge. A skilled auditor knows not only Scientology but how to apply the technology to self, preclears and life. An auditor is a Scientologist who can apply Scientology. Thus the technology of Scientology is its actual application to oneself, a preclear or the situations one encounters in life.

It is proven that a person who is technically trained in Scientology is much more able to handle work and personnel than an untrained individual. How can people handle life if they have no expert knowledge of how to handle life? A housewife who does not have professional level skill in Scientology could not expect to run a wholly successful family or keep order in her neighbourhood and keep her family well. A factory foreman could not possibly handle his crews with full effectiveness without training in Scientology skills. The personal assistant to a corporation executive could not do a fully effective job without being a trained Scientologist. A corporation president without a certificate will someday fail.

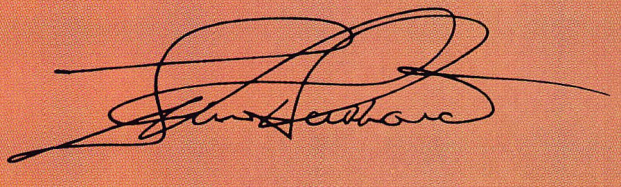

TODAY'S CAUSE POINT

If you think that a trained Scientologist is someone who only audits then you have a very limited view of Scientology. The trained Scientologist is today's Cause point in an embattled world. The factories, the marts of trade, the homes, the neighbourhoods, these are the places we want trained Scientologists applying Scientology technology. In that way alone we're on the busy, still healthy communication lines of the world. If we avoid the throbbing communication lines of the world we will not win soon enough as a group. We want companies functioning better to produce a better civilization. We want races becoming sane and stable assets to their communities. We want neighbourhoods smoothing out.

APPLICATION

So get on the active lines of the world and make your presence felt. It takes training to do it. It takes the application of our technology.

I know what the society needs. I know what the society responds to. I've got the data. You and I can do the job which must be done. We have the technology and we can do it now. We have been to some degree searching, all of us. Now we can settle down, learn what is known and start applying.

PEOPLE
BEING TRAINED AT FLAG

Marion Fumento:
OT VII, Class VIII Auditor

Marion has just completed the Class VIII Course at Flag and she is the Senior C/S at Stevens Creek Mission in California; she has been on staff there since 1973.

Marion got into Scientology in 1968 by reading *Dianetics: The Modern Science of Mental Health.* She has been training at the Flag Land Base for 2 months now; future plans are to return to Flag for the Class VI Internship, Class VIII Internship and HSST Course and Internship.

Marion says: "I have been C/Sing now for a year and a half without the benefit of this course. I can say now, without any doubt, my job is going to be a lot easier. What it has handled for me is any tendency to get 'off the rails' and Q & A with 'phenomena' or 'differences' in cases. It's done just what it's supposed to do – it's put in the basics so well that pure simplicity is the result."

Barbara Hodgdon:
OT VII, Class VI Auditor

Barbara is currently doing the Executive Director Hat and receiving NED for OTs auditing at Flag. She is a Management Consultant in Washington, D.C., and frequently travels coast to coast: three of her clients are television networks. She uses Scientology Administrative Technology to help improve and expand their Organizations.

She got into Scientology in 1957 by reading *Dianetics '55.* She left her job at the time (TV announcer) to move to Washington, D.C., and do the HCA Course under L. Ron Hubbard.

Here's what Barbara has to say about doing courses and getting auditing at the Flag Land Base:

"I don't know what I would have done without training since 1957! You need to apply the tech in your everyday life – people MUST MUST at least be trained up to Level 0."

"I would like to take 5 years off just to study . . . to know all the administrative technology and help others to apply it, and eventually get back to auditing again."

Paul Jaconello:
OT III, Class IV Auditor

Paul is a Medical Doctor by profession; he has done a lot of work in the area of PR – radio shows on Dianetics, hospital lectures, etc. He has started a Dianetic Information Group in Canada and is a member of the Citizen's Commission for Human Rights.

