It's Grand!!

How Electricity Cures

Startling Results in Cases of Neurasthenia, Rheumatic Troubles, Indigestion, and Complaints of the Liver, Kidneys and Bowels.

It's grand, magnificent, marvellous to feel well and strong again after being ill an l ailing—after feeling run down, nervous, depressed, and unable to take your full pleasure out of life.

It is the experience of a lifetime when you feel your heart's blood coursing its exhilarating streams through the once weakened veins and arteries. It is a joy of joys to feel the nerves strong and steady, and to notice the crisp firmness of the muscles that once were flabby and weak. And yet it is an experience every sufferer may enjoy. The secret is in one word—ELECTRICITY—kind Nature's one infallible remedy, and the greatest power to cure in the world.

There is no bar to your full enjoyment of its benefits. It is no system for the rich alone, but one that all may freely and confidently adopt. Science has shown nothing more marvellous than the victory of Electric treatment over such terribly painful and harassing illnesses as Rheumatism, Gout, Sciatica, Lumbago; than the splendid rebuilding of weakened nerves in cases of Debility, Neurasthenia, Neuralgia. Nervous Dyspepsia, Lack of Confidence; than the renewal to strength of the digestive system in cases of Indigestion, Kidney, Liver and Bowel complaints.

The method is as easy and certain as it is convenient. All you need do is to put on an "Ajax" battery for an hour each day. You can do this while re ting, and as you sit in your comfortable chair or recline on the couch it is delightful to feel the mysterious, soothing, healing and strengthening power ci culating through your system in a beautifully soft flood.

You will be surprised and delighted beyond measure by the wonderful stimulating effect of the "Ajax" Body Battery, and to realise the real and permanent manner in which your ailments are cured.

GIVEN FREE.

Send us your name and address, and we will post you Free our Illustrated Book which tells all about it—how it cures and what it costs. This book is illustrated, and explains many things you should know regarding human ailments. Special booklets for Ladies and Gentlemen—please specify which is required when writing. **Write to-day if you cannot call for Free Advice and Demonstration.**

More Things in Heaven and Earth.

By ROBERT BLATCHFORD.

This book is a temperate answer to the usual arguments against Spiritualism. The Author, a life-long materialist, explains why, through personal experience and the careful study of the experiences of others, he came to abandon his materialist belief and to accept the theory of human survival of death. He analyses closely the evidence with which he was personally confronted, and leaves his readers to draw their own conclusions.

NEW BOOK BY SIR OLIVER LODGE.

ETHER AND REALITY.

THE MANY FUNCTIONS OF THE ETHER OF SPACE

Sir Oliver Lodge expounds in a popular manner the functions of the Ether of Space, and emphasises its importance in the understanding of the physical Universe. We are beginning to surmise that matter is actually composed of ether, and that the obvious difference between the two things is due to different kinds of intrinsic motion. The distinguished author further hints that Life and Mind make use of the ether. This book may be regarded as the continuation of a famous book of last century, "The Unseen Universe," by Professors Tait and Balfour Stewart.

It's Grand!!

How Electricity Cures

Startling Results in Cases of Neurasthenia, Rheumatic Troubles, Indigestion, and Complaints of the Liver, Kidneys and Bowels.

It's grand, magnificent, marvellous to feel well and strong again after being ill and ailing—after feeling run down, nervous, depressed, and unable to take your full pleasure out of life.

It is the experience of a lifetime when you feel your heart's blood coursing its exhilarating streams through the once weakened veins and arteries. It is a joy of joys to feel the nerves strong and steady, and to notice the crisp firmness of the muscles that once were flabby and weak. And yet it is an experience every sufferer may enjoy. The secret is in one word—ELECTRICITY—kind Nature's one infallible remedy, and the greatest power to cure in the world.

There is no bar to your full enjoyment of its benefits. It is no system for the rich alone, but one that all may freely and confidently adopt. Science has shown nothing more marvellous than the victory of Electric treatment over such terribly painful and harassing illnesses as Rheumatism, Gout, Sciatica, Lumbago; than the splendid rebuilding of weakened nerves in cases of Debility, Neurasthenia, Neuralgia. Nervous Dyspepsia, Lack of Confidence; than the renewal to strength of the digestive system in cases of Indigestion, Kidney, Liver and Bowel complaints.

The method is as easy and certain as it is convenient. All you need do is to put on an "Ajax" battery for an hour each day. You can do this while reading, and as you sit in your comfortable chair or recline on the couch it is delightful to feel the mysterious, soothing, healing and strengthening power circulating through your system in a beautifully soft flood.

You will be surprised and delighted beyond measure by the wonderful stimulating effect of the "Ajax" Body Battery, and to realise the real and permanent manner in which your ailments are cured.

GIVEN FREE.

Send us your name and address, and we will post you Free our Illustrated Book which tells all about it—how it cures and what it costs. This book is illustrated, and explains many things you should know regarding human ailments. Special booklets for Ladies and Gentlemen—please specify which is required when writing. **Write to-day if you cannot call for Free Advice and Demonstration.**

More Things in Heaven and Earth.

By ROBERT BLATCHFORD.

This book is a temperate answer to the usual arguments against Spiritualism. The Author, a life-long materialist, explains why, through personal experience and the careful study of the experiences of others, he came to abandon his materialist belief and to accept the theory of human survival of death. He analyses closely the evidence with which he was personally confronted, and leaves his readers to draw their own conclusions.

NEW BOOK BY SIR OLIVER LODGE.

ETHER AND REALITY.

THE MANY FUNCTIONS OF THE ETHER OF SPACE

Sir Oliver Lodge expounds in a popular manner the functions of the Ether of Space, and emphasises its importance in the understanding of the physical Universe. We are beginning to surmise that matter is actually composed of ether, and that the obvious difference between the two things is due to different kinds of intrinsic motion. The distinguished author further hints that Life and Mind make use of the ether. This book may be regarded as the continuation of a famous book of last century, "The Unseen Universe," by Professors Tait and Balfour Stewart.