He is currently receiving NED for OTs auditing at the Flag Land Base and has just completed the *Problems of Work* Checksheet here. He says: "It was incredible doing this course . . . auditing is one thing but having the tools to handle life is definitely a must! These Mini Courses are *incredible,* especially when you're getting auditing at Flag; it keeps you in touch with the tech. Training gives you the tools to handle life!!"

Paul plans to expand all his dynamics by getting training here at Flag. He is also opening a new medical clinic with two other Scientology doctors. He plans to get Dianetics applied by doctors in the medical field in Canada, and do a LOT of FSMing to get more people into Scientology.

FLAG INTERNSHIPS

The crown is a symbol of pre-eminence and an internship done at Flag will put you in that position. Ron stated in his 1971 lecture, "Welcome to the Flag Internships": "What is the essential difference is an expectancy that the session will be flawless and flubless as an operating norm, and that it is always this way, never any other way." This is applied to the full on the Flag Internships.

Nothing less will enable you to see your tech or admin efforts crowned with success. Flag Internships might not be too easy, but when you graduate from a Flag Internship you'll know you've really made it, with 100% certainty on your ability to apply Ron's technology. You have 100% certainty, too, that the crown of pre-eminence is yours to wear. (See page 20 for addresses and who to write.) **Contact the Flag Registrar today!**

Get real results from training: The Flag Training Services

Why would you as a seeker of technical perfection want to come to Flag for attaining such an acme of a standard? Because Flag is the mecca for training.

As Ron has continued his technical researches and developments over the past 12 years, Flag Technical and Qualifications Divisions have assisted him as the "testing ground" for piloting and researches.

Of course it takes a very high standard of technical application, and an environment free of distractions, to test a new course or auditing action. Thus, early on, it was vital that a corps of razor sharp, highly skilled course supervisors, interne supervisors, auditors and Technical and Qual Divisions were trained and interned to flawless and flubless technical competence.

It didn't take long for word of mouth to spread the news to the rest of the Scientology world. As early as 1970 Flag's incredibly high standards were known to Scientologists.

Soon, Scientologists – especially auditors who wanted to get real results from training, who desired to achieve certainty that standard Tech works every time, who wanted to achieve perfection in their tech – were trampling a trail to Flag's door to experience and attain the phenomenal wins and abilities Flag Tech Training delivers.

The pilgrimages to this mecca continue today. The seekers come in droves, (see page 17 on Flag's expansion) knowing that when they come away that they'll have gained absolute confidence in their ability to get results routinely and a clearer viewpoint on the exact application of Scientology technology.

Here then, for you as a seeker of technical perfection, is the fabulous tech training line up found at Flag, the mecca of training.

What Ron says about The Flag Land Base

The Flag Ship Org

The FSO is beginning its third year at the Flag Land Base in Clearwater, Florida. The FSO was several years afloat and has a long tradition as the top training and processing org of the world. Its quarters in the posh Fort Harrison Resort Hotel still carry its distinctly nautical flavor.

Flag is the top Tech org of the world and if they can't do it, nobody can.

What you pay for at Flag is the most expert C/Sing for the best Rundowns by the best auditors in the world.

Its services are:

1. All levels and Rundowns, NED, CLASS IV, CLASS VI, CLASS VIII and all AO services (in its new Division 4A) as listed above [in Ron's Journal 30[1]] are delivered at Flag. (Super Power will be delivered to the staff first and eventually to the public.) (Flag lower org services cost more mainly because they are even more expert and faster than they are in lower orgs and because the service is highly personalized.)

*-** 2. FULL CASE RESOLUTION. It is always the fate of the top level org of the world to inherit the rough and "unsolvable" cases. Flag runs on the basis of results or else so far as their tech stuff is concerned. The words "failed case" do not exist on Flag. Therefore they have Rundowns and handlings to untangle the most tangled and get it going again. (Flag gets easy cases too. In fact they get some of the easiest and fastest cases in the world because such people have a way of making it through to the top.)

*-** 3. INTEGRITY PROCESSING. These are a series of processes which result in a vastly improved performance in the area addressed.

* 4. STUDENT BOOSTER RUNDOWN. This is a specialty on Flag which also trains the executives of orgs and has to have a fast study remedy. It is also given to business executives so that they can absorb effortlessly and with greater speed the vast quantities of data that pass across an executive's desk.

5. DIANETIC DEBUG AND REPAIR. Those who couldn't handle and run engrams or have trouble in Dianetics find this a successful way to start winning with Dianetics or NED.

*-** 6. OT LEVEL DEBUG AND REPAIR. This is the full repair and resolution of any difficulties a pre-OT may have encountered due to solo auditing errors on any solo level.

7. NEW VITALITY RUNDOWN (NVRD). This was also called the "Special Rundown" when it was being developed in '75 and I trained a group of auditors on it at Flag. It has never been exported from Flag. It handled cases that had not progressed well due to suppression or other factors.

8. POWER REPAIR AND COMPLETION TO FULL EP. Given in those rare cases where a pc has not made it on Power.

*-** 9. L-10. This is the first of the famous Ls ("L" is just the technical designation). The Ls are at Flag only. They are not grades in themselves but incredible boosters that can be delivered at any point after a completed DRD and Expanded Grades. The Ls are audited by Class X, XI and XII auditors who are the most highly trained on the planet.

*-** 10. L-11. The next step from L-10.

*-** 11. L-12. When I was C/Sing the Ls I would never let a pre-OT leave the ship unless he'd gone exterior with full perceptions and was able to maintain it.

†-** 12. NED FOR OTs. Flag was the place where all the NED for OT auditors were trained. When its new AO Division 4A was opened just before Christmas even other hotels in town had to be booked to take care of the OTs arriving for their NED for OTs. The sensation caused over the world rivalled the original landing of Flag in Florida. They considered it a Christmas present and it was.

13. ALL AO LEVELS.

14. OT VIII.

Flag teaches a large variety of courses for auditors and is the place where top auditors go to become fully proficient in all classes.

Administrative courses at Flag are much sought after by top executives in businesses and other walks of life. It is a mark of considerable distinction to be known as a graduate of a Flag Executive Briefing Course.

In all, Flag teaches 69 courses which are fitted for the special requirements of the Flag clientele.

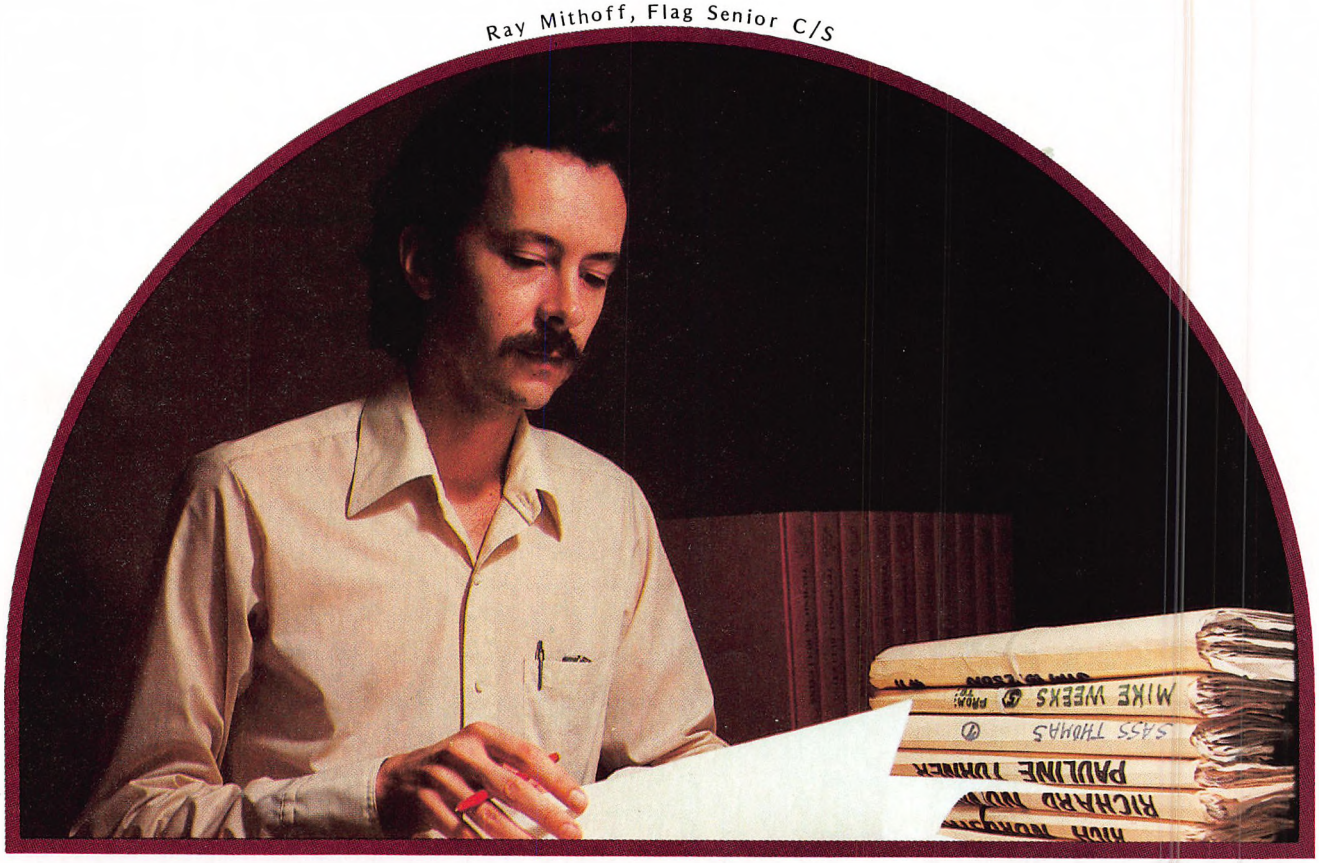

The International Training Org, for org personnel only, is also located at Flag and org staffs who are lucky enough to be selected to it are trained for executive positions in orgs. It received a new expansion at the end of '78 and was put under the command of one of the Sea Org's most veteran Officers.

USE THE BEST CASE SUPERVISORS IN THE WORLD TO SPEED YOUR TIME TO O.T.

Flag Individual Case Analysis is the technical step to isolate the exact bugs, if any, on the case and determine exactly what needs to be done in what sequence on the case for maximum result in the shortest possible time.

It is an extensive investigation of the case in all its technical aspects to deduce and establish the most beneficial route for the pc or pre-OT to greatly speed his or her progress up the Bridge.

The Flag Individual Case Analysis speeds up processing tremendously. It eliminates wasted time in processing. You save time, get faster service and attain your goals sooner.

This service can be begun before the pc or pre-OT arrives at Flag as long as all his case folders are at Flag. It is optimum therefore that the folders arrive before you do, so that the Flag investigation can be carried out in advance. This also saves you time at Flag.

Any person who has had auditing and who intends to have further auditing at Flag may send his folders to Flag for this service and have Flag experts thoroughly investigate his case and program its handling to OT.

This is especially of value to anyone who is bogged in any way but is of tremendous value to anyone who wants to get to OT fast.

Anyone coming to Flag can take advantage of and use the best case supervisors in the world to speed their time to OT.

With astuteness and skill, our Flag case supervisors solve every case in no time at all.

MIGHTIER THAN APOLLO

YOU CAN BECOME A NED FOR OTs AUDITOR AT FLAG

Mightier than Apollo, a New Era Dianetics for OTs auditor is a powerful and causative being. Apollo had power in the sea, sky and earth. A NED for OTs auditor has the power to help another being become cause over Life. Truely a god-like ability.

The Advanced Course Specialist Course here at Flag is where one becomes a NED for OTs auditor (Advanced Course Specialist).

Gain certainty that anything in this universe can be handled. Something Apollo didn't have.

Applications are now being accepted at Flag for Scientologists who are Class IV auditors and OT III or above (or can quickly become so) who want to be part of this elite auditing team.

Apply to: The NED for OTs team, Flag Land Base, Post Office Box 23751, Tampa, Florida 33623.

"The auditing was superb, the gains were beyond belief and I feel more expanded and OT than my wildest dreams."

The DYNAMIC L's Successes

This processing was absolutely the greatest thing that I have ever done. The auditing was superb, the gains were beyond belief and I feel more expanded and OT than my wildest dreams. I wish to sincerely thank my auditor, who is truly an accomplished expert. My thanks and appreciation go out to Ron for his many years of hard work against impossible odds which made this very powerful process possible.

– B.T.

This was the most high powered auditing to date. I feel a calmness I thought I may never experience. I have immense affinity and admiration towards others and a much greater understanding of life. My body has life and vitality I had forgotten could exist. I feel very free. I love my auditor and all those beings who aided me in achieving this goal. Special affinity towards my Tech Pages. Thank you LRH. I love you!

– S.M.

The L-10 really gives everything it promises, and it gives so much more. It is really an incredible and powerful Rundown. I feel very Clear now and ready for big actions. Now I do not see any stops ahead, only the stops I would create, but now it is not any longer necessary to stop myself. With all the ethics in, there is just one very powerful way ahead. The Native State was quite an extra win and it fits very well with the other wins of the List. The tech of this rundown is really incredible. Nothing can escape. I want to thank Ron, my auditor and all others who helped me to become free and to be myself again.

– R.H.

L-10 does everything that it is claimed to do. I can vouch for this because I started it about 15 months ago, had such wins on what I did then, that I left it and have just finished it off. And in the past 15 months my doingness has increased 100%. For instance, my husband and I got a very successful group going in Karachi, Pakistan, something we'd only talked about before. Now this time I've taken a completely new viewpoint of important parts of my life in P.T. and they are great, so I know I am going to keep on winning forever!

– N.B.

I feel cleaner than I have ever felt before. This rundown has really been something. Native State, Static, Clear OT and No Case; all in one rundown! This L-10 has been a demo for me of what the word marvel means. L-10 was a lot more than I expected. I've said good-bye to a previous "me" and start now, anew, as the real *me.* Thanks to the Tech and Qual crew, my auditor, the FSO and most of all to Ron.

– E.T.

WOW!!! L-12 turned out to be a fascinating experience. I was reluctant to take L-12 for a couple of reasons, but am very pleased that I re-considered because I am now in much better condition for *ANYTHING.* I feel much more: 1. CLEAR 2. CLEAN 3. AT CAUSE 4. HEALTHY 5. RELAXED. Thanks again *everyone.* Love,

– G.C.

It really addresses the Thetan. I would look at something, cognite and then the charge would blow, not only in my universe but also in others. I would actually open up the comm between another terminal. It is completely in the Theta universe. It's just amazing, the power of a thetan to change at will, to communicate freely. Thanks to my auditor and all who have helped, and much love and thanks to Ron.

– J.F.

I am now a reinforced stable being with the ability to do whatever I want, capable of handling anything and everything well. A nice state to be in. Thanks to all that helped.

– L.P.

I am glad to have done this L. A lot has happened; I've had many cognitions. I now feel much more overt in my approach to life. If I see something needs to be done, I just do it without holding back and then being on a withhold for not doing it. It's nice to handle life totally in P.T. with no charge from earlier similars to confuse and stick the incident.

My thanks go to Ron for this incredible tech. And to all the staff, and to my auditor for his flubless auditing.

– G.L.

The DYNAMIC Flag Rundowns

L-10

With L-10 you burst forth with a sudden release of power and energy. Brighter than a Nova flashing out in the sky, you become a real powerhouse across all dynamics, able to operate at a whole new level of action.

As one being who completed this level put it: "I'm anxious to get back to work and produce like ten men. I sort of feel like there's a mountain of dynamite in me that is just begging to explode. Now all I have to do is channel that potential energy along the dynamics to increase survival for all I can – that's where tech comes in." – D.P.

You regain all your power to do what you intend to do, and unlike a Nova, the ability won't fade.

L-11

The winter of the ages comes to a final close for you with L-11. You bloom as a being with the vigor and vitality of spring plants. Failed postulates fade into the past and you are able to postulate with reality on anything you want to do.

As with the emergence of spring many beautiful surprises are in store for you on this rundown. One person who completed it found that: "It's like a continuous win, an ability to confront, a kind of permanent TR-0 with and toward Life." – J.G.

And another that: "This is really a new Life. A new Life, not only meaning 'new' as the normal definition for it. This is really NEW." – G.G.

L-12

A great and mighty tree has no comparison with the total certainty and unshakability as a being which L-12 delivers to you. It causes more change at a higher rate than any other auditing. It lifts you far above the tree tops in no time at all, and gives more wins than a tree has branches.

People who've done this rundown say such things as:

"The wins I have received from L-12 are beyond anything I had imagined possible!" – B.L.

"I know I can hold any position in space in my own universe under all conditions. I know I have the potential of holding my position in the physical universe and in the other fellow's universe. L-12 has given me certainty in any universe. Nothing can stop me now." – P.I.

Prerequisites: Grade IV Expanded, not in the Non-Interference Zone (R6EW to OT III), or incomplete on any major action. To ensure full gains on L's, preparatory auditing is usual. This varies in length, but 12½ to 25 hours is average at regular Flag HGC auditing rates. Donations for each L-Rundown: The first 25 hours (minimum) is $7,500. Further hours if needed are $3,750 per 12½ hour intensive. **Buy now! Contact the Registrar today!** (Or contact your Flag Service Consultant at the FOLO.) Addresses on pg. 20.

(NOTE: All donations for services at Flag are subject to 6% increase monthly per LRHED 284-6 INT, commencing at midnight, July 31, 1979.)

SPECTACULAR RESULTS from NED for OT's

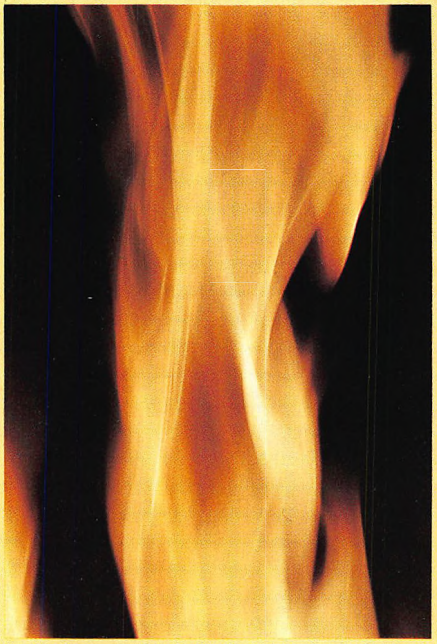

I love life. I am life. I am me.
— C.B.

My space is clear and clean, and life looks to me the way it does to a kid on the first day of summer vacation. The rundown handled somatics, problems, PTS-ness, unwanted attitudes of long duration, etc., etc., etc.. The true simplicity of life is very evident — it IS a game, with all that implies, and I am at cause over this great game. I look forward to being joined by many causative players. The promise of Book One is fulfilled — Clear CAN be obtained for all dynamics, with this very special NEW ERA DIANETICS FOR OT's!! Thank you Ron, more than words can express.
— J.S.

For many long millenia we have been players of this game called "life" either as knowing players or as "pawns". The game has dwindled and diminished in our eyes until it has become a travesty, a mote of what "life" really is, and yet "life" has always been there, just as big as one could HAVE it!

On NED for OTs I have found again the game in all its essence, through finding myself.

All previous case levels and states of being I had conceived of have been dwarfed next to the result of this level! All superlatives fail for the very good reason that it is completely impossible to describe in significances a state without significance. Thank you LRH.
— W.B.

"The second wall of fire"

Vistas are endless! So clean, so peaceful, so exciting — Thank you Ron, thank you Tech Services and crew! The Flag Land Base is my new home! I AM!! My adventure continues on from this rundown — I've never had more fun nor worked harder — nor have I ever been more willing to work so hard and do so thorough a job of it. What I have done, each person should have the extreme joy of doing. I have achieved so much I could write a book that would go on and on in praise of this fantastic phenomenal level. Never did I ever dream of the realities I now have. If this side of the Bridge is 50% of the gains and the training side the other 50% — whew. Anything is possible.
— M.G.

This level for me is where life has become understood. So I know that I am Cause Over Life.

Thank you Ron for life with ability and experience.
— G.S.

I'm free!!!! At last I'm free!! Thank you Ron for all you have given us. This is what I knew Scientology promised through all the sixteen years since I first read *Dianetics: The Modern Science of Mental Health* and saw the phrase: "May you never be the same again." The promise has been kept.
— G.Y.

These gains (to operate without and outside of mest, and to Be, freely) are the most exhilarating and — so far — the most desirable that I have ever achieved in Scientology (seventeen years) and opened up a new reality of existence beyond that of the human race, and for which I have been reaching for a very long time.

I thank Ron for the incredible research — it's *incredible* research — it's incomprehensible to me how he does it!
— N.D.S.

I have discovered what knowingness is — as myself and as a viewpoint.

This means I can project my knowingness into any area I choose to have a viewpoint — so it isn't only looking.

Thanks Ron — this is the furthest I've been on the road to O.T.
— B.D.

Flag Continues to *EXPAND*

to Meet the Demand for it's Services

Flag has just acquired new luxurious first class living accomodations for its guests. (Picture above)

This exciting addition to the Flag Land Base is just five minutes walk from the Fort Harrison. It is situated on the water's edge, overlooking the beautiful Gulf of Mexico. There are 101 spacious suites and rooms with every luxury and comfort.

The building is fully air conditioned and set in with a large lovely garden, swimming pool and a children's pool. A large and attractive park is across the street. Free tennis courts are nearby for day and night play.

The beautiful, very well appointed restaurant has an incredible view of the Gulf.

Reservations are being accepted for accomodations now, and it is recommended that you don't delay.

Looking over the acquisitions of property at the Flag Land Base in just the first half of this year, it is remarkable how rapidly the Base is expanding.

Early this year a large, almost new Quality Inn was aquired in Clearwater to increase staff living quarters. In May a very attractive three story office building in downtown Clearwater was bought to provide additional office space for Flag's administrative functions. At the end of June another large and relatively new motel, just a few minutes walk from the Fort Harrison, was procured for additional staff quarters.

Flag is expanding rapidly and will continue to do so, always with the comfort of its guests first in mind. With these newest luxurious accommodations, Flag has progressed another step forward in that direction.

Flag is now delivering over 2300 well done auditing hours every week in its four HGCs. This does not include Solo hours in the Flag AO or the auditing of staff (which is several hundred more).

On Sunday, 29 April, a second HGC for NED for OTs was opened. This was the culmination of weeks of training of staff, preparing the premises of the new HGC and setting up all the lines and administrative functions.

It was an exciting event. An Open House was held in the new HGC the day before the opening ceremony on Sunday morning. Auditors then took their pre-OTs off to session and the new HGC was operating.

A third NED for OTs HGC is scheduled to open in July.

At the rapidly expanding Flag Land Base you have a tough dedicated organization to serve you, with a staff you can trust to handle any situation.

Be in an environment that makes winning easy. Come to the Flag Land Base now.

THE SOLUTION TO INFLATION FLAG SERVICE ORG

This goes into effect midnight 31 July 1979.

Due to the current rate of inflation and to enable the FSO (Flag Service Org) to continue to deliver the superlative service they are renowned for, FSO services will increase 6 percent of the requested donation per month.

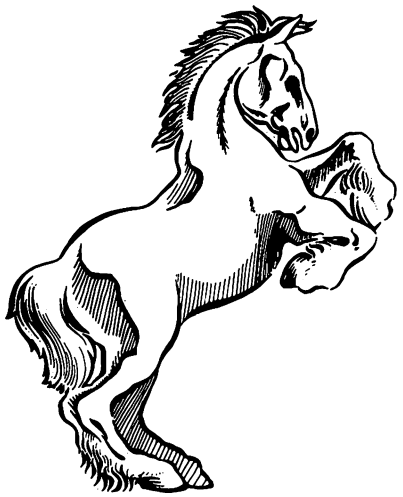

This does not include Dianetic and Scientology books, course packs and other materials, including meters which, as stated in LRH ED 284-5 will continue to increase at the rate of 10 percent per month.

This means that on midnight on the last day of each month the expected donations for FSO services will increase 6% over the past month.

This will enable the Flag Service Org to expand its facilities so it can meet the growing demand it currently has for its services.
